The bite of a genetically altered spider granted high-school student Peter Parker incredible arachnid-like powers! When a burglar killed his beloved Uncle Ben, a grief-stricken Peter vowed to use his amazing abilities to protect his fellow man. He learned the invaluable lesson that with great power there must also come great responsibility!

Now the fledgling super hero tries to balance a full high school curriculum, a night job as a web designer for the Daily Bugle tabloid, a relationship with the beautiful Mary Jane Watson, and swing time as the misunderstood, web-slinging Spider-Man!

## PREVIOUSLY IN ULTIMATE SPIDER-MAN...

Peter Parker and MJ have gotten back together, leaving his troubled relationship with former X-Man Kitty Pryde (who now attends their school), in shambles.

Since his career began, Spider-Man has had several life-altering confrontations with the notorious Norman Osborn, a.k.a. the Green Goblin, the father of his once-best friend Harry.

Recently, Norman and other villains, including Electro, escaped imprisonment from the Triskelion, the former home of the world's premiere superteam, the Ultimates. Nick Fury, the leader of the international espionage organization S.H.I.E.L.D. (which runs the Triskelion), is on a top secret assignment and Captain Carol Danvers is in charge.

Norman then ran to the press and told the world he was illegally arrested and detained by Fury, and that his son and company were taken away from him for no reason.

Knowing that his arch-nemesis would strike at him, Peter immediately sent MJ and Aunt May away for safety and went after Osborn, only to stumble into battle with Electro (who was hiding out in Norman's apartment). But when S.H.I.E.L.D. agents moved in and opened fire, the fight abruptly ended... with Spider-Man being taken into custody!

To find Marvel Comics at a local comic shop, call 1-888-COMICBOOK.

You know, you *hear* the stories.

But until you *actually* open up a trigonometry textbook and look inside it...

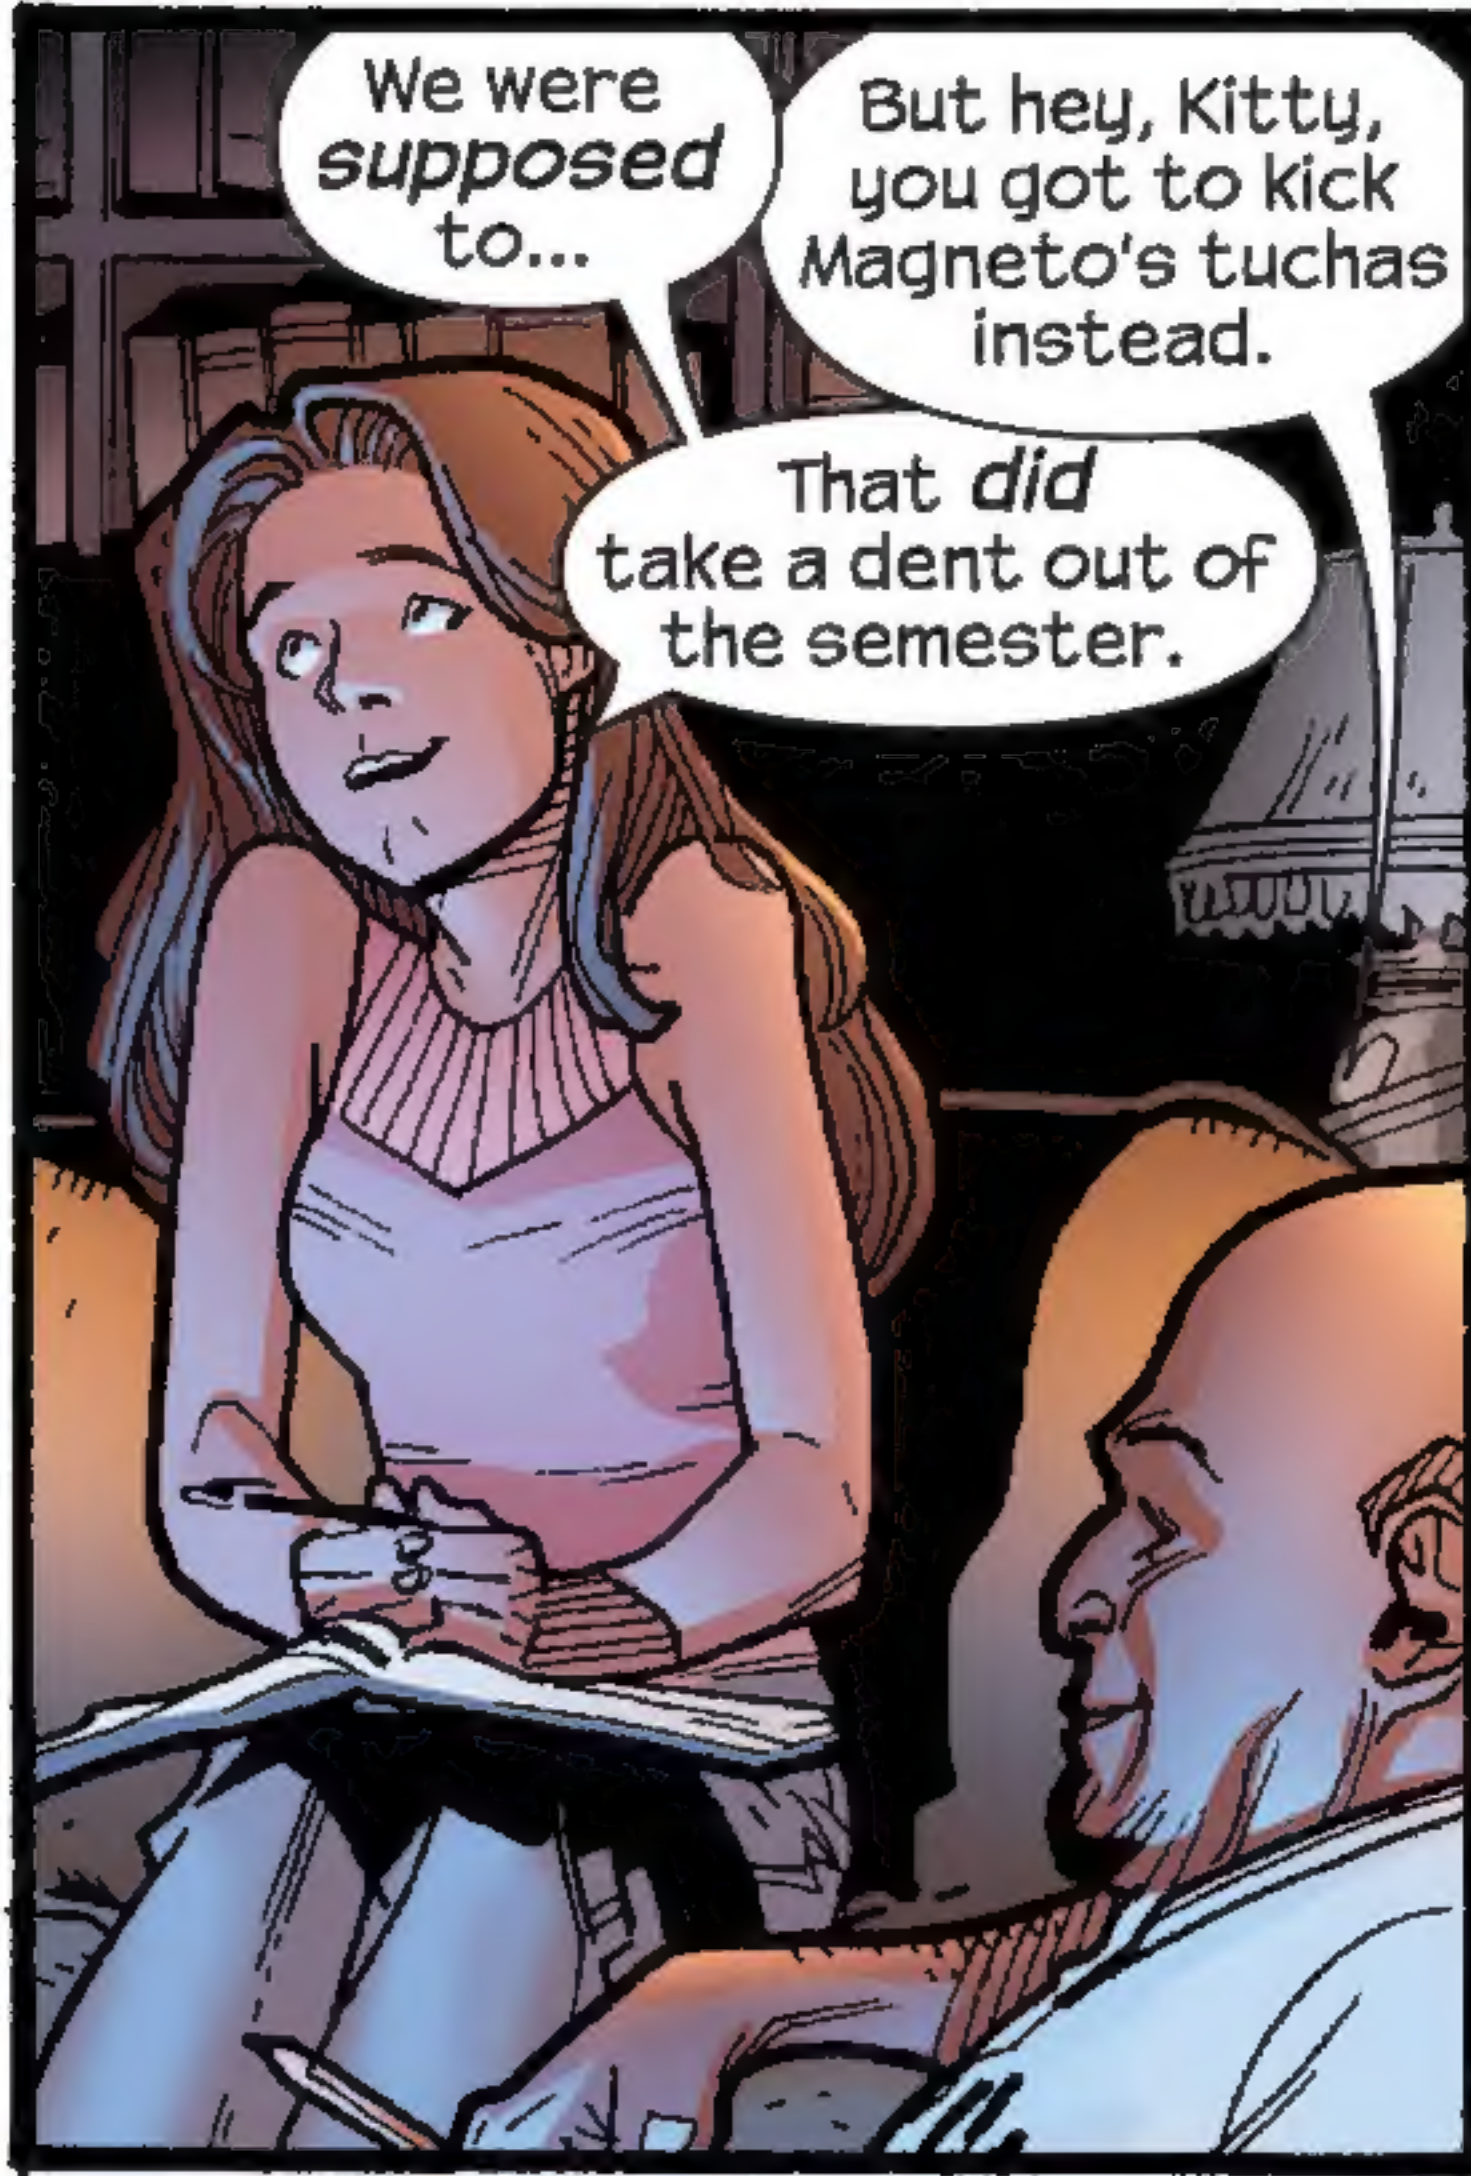

...you really have no *idea* how unbelievably boring and useless it is.

You didn't have to do trig at the X-Men school?

Nope.

Did you have real classes?

We were *supposed* to...

But hey, Kitty, you got to kick Magneto's tuchas instead.

That *did* take a dent out of the semester.

Hey, Kenny, Thanks for helping me with this.

Uh, no problem.

It was cool and it was cool for you to be a friend to me.

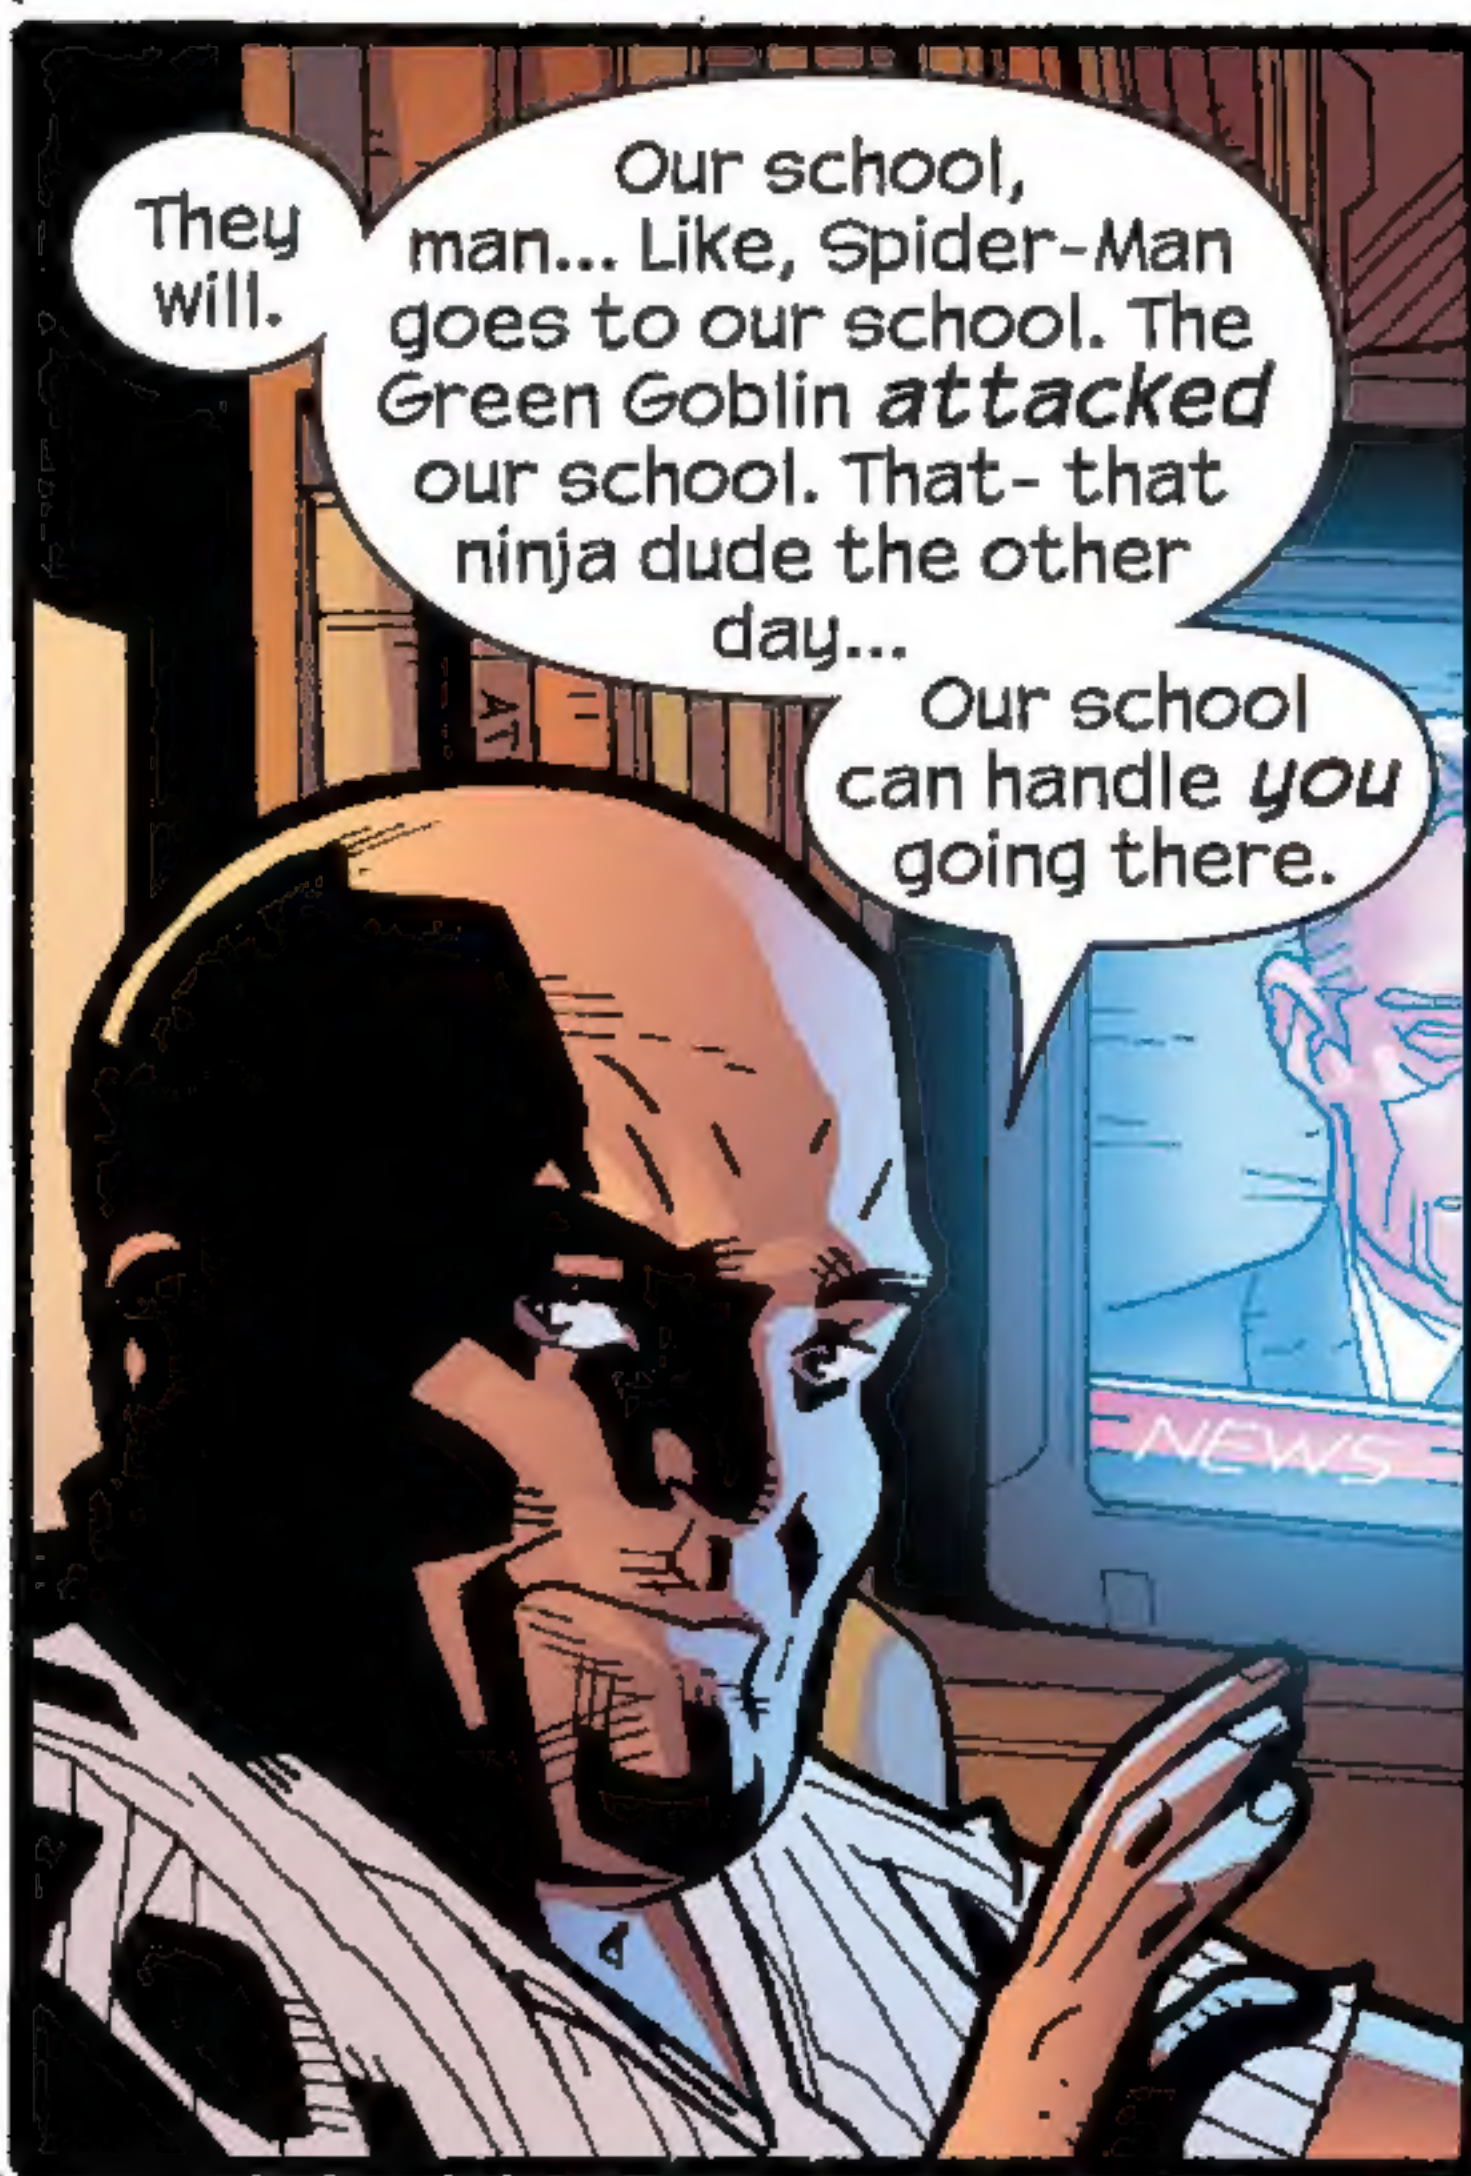

I can't believe how *I'm* the circus freak now.

(I *really* was protected at Xavier's school.)

They'll get used to you.

Doesn't feel like it.

They will.

Our school, man... Like, Spider-Man goes to our school. The Green Goblin *attacked* our school. That- that ninja dude the other day...

Our school can handle *you* going there.

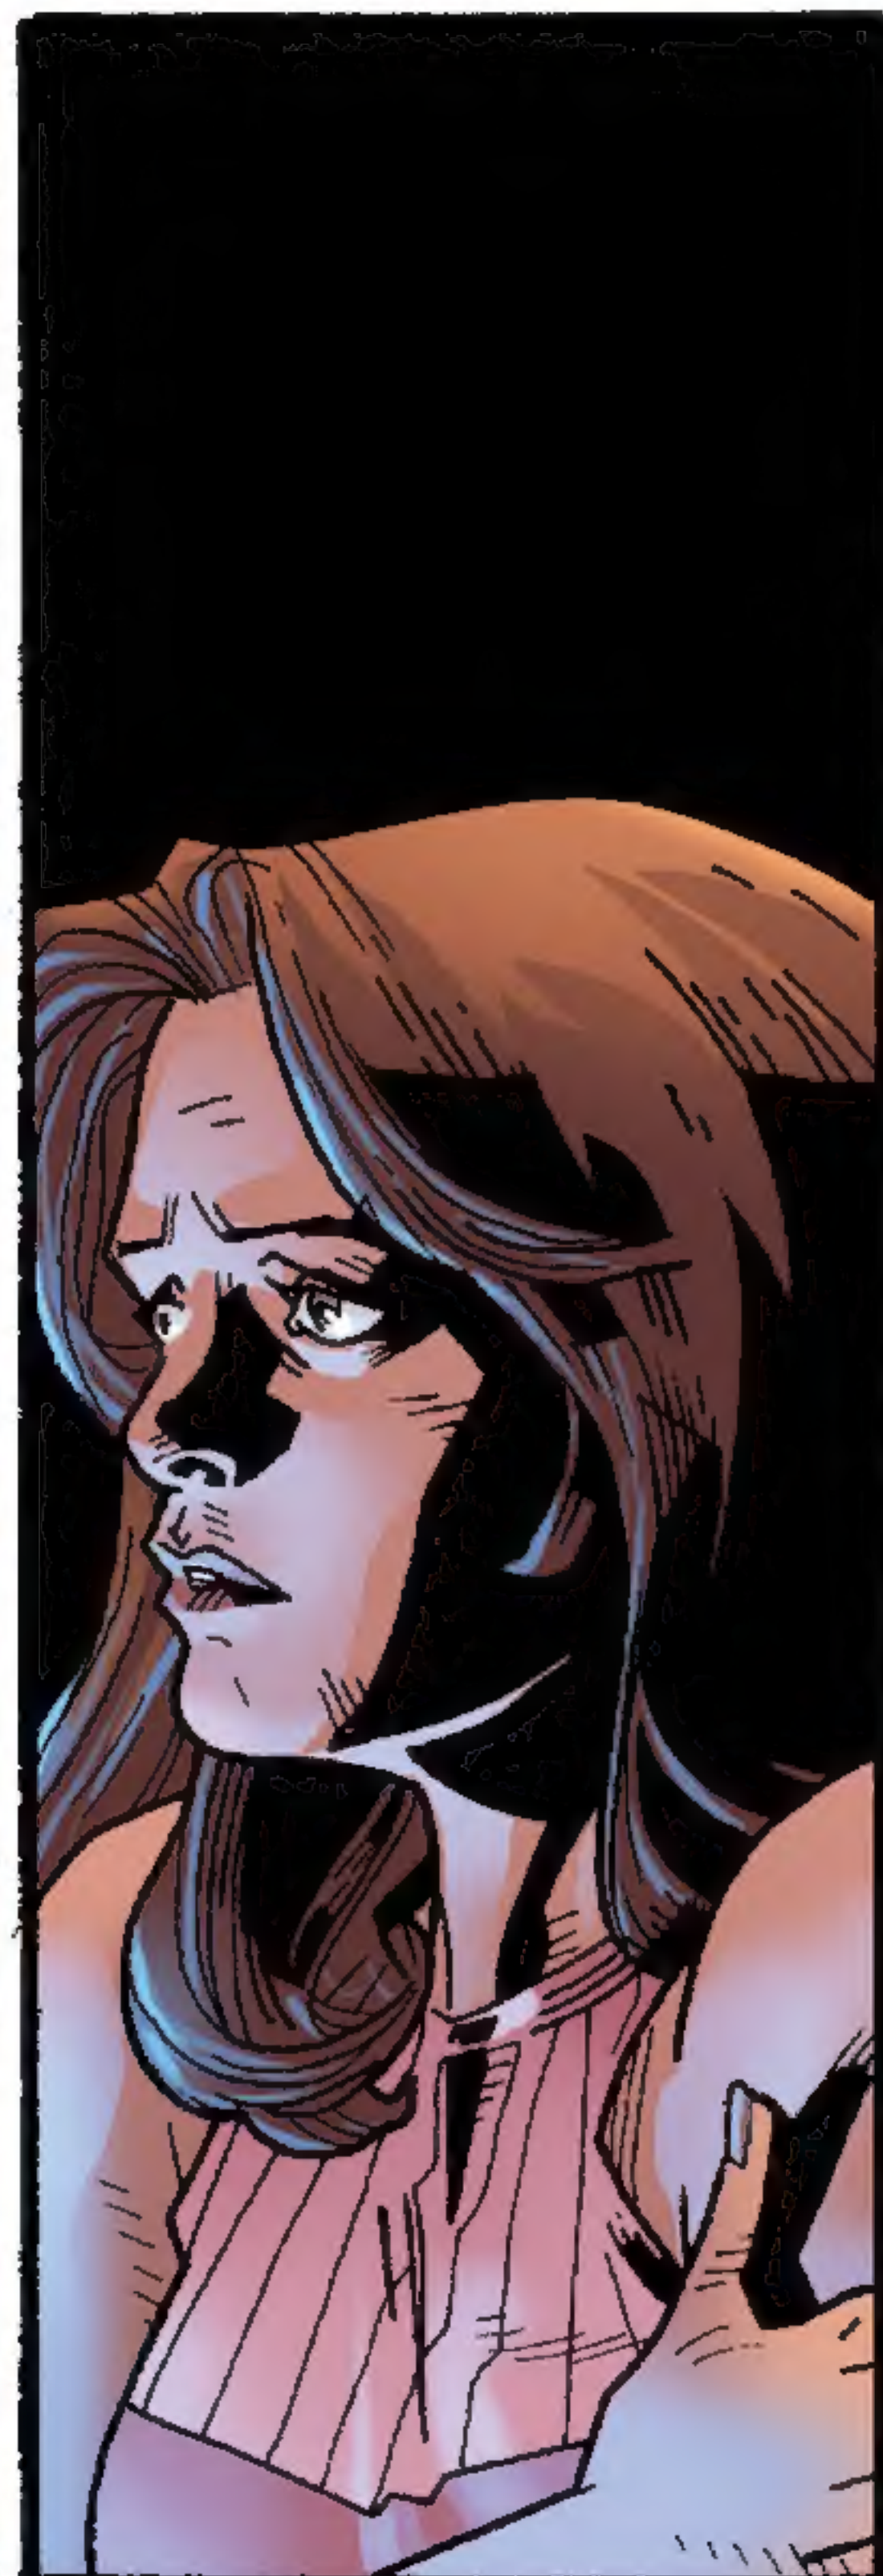

I think all that's the *reason* everyone is *doubly* scared of me.

They'll get over it.

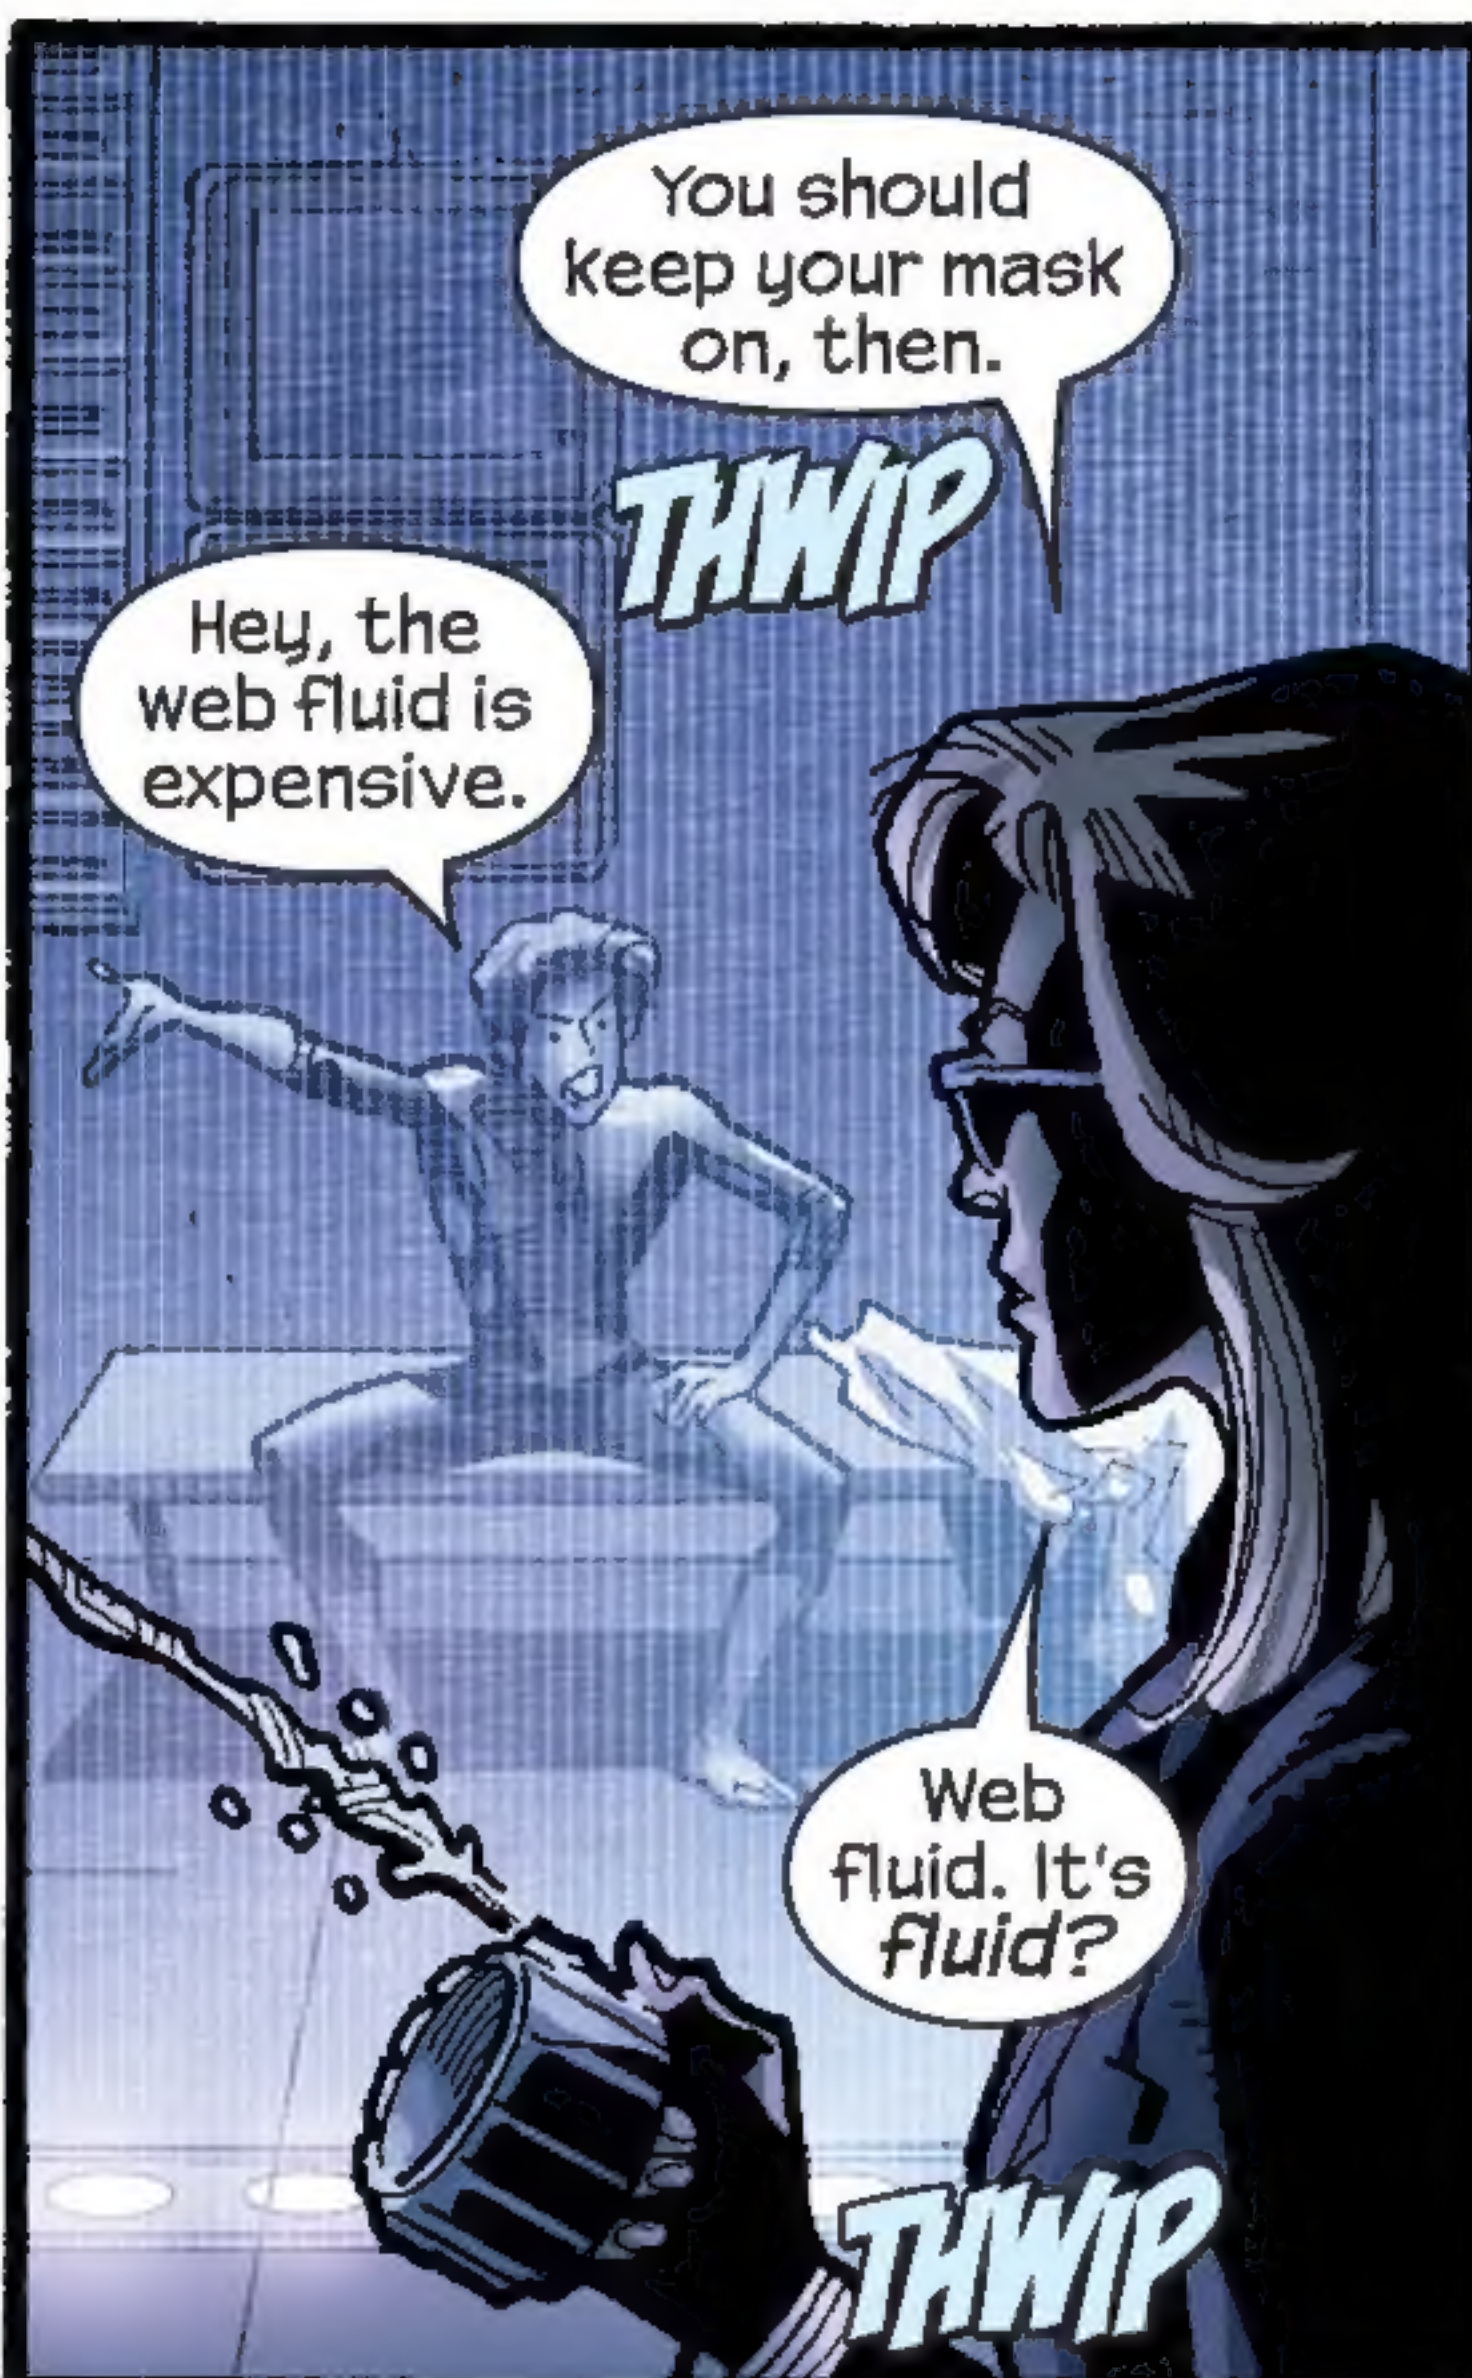

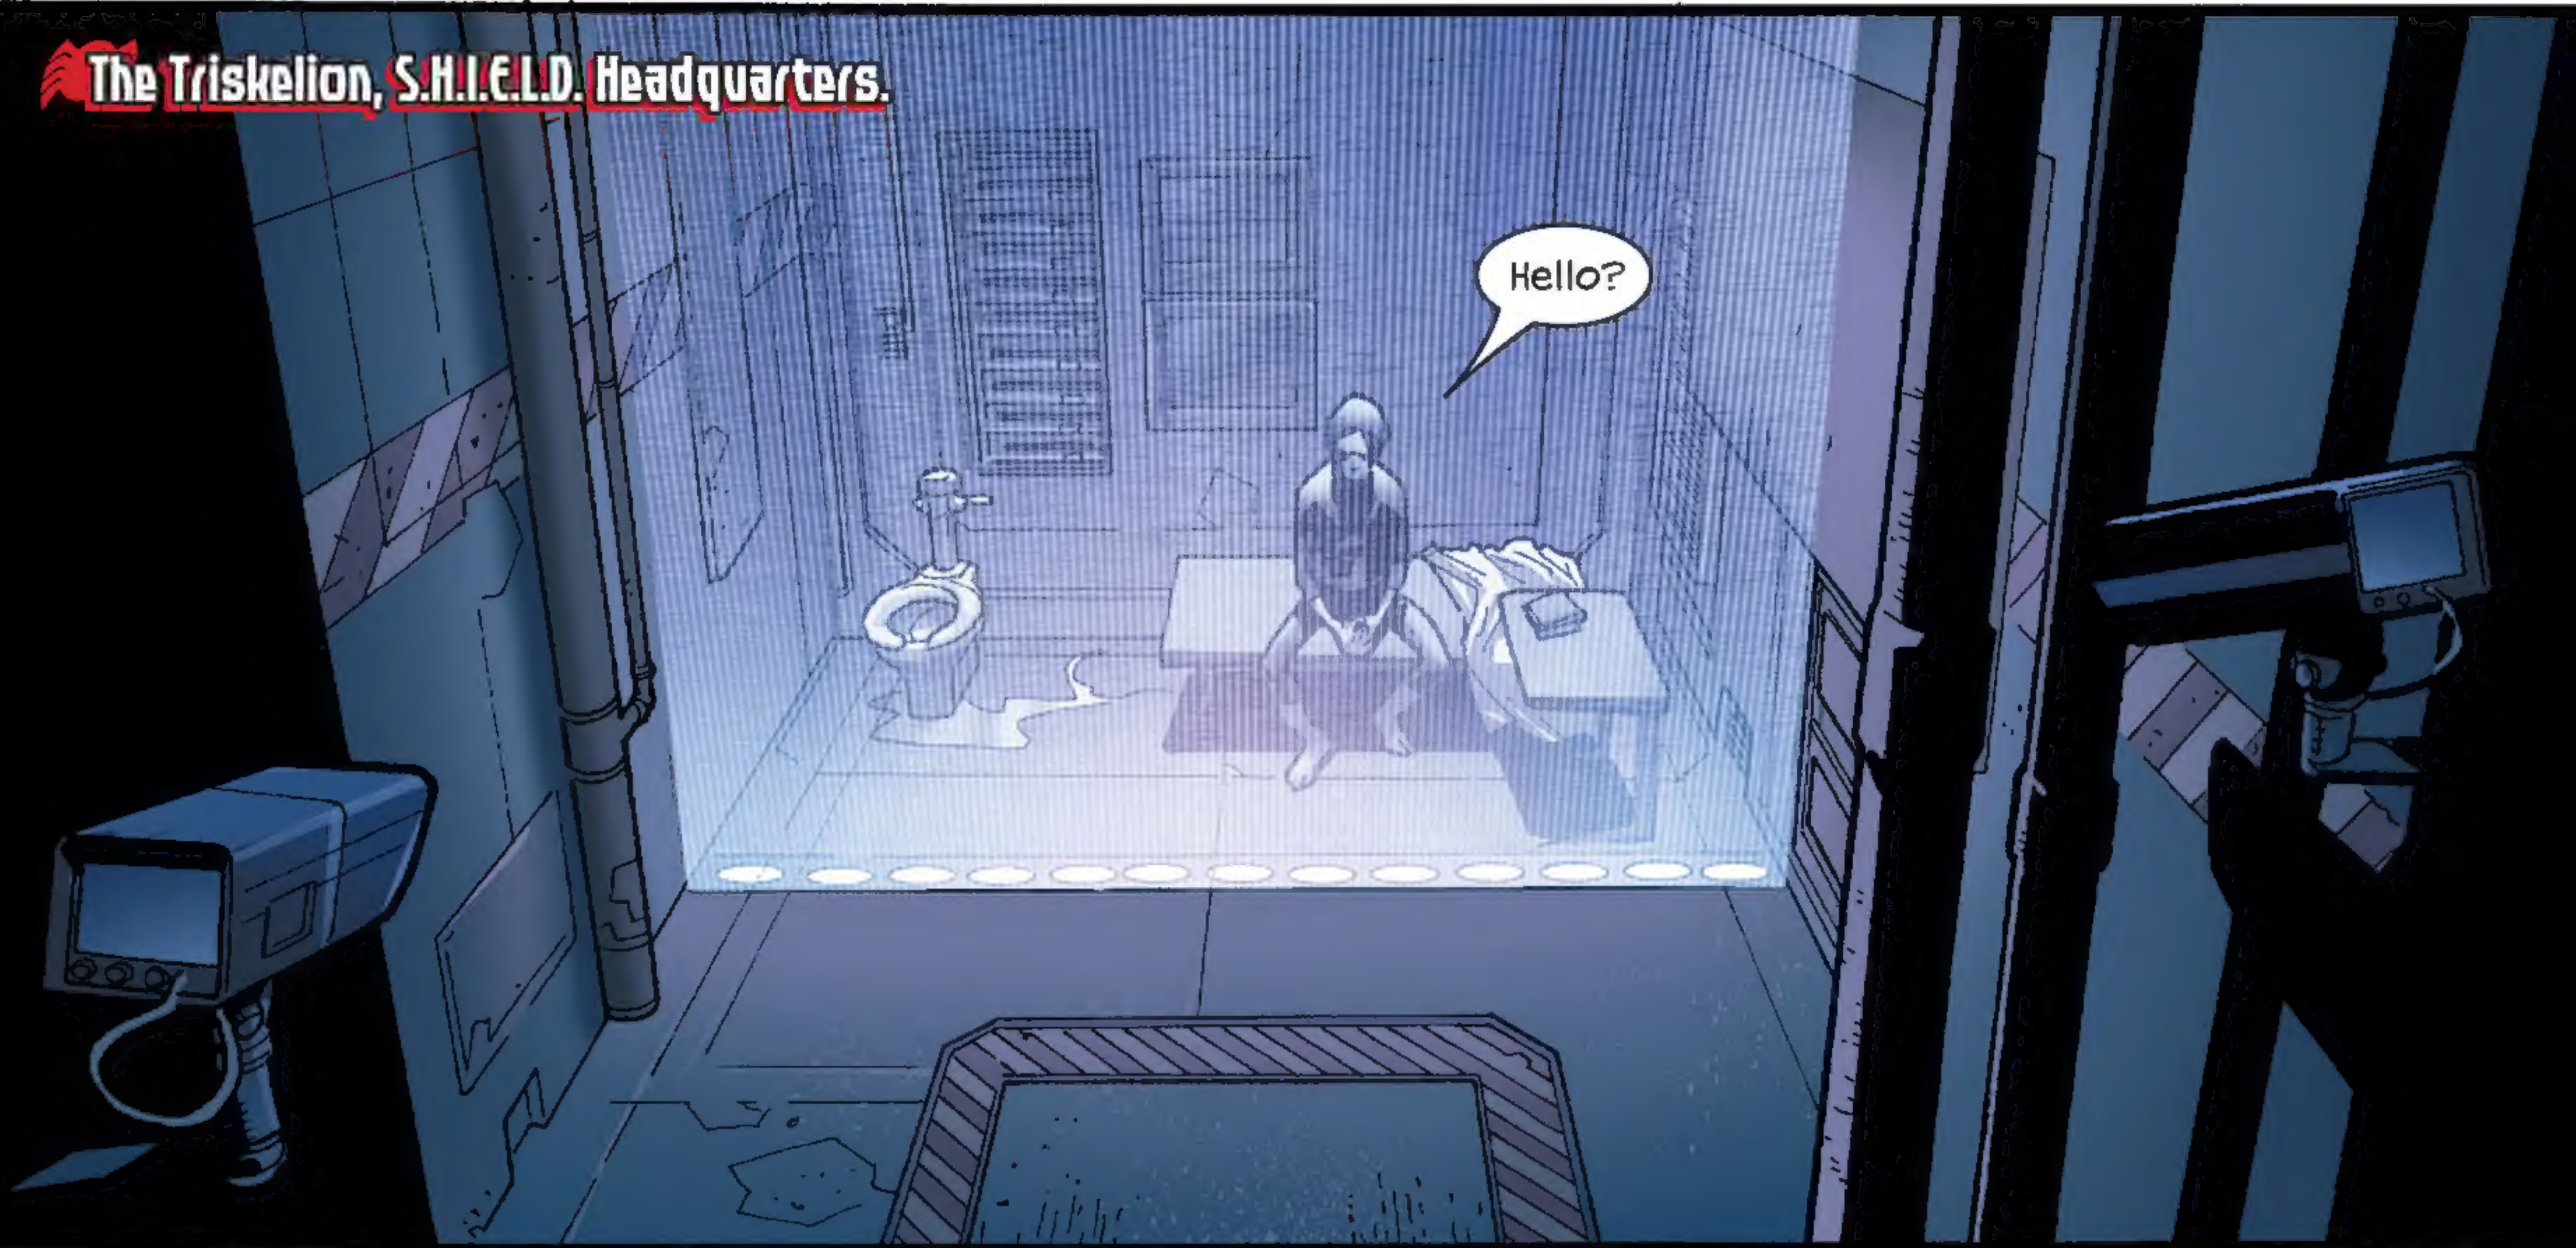

Oh my God...

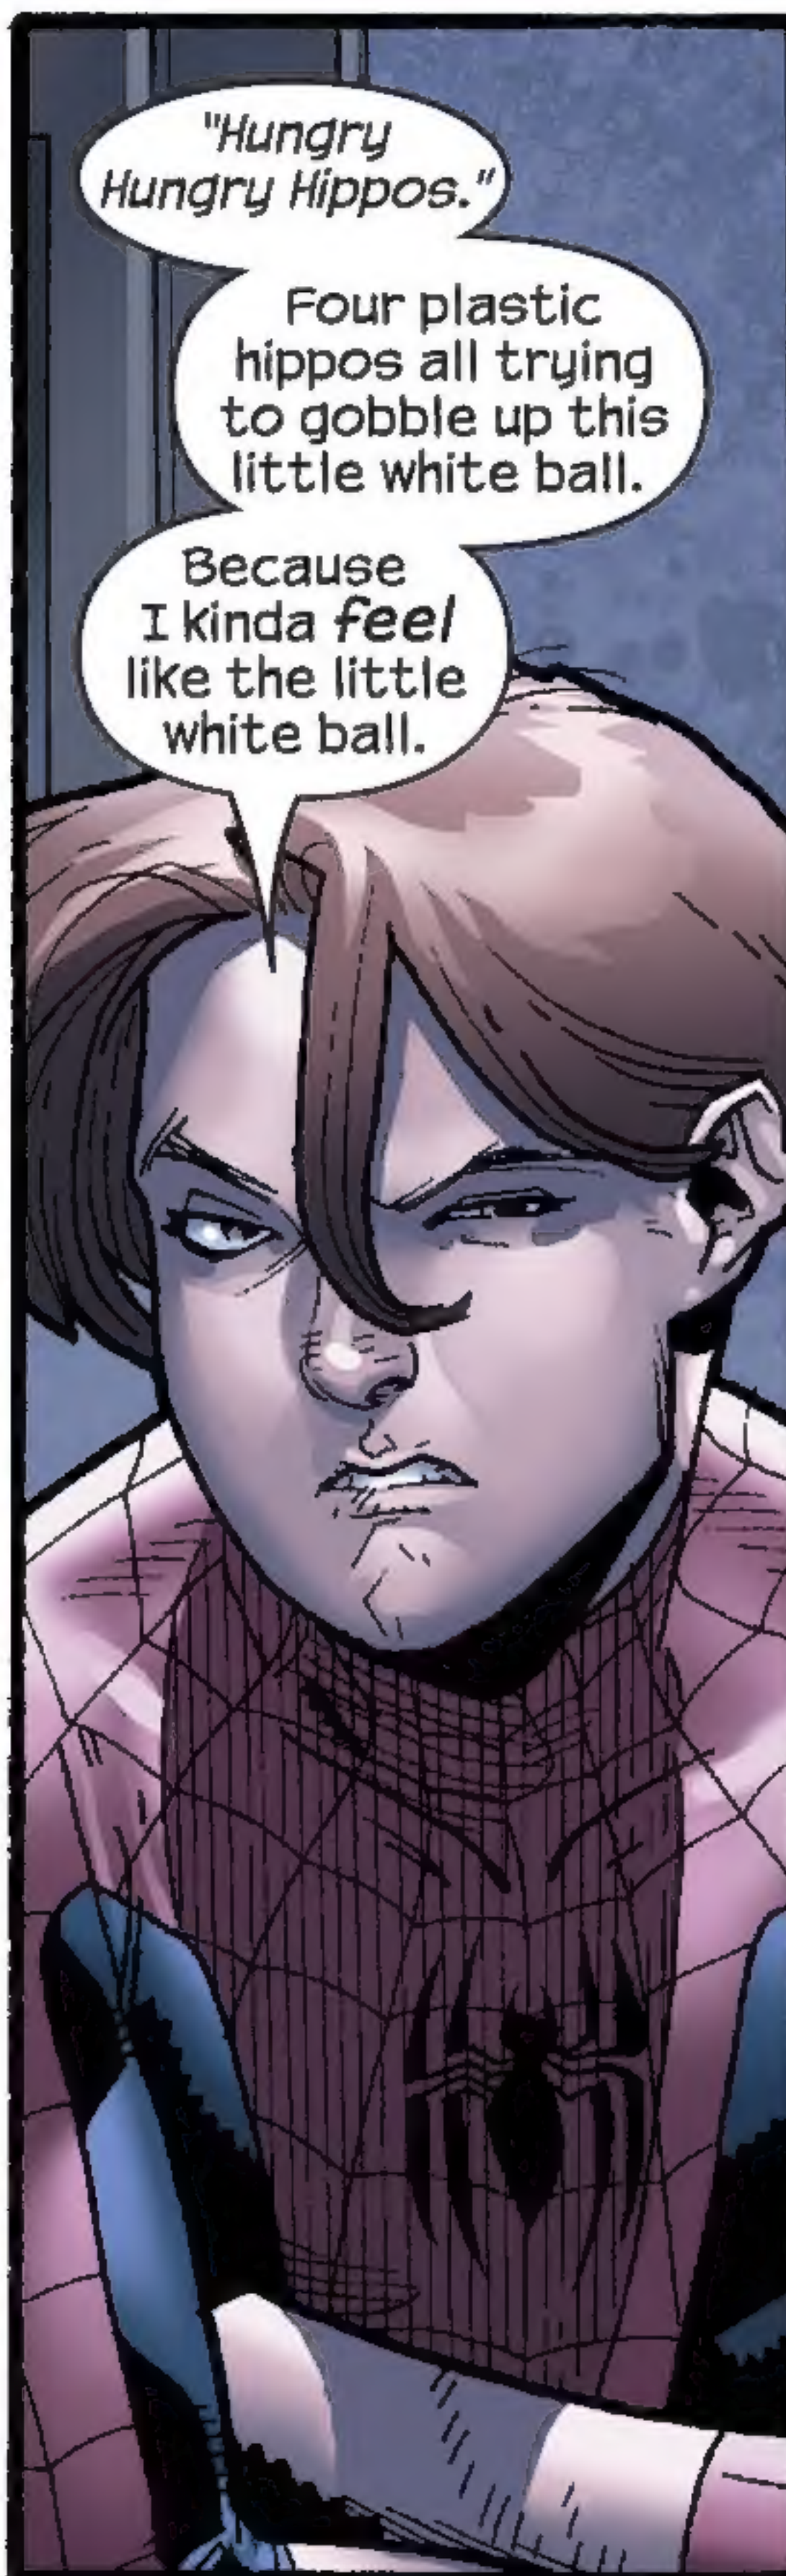

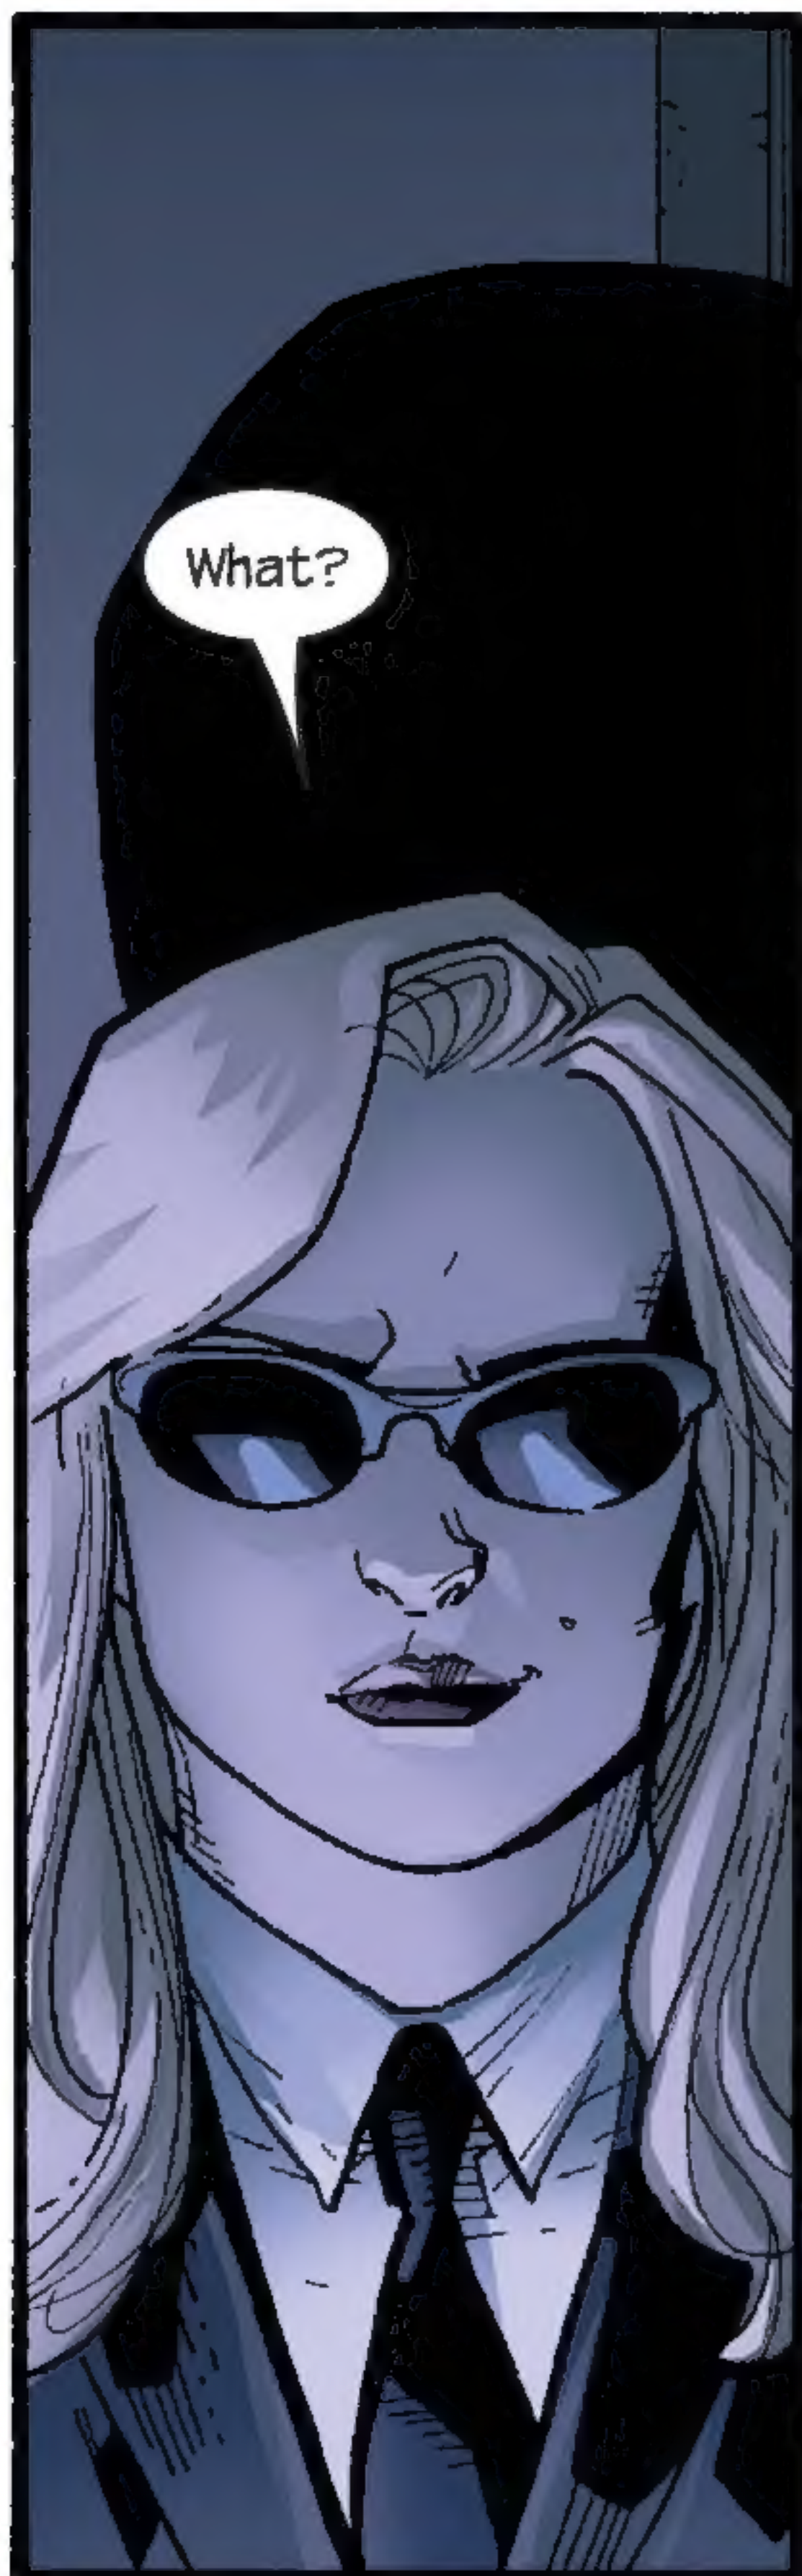

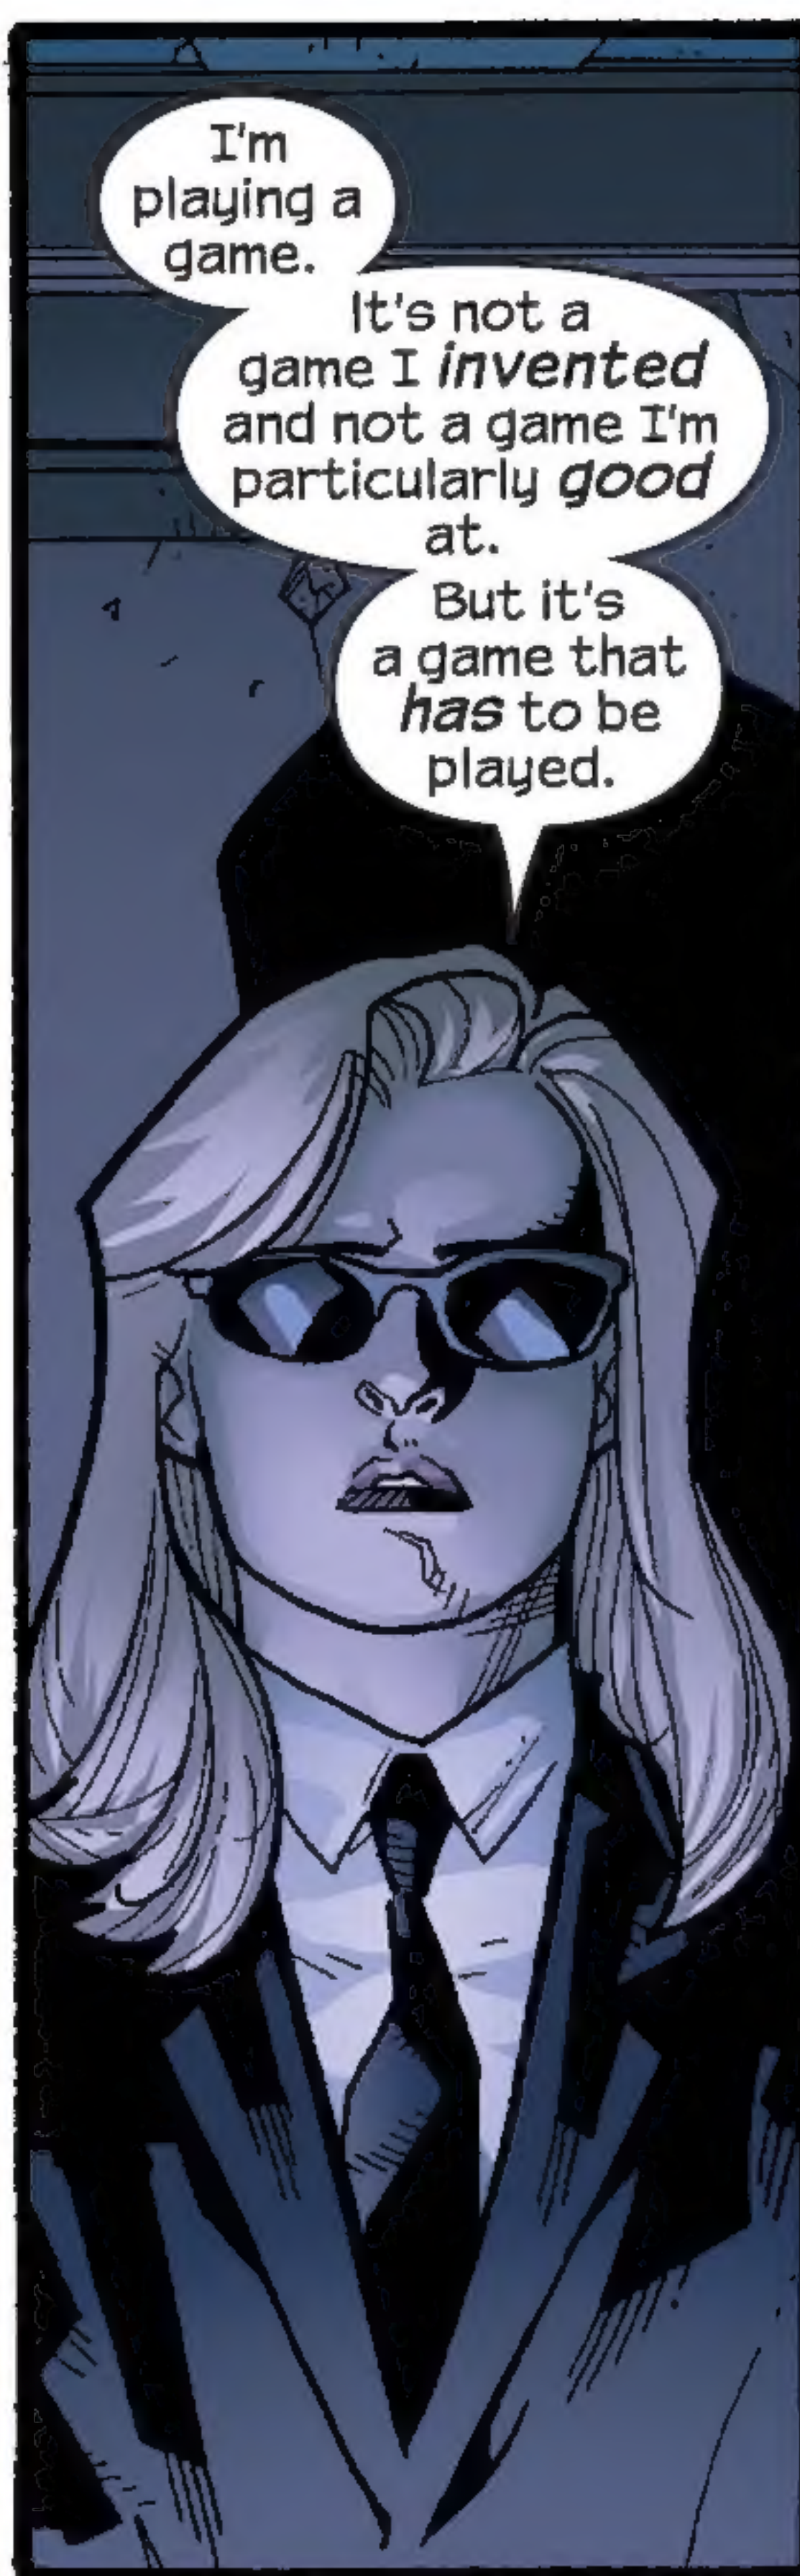

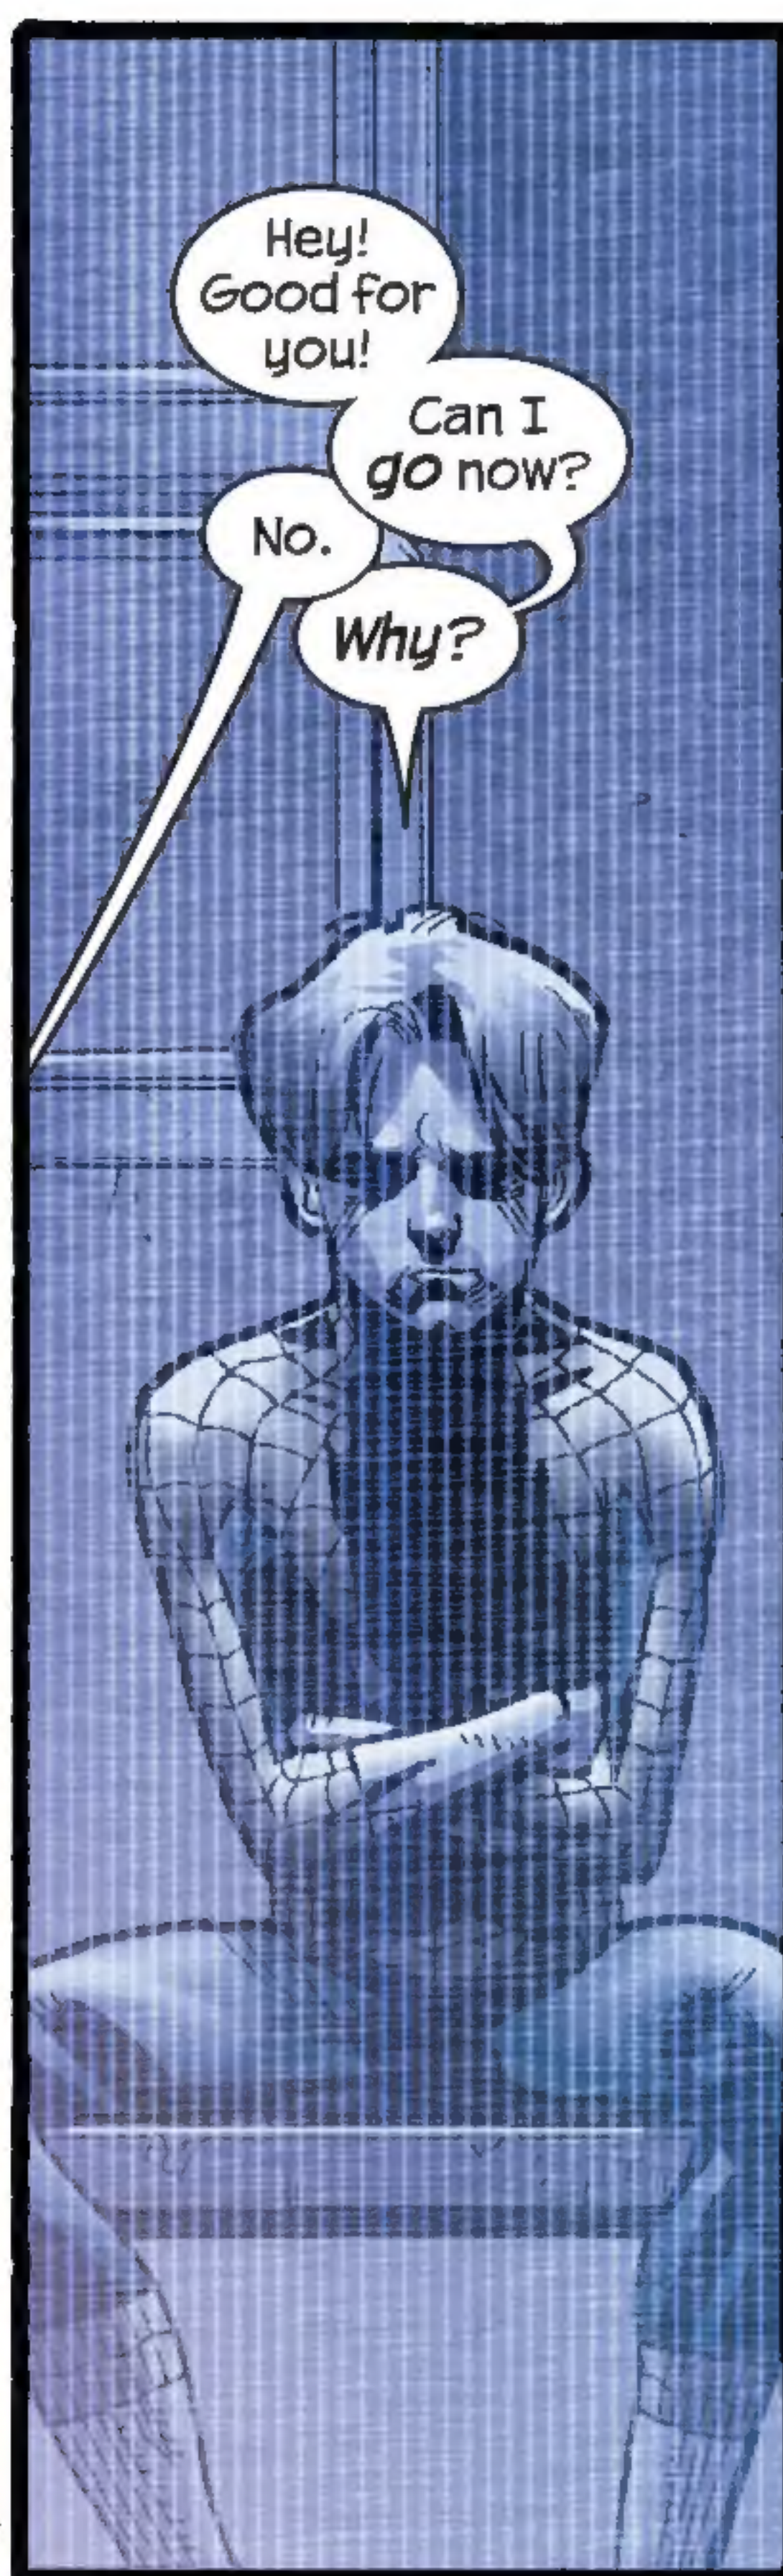

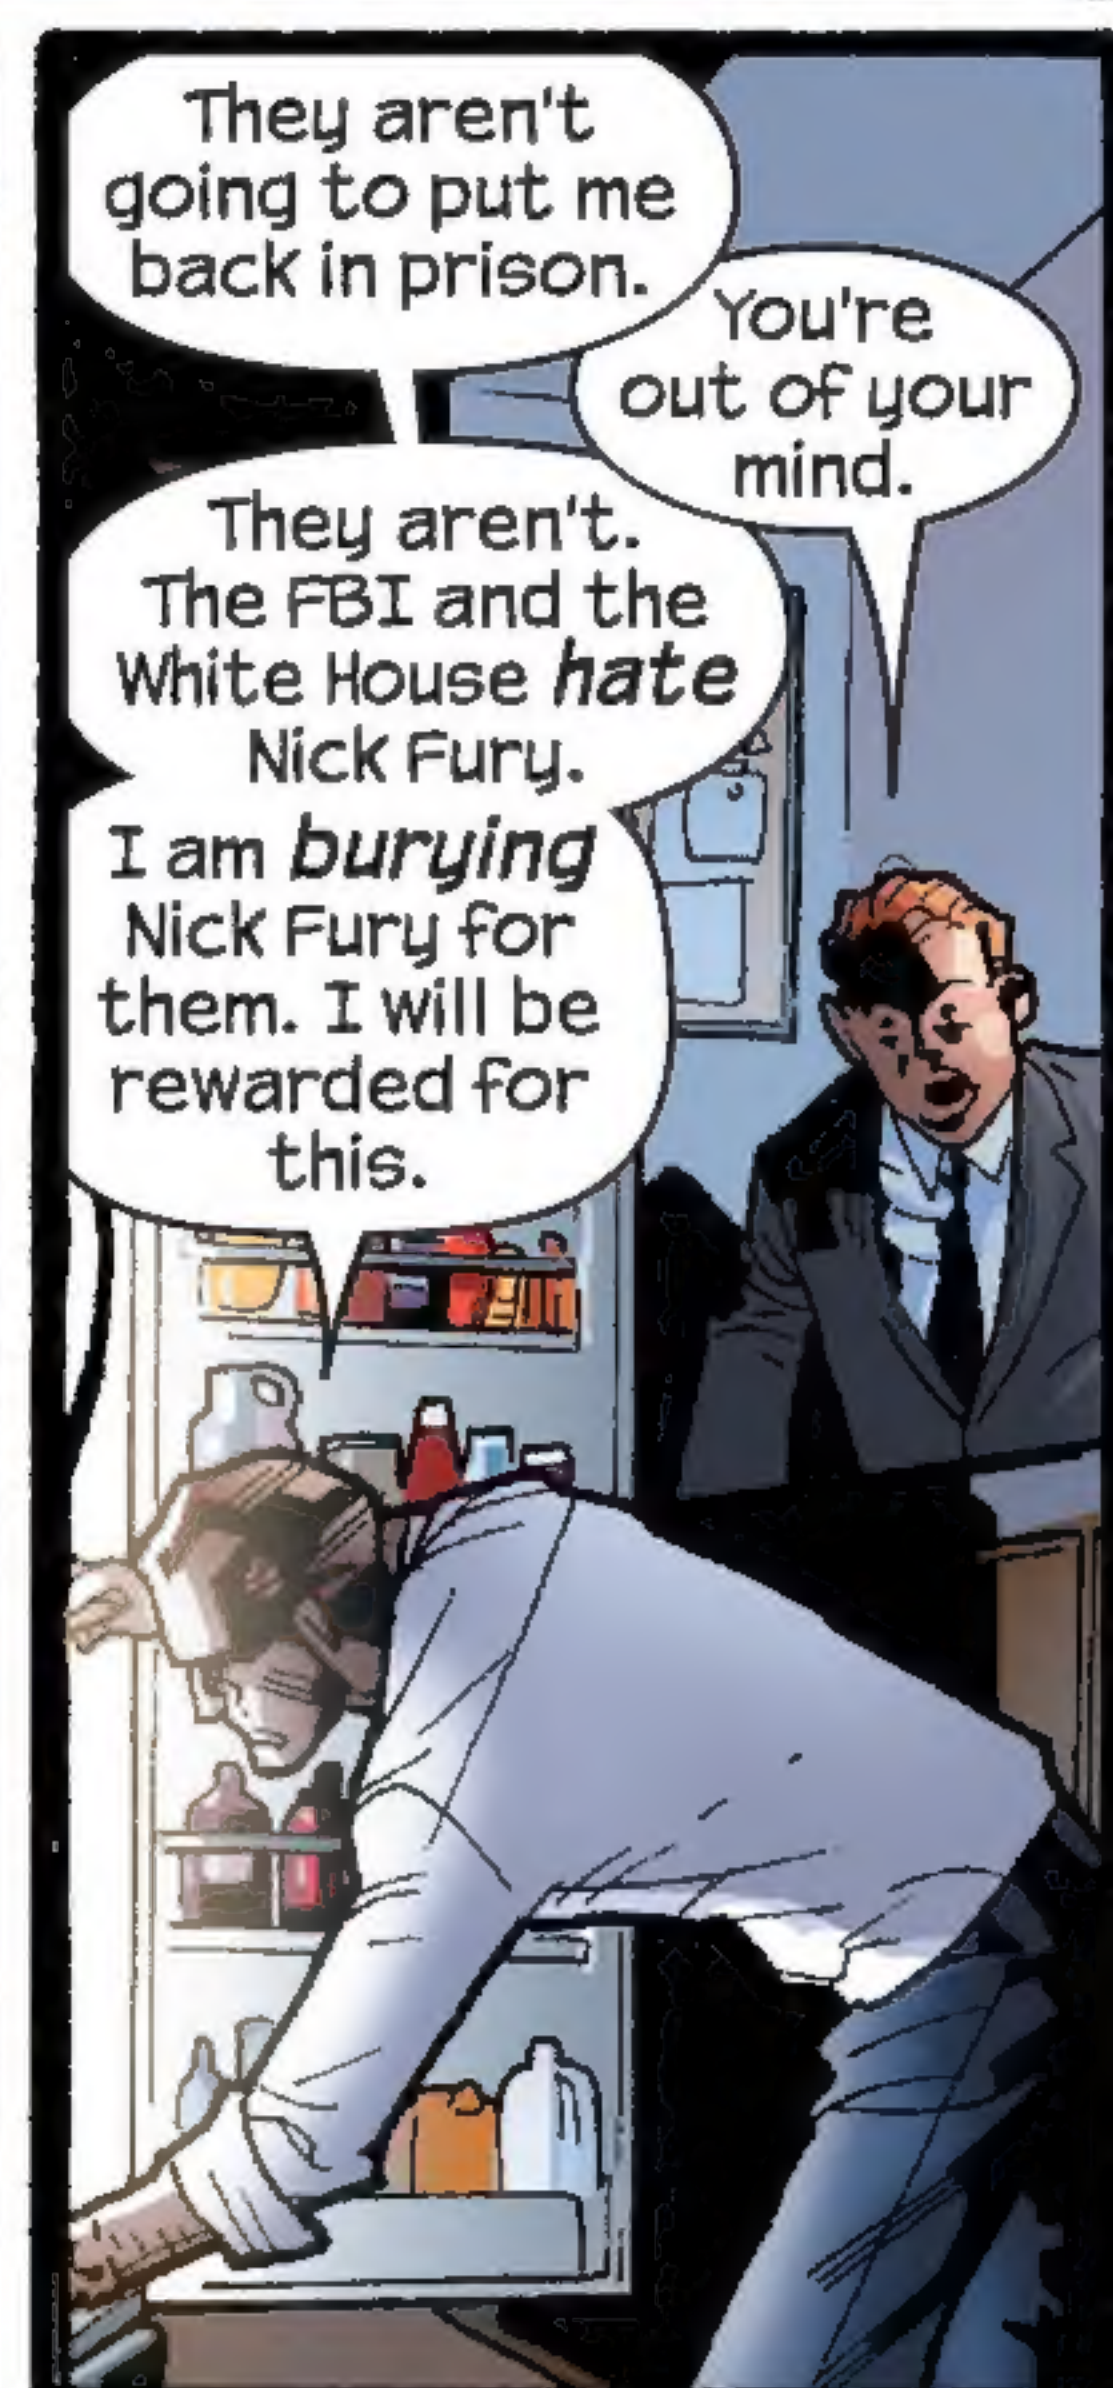

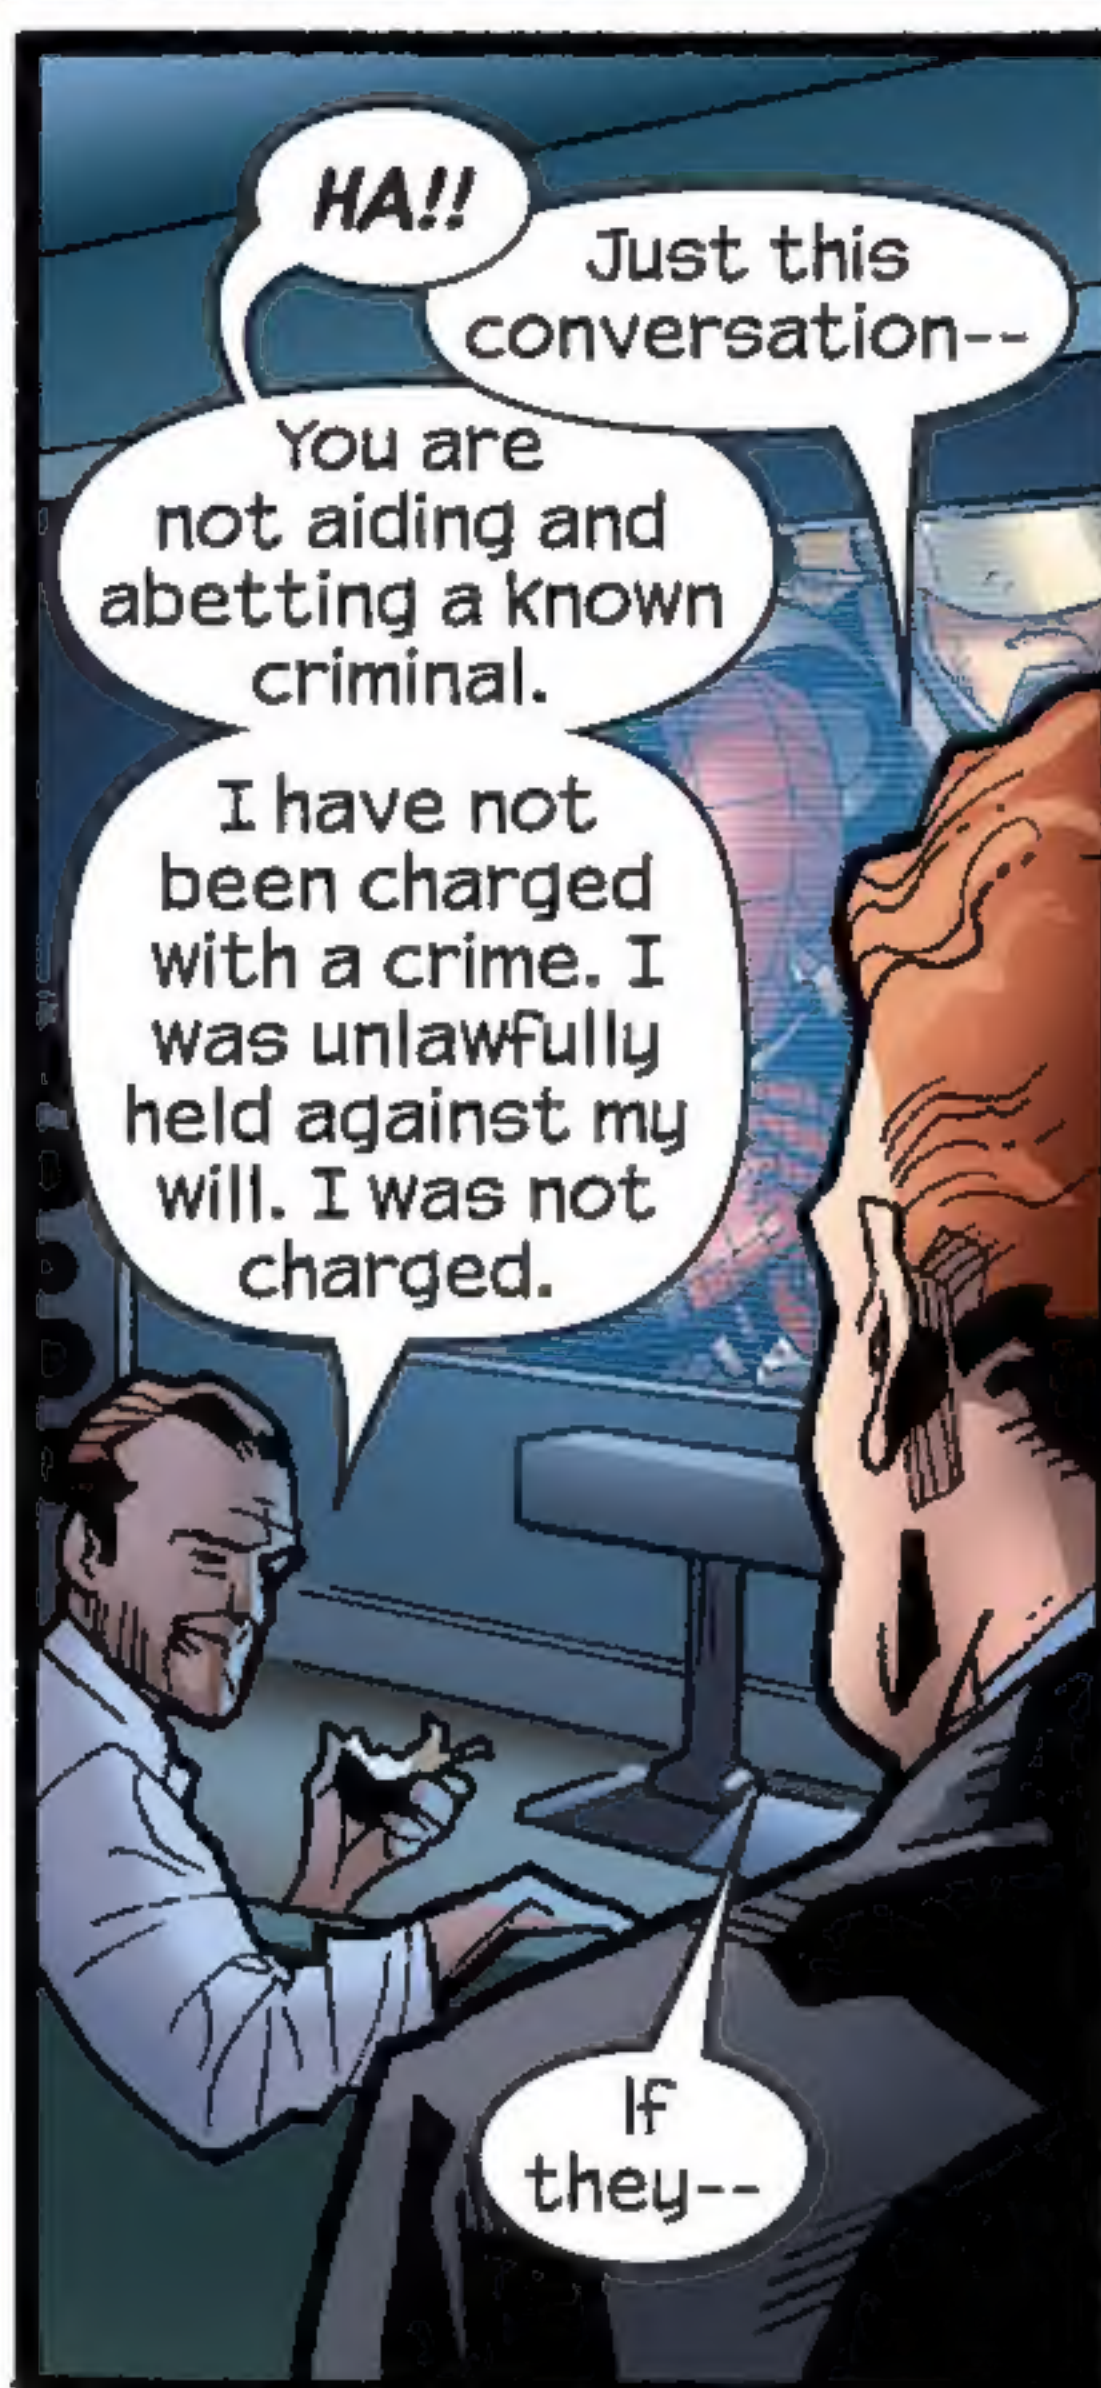

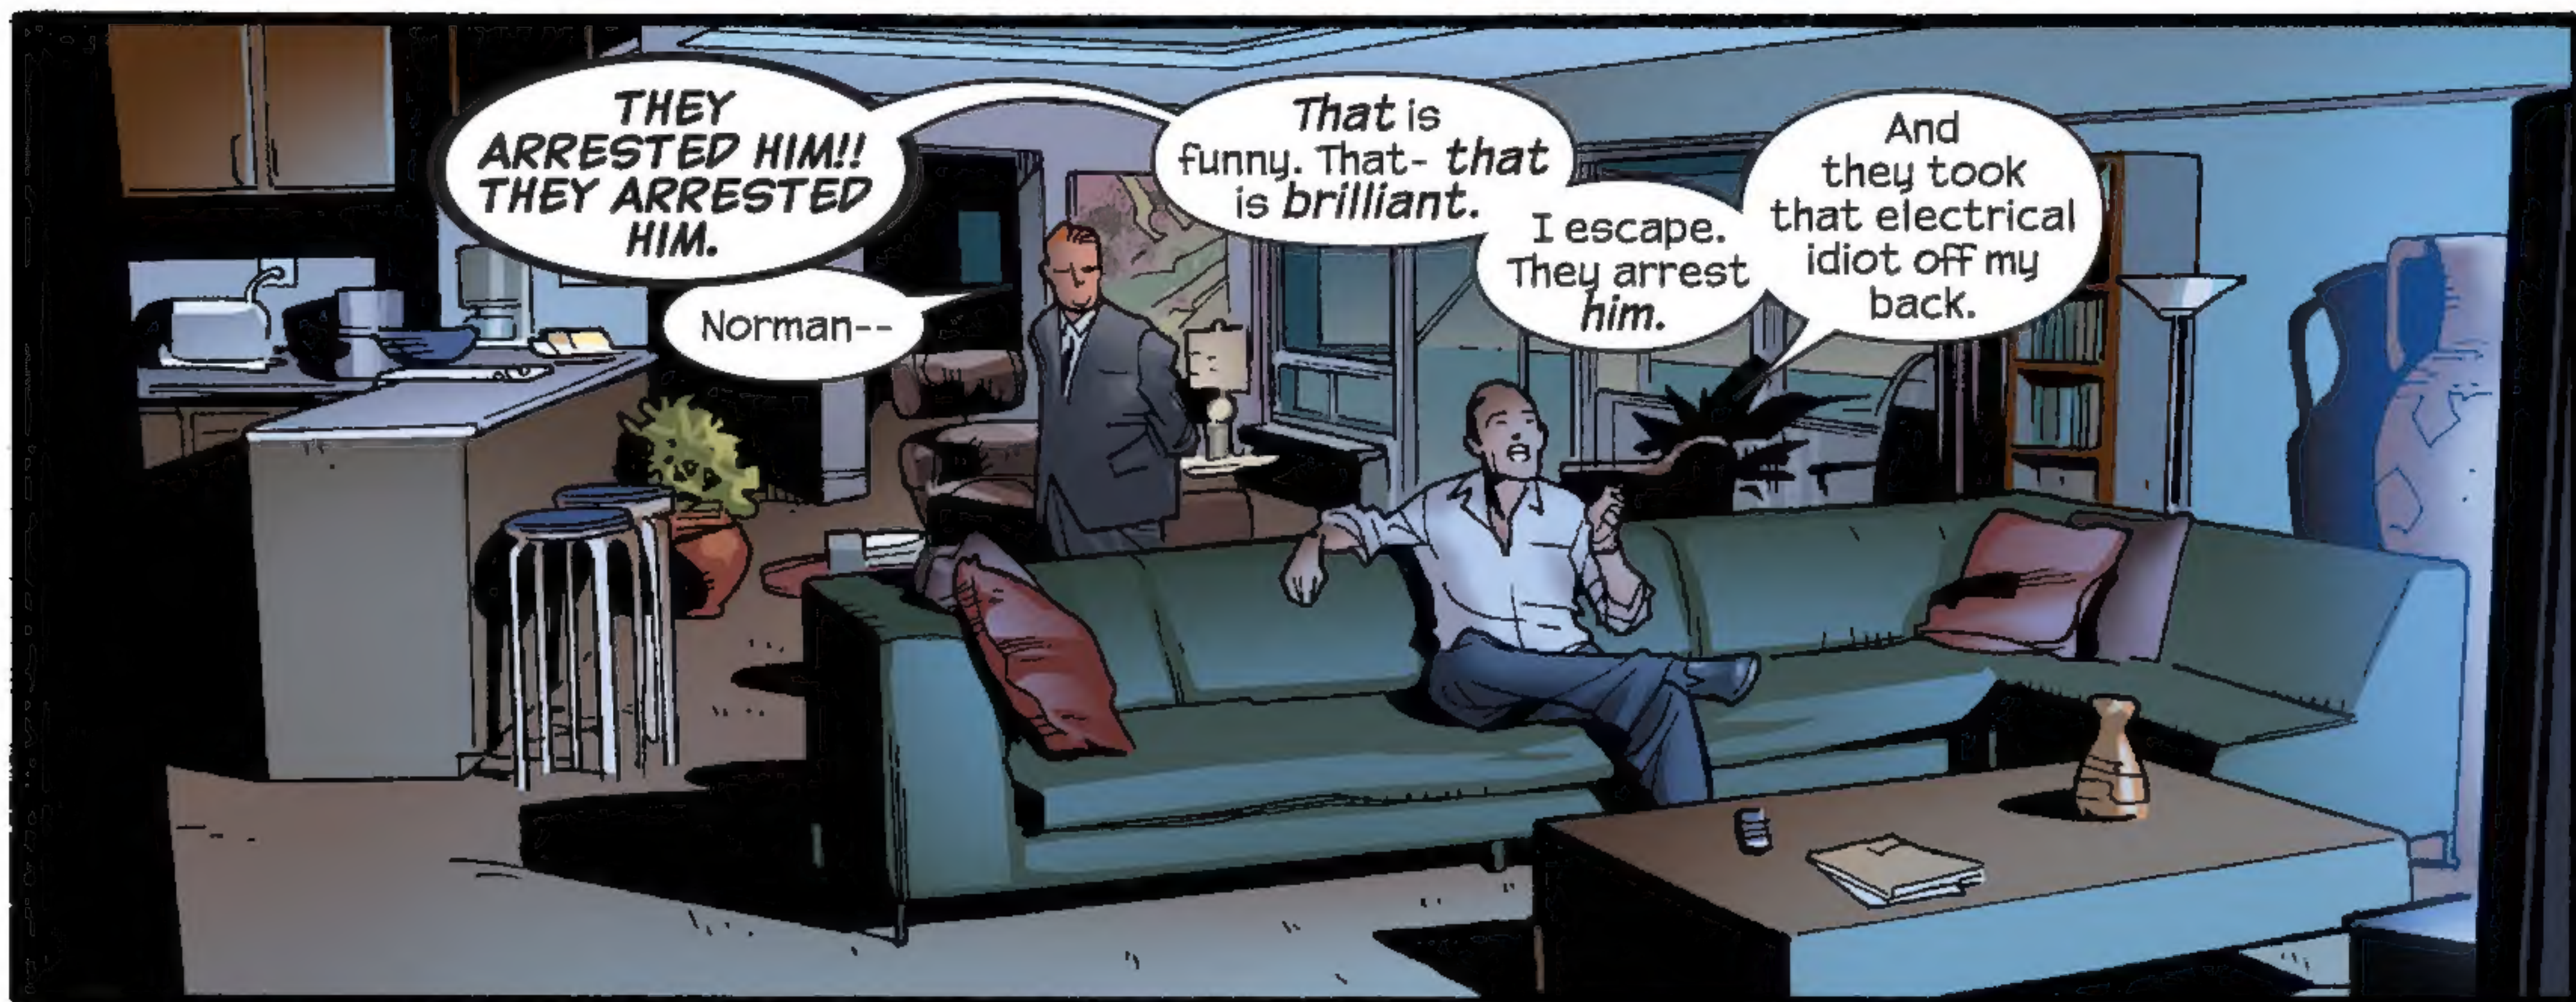

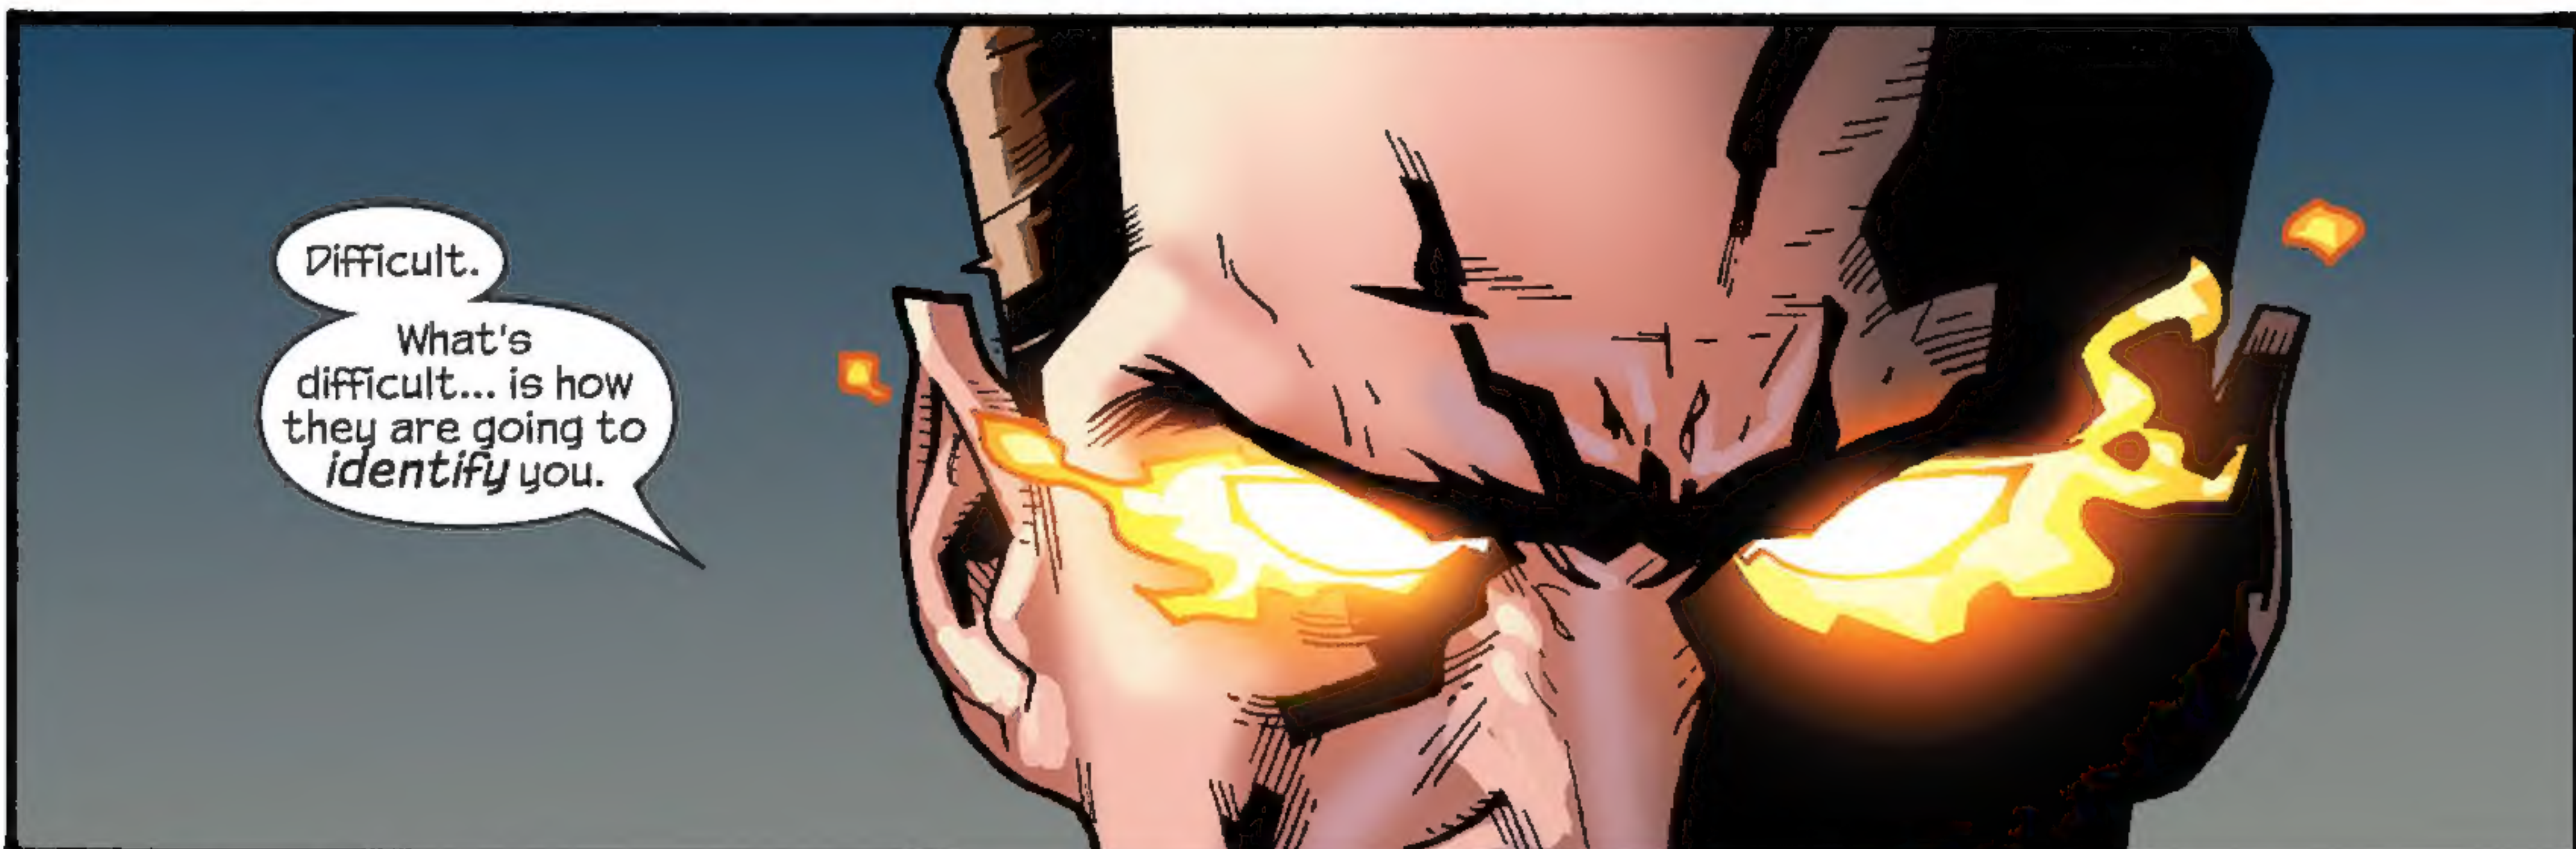

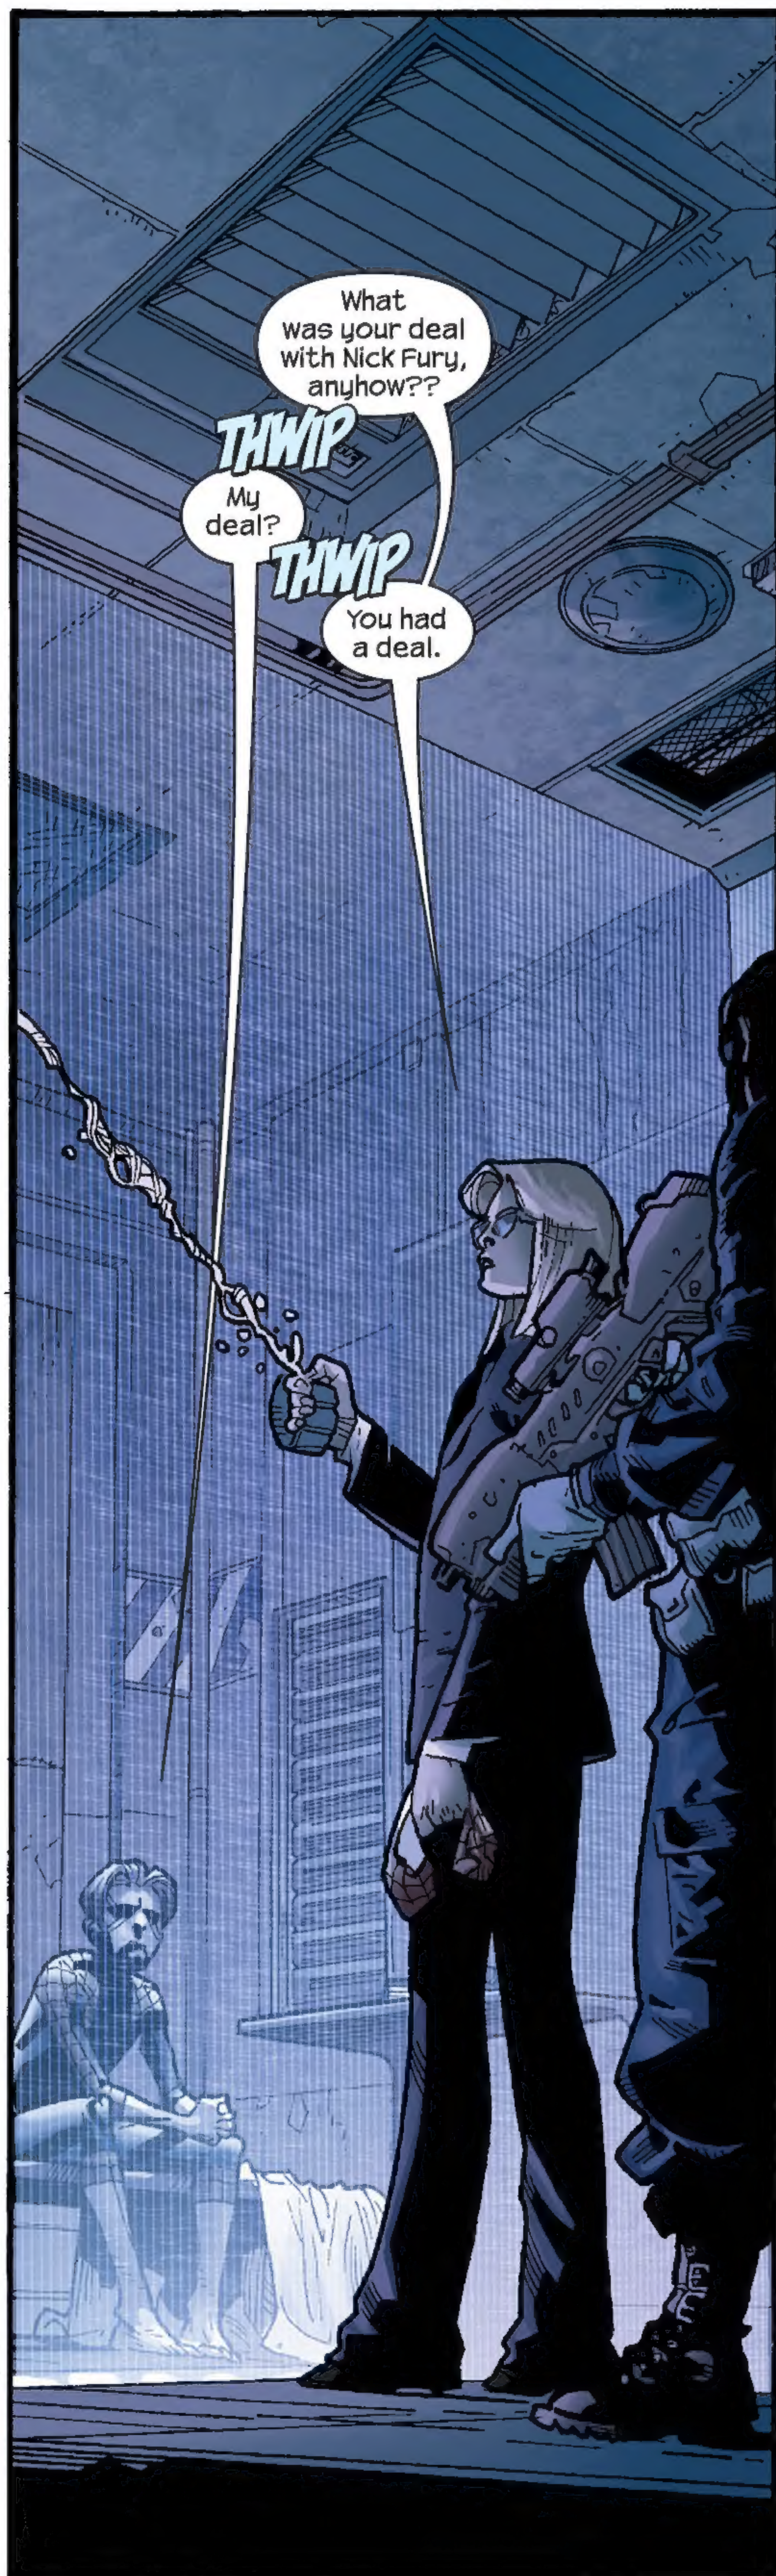

What was your deal with Nick Fury, anyhow??

**THWIP**  
My deal?

**THWIP**  
You had a deal.

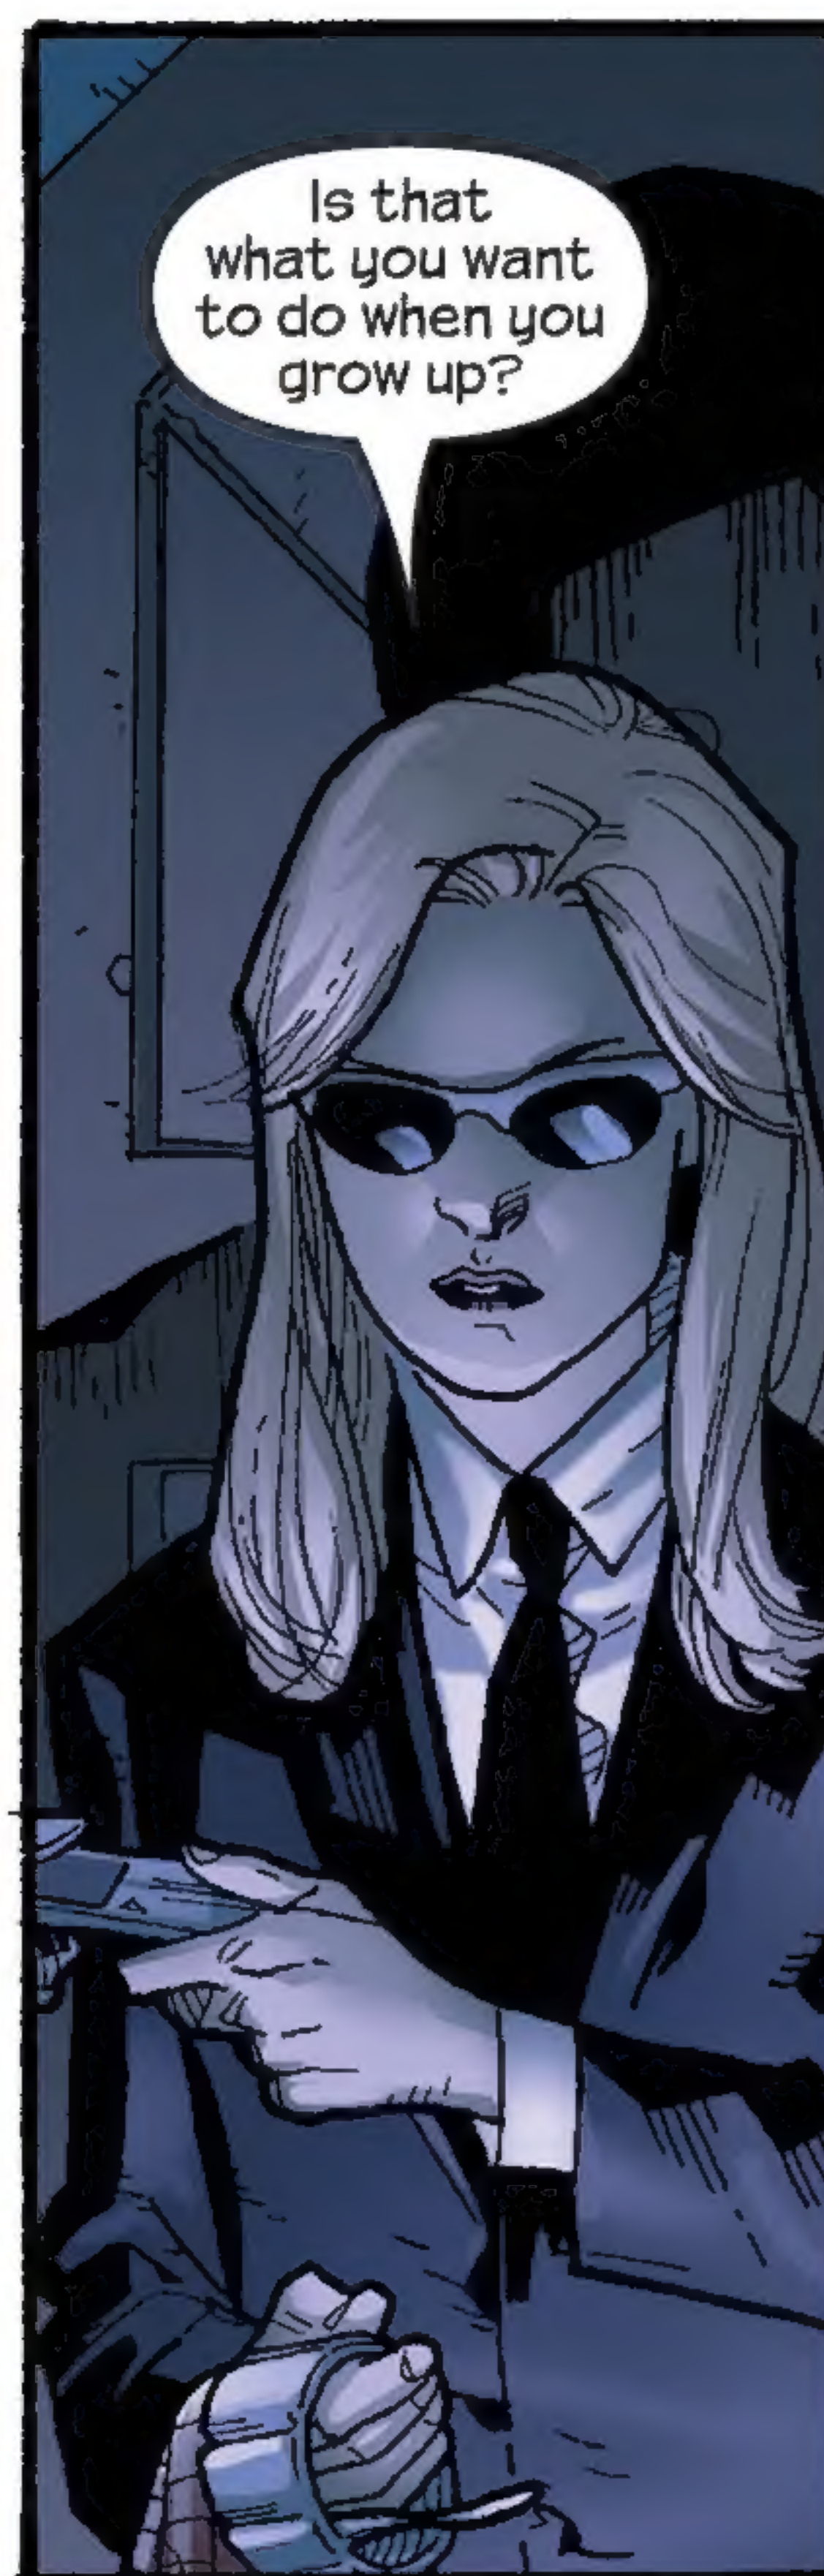

He- it was complicated.

But on its best day, he was letting me go on with my life and graduate high school...

And then?

And when I graduated I would maybe join the Ultimates or whatever.

Is that what you want to do when you grow up?

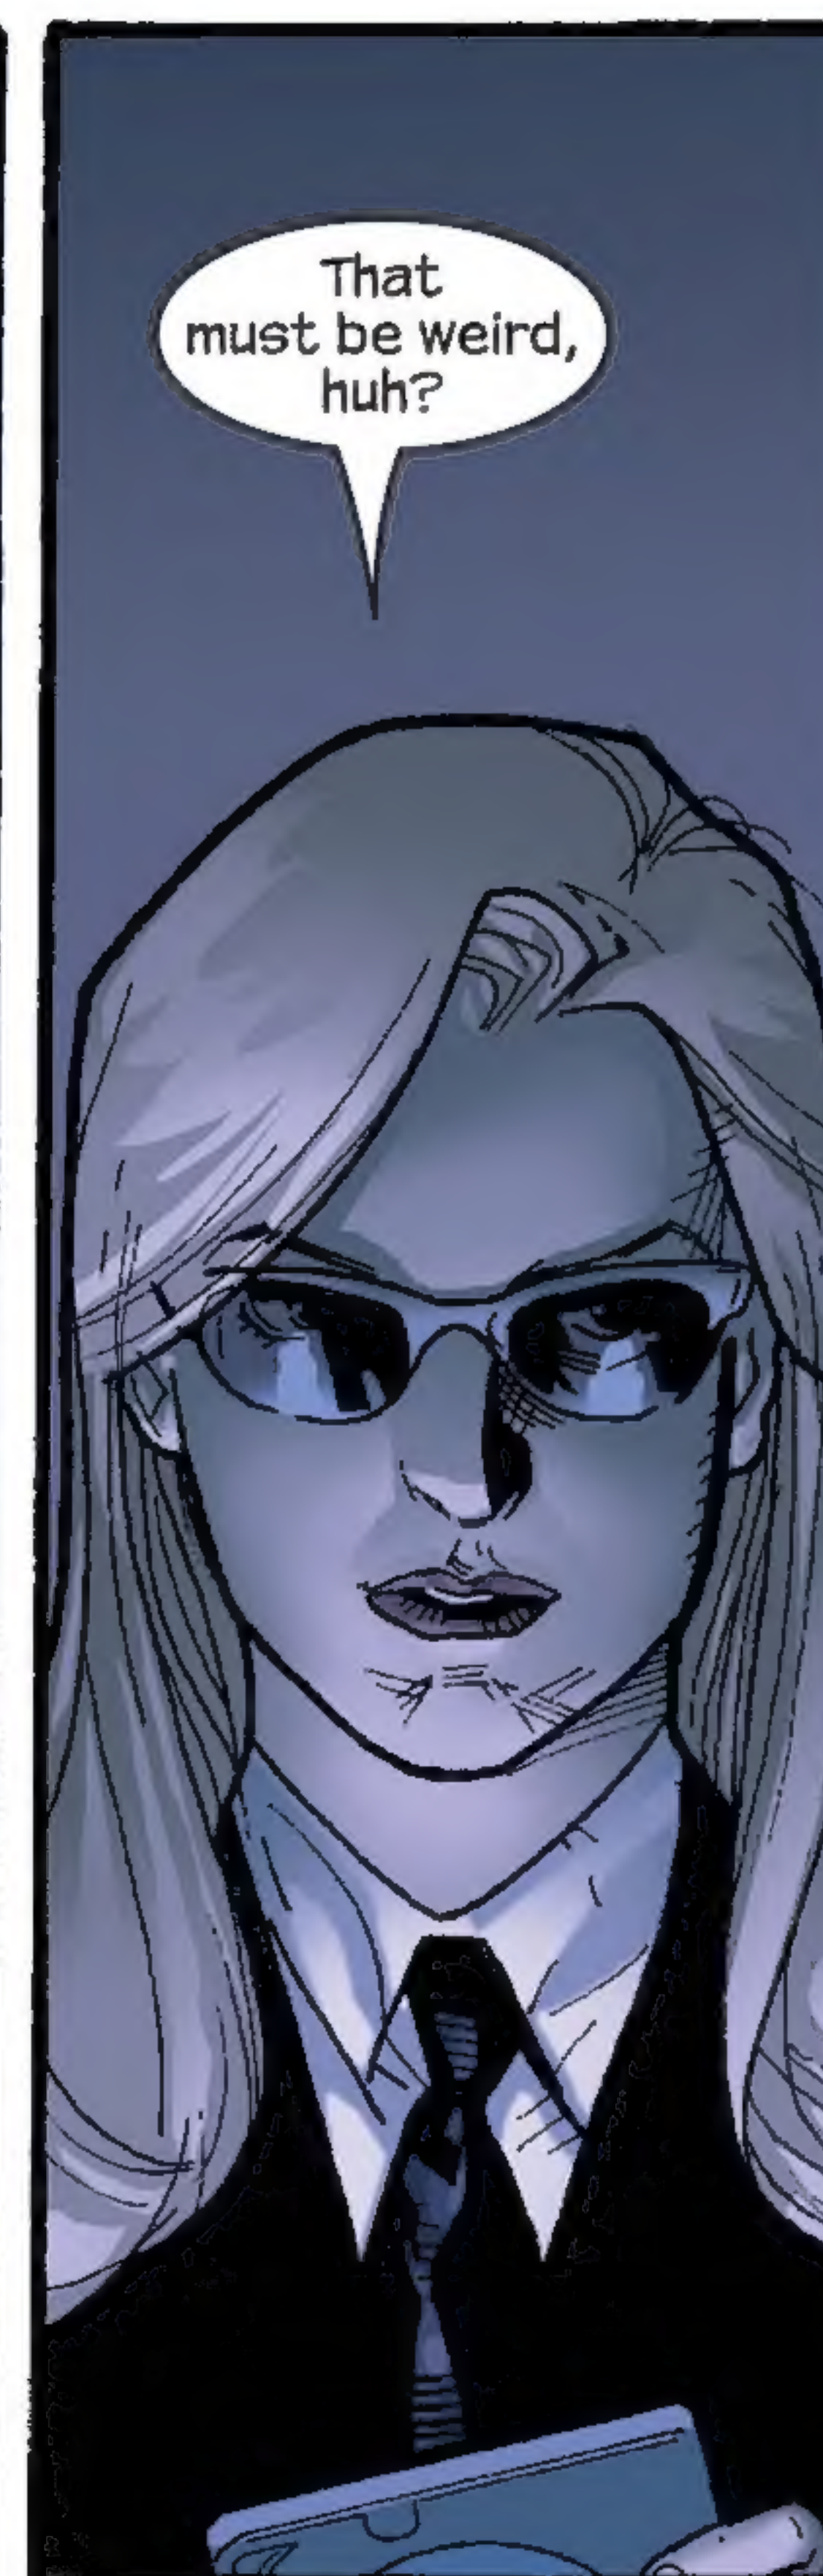

At this point I'd settle for just *growing up*.

Yeah. Uh-huh.

So you go to high school. You have a girlfriend. Parents are dead. Clones. You have clones.

Had.

That must be weird, huh?

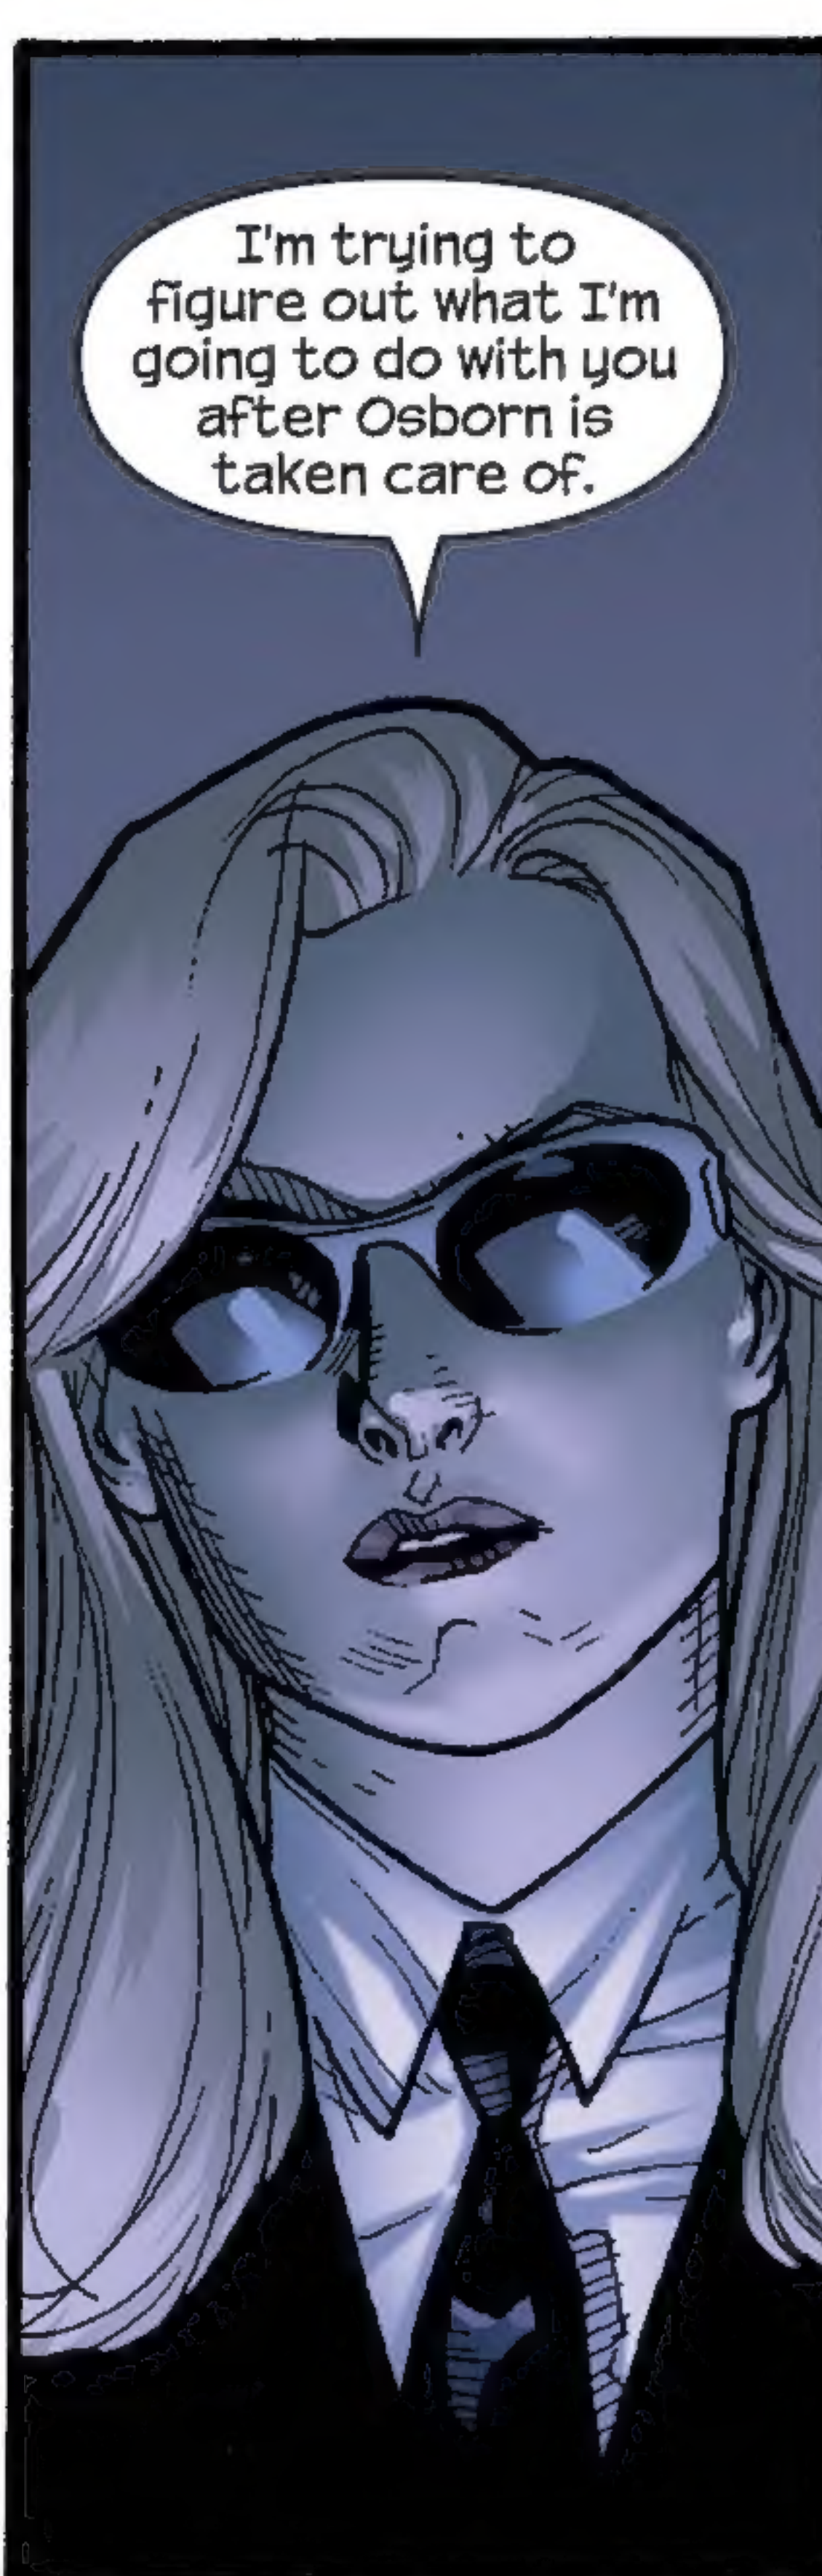

Yeah, you could say that.

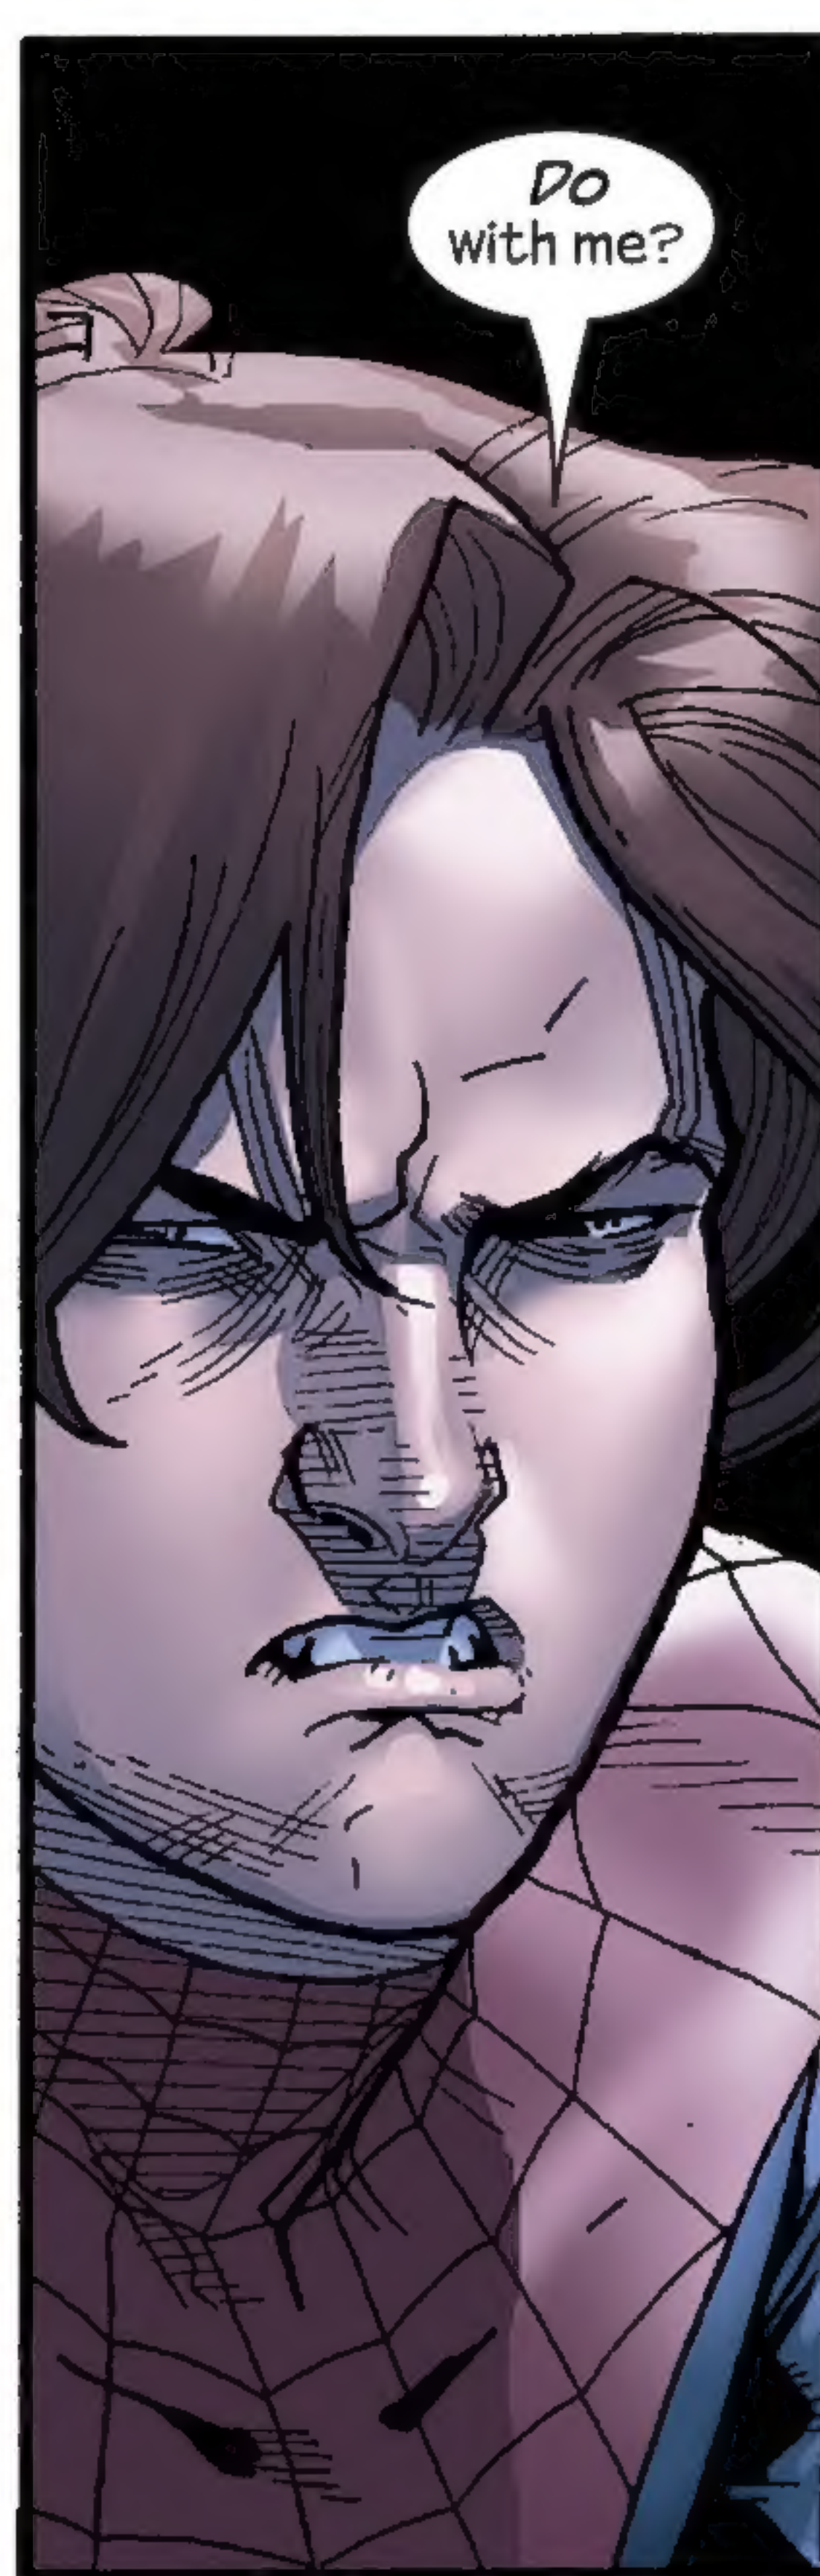

What- *why* am I here? Where *is* here??

It's the Triskelion. You're in New York. You're safe.

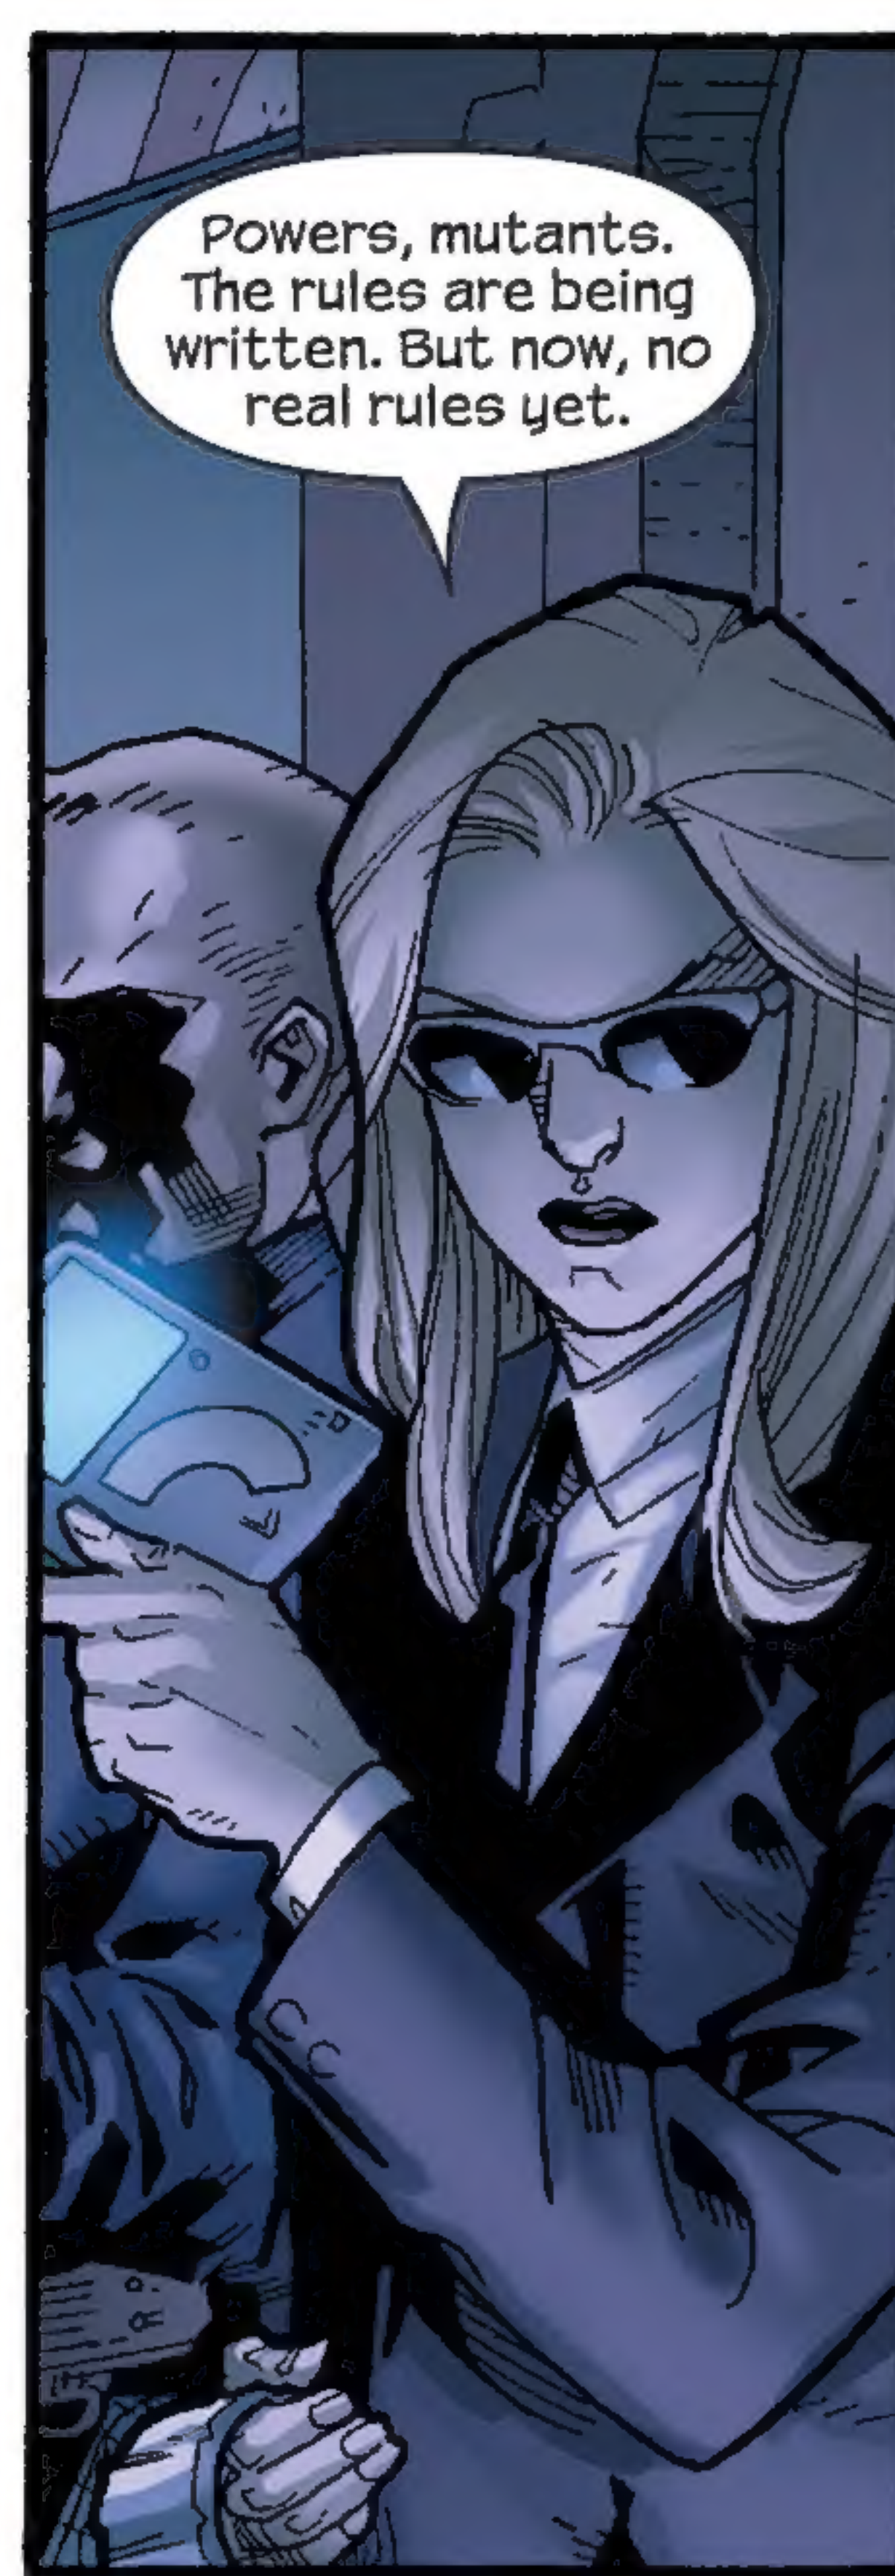

Yeah. Safe.

I'm trying to figure out what I'm going to do with you after Osborn is taken care of.

Do with me?

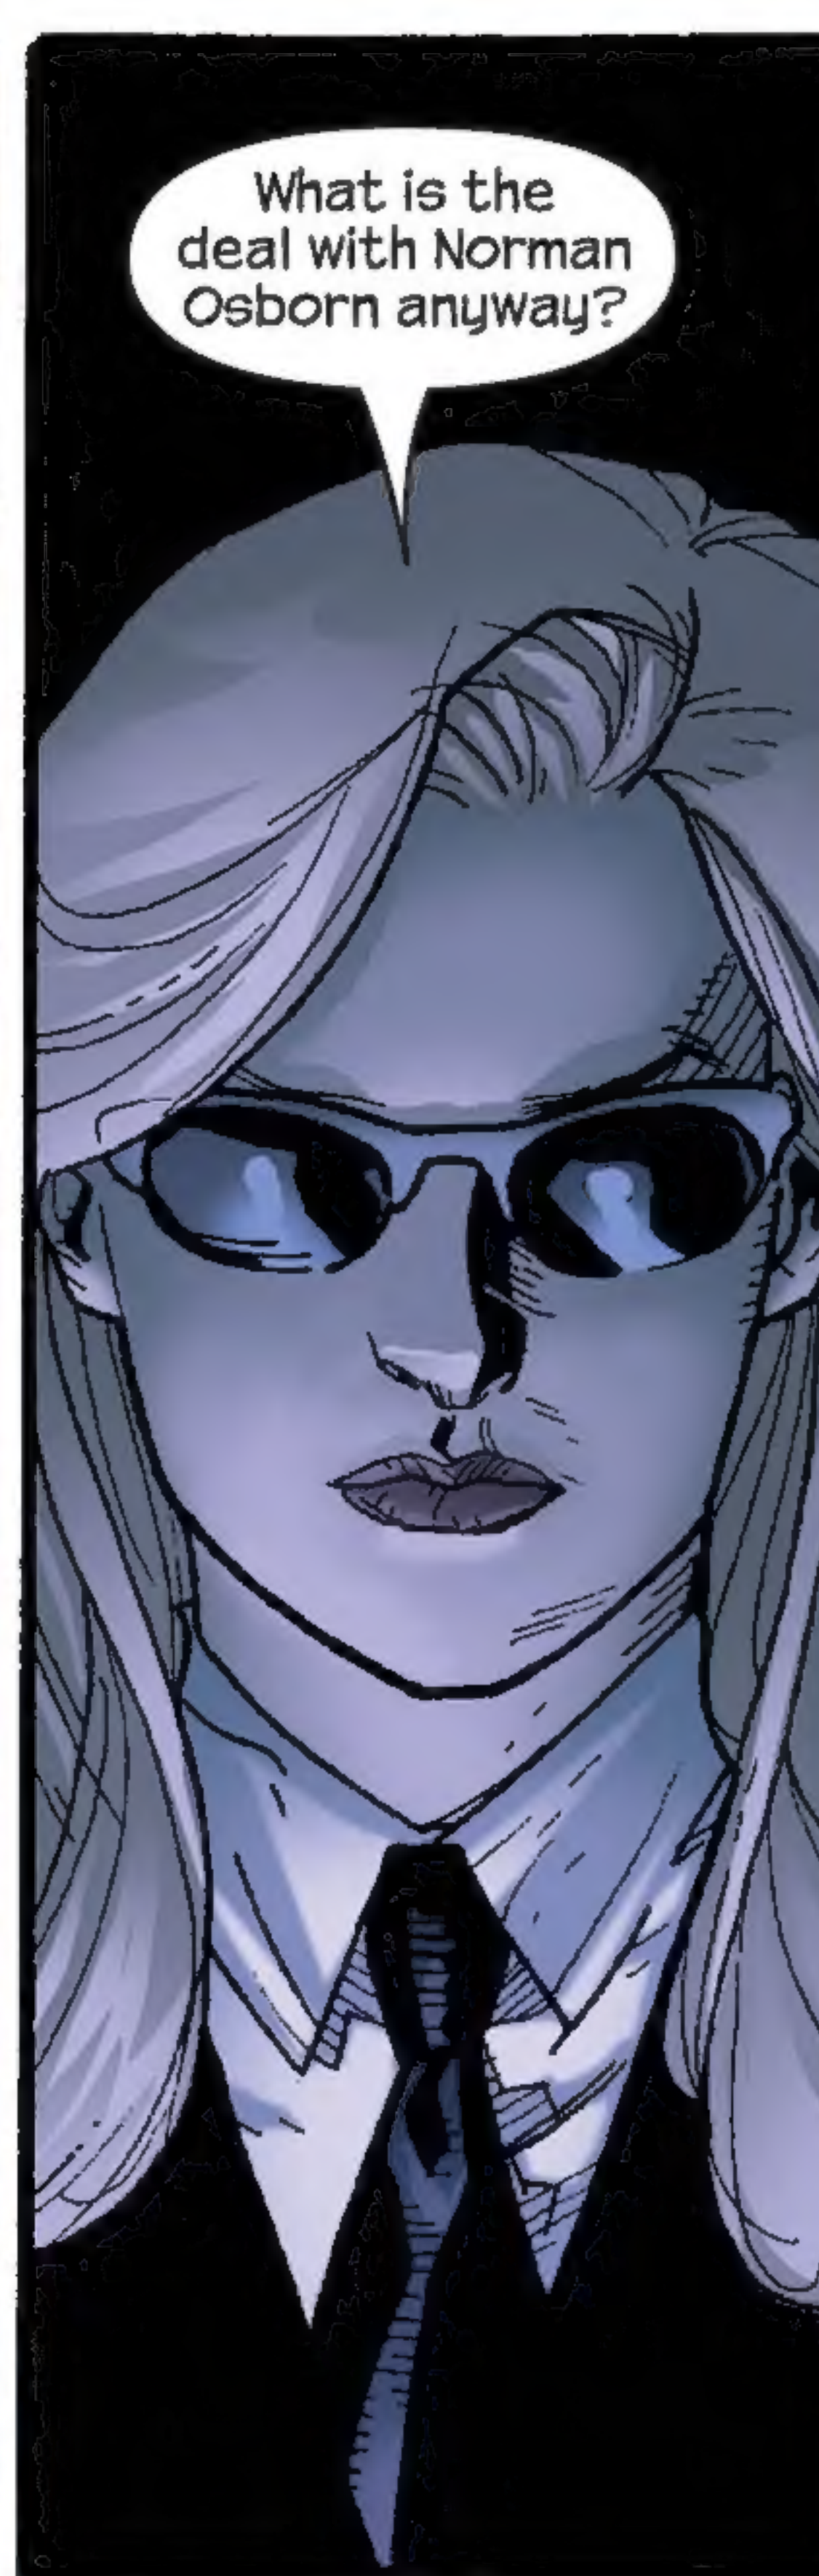

Powers, mutants. The rules are being written. But now, no real rules yet.

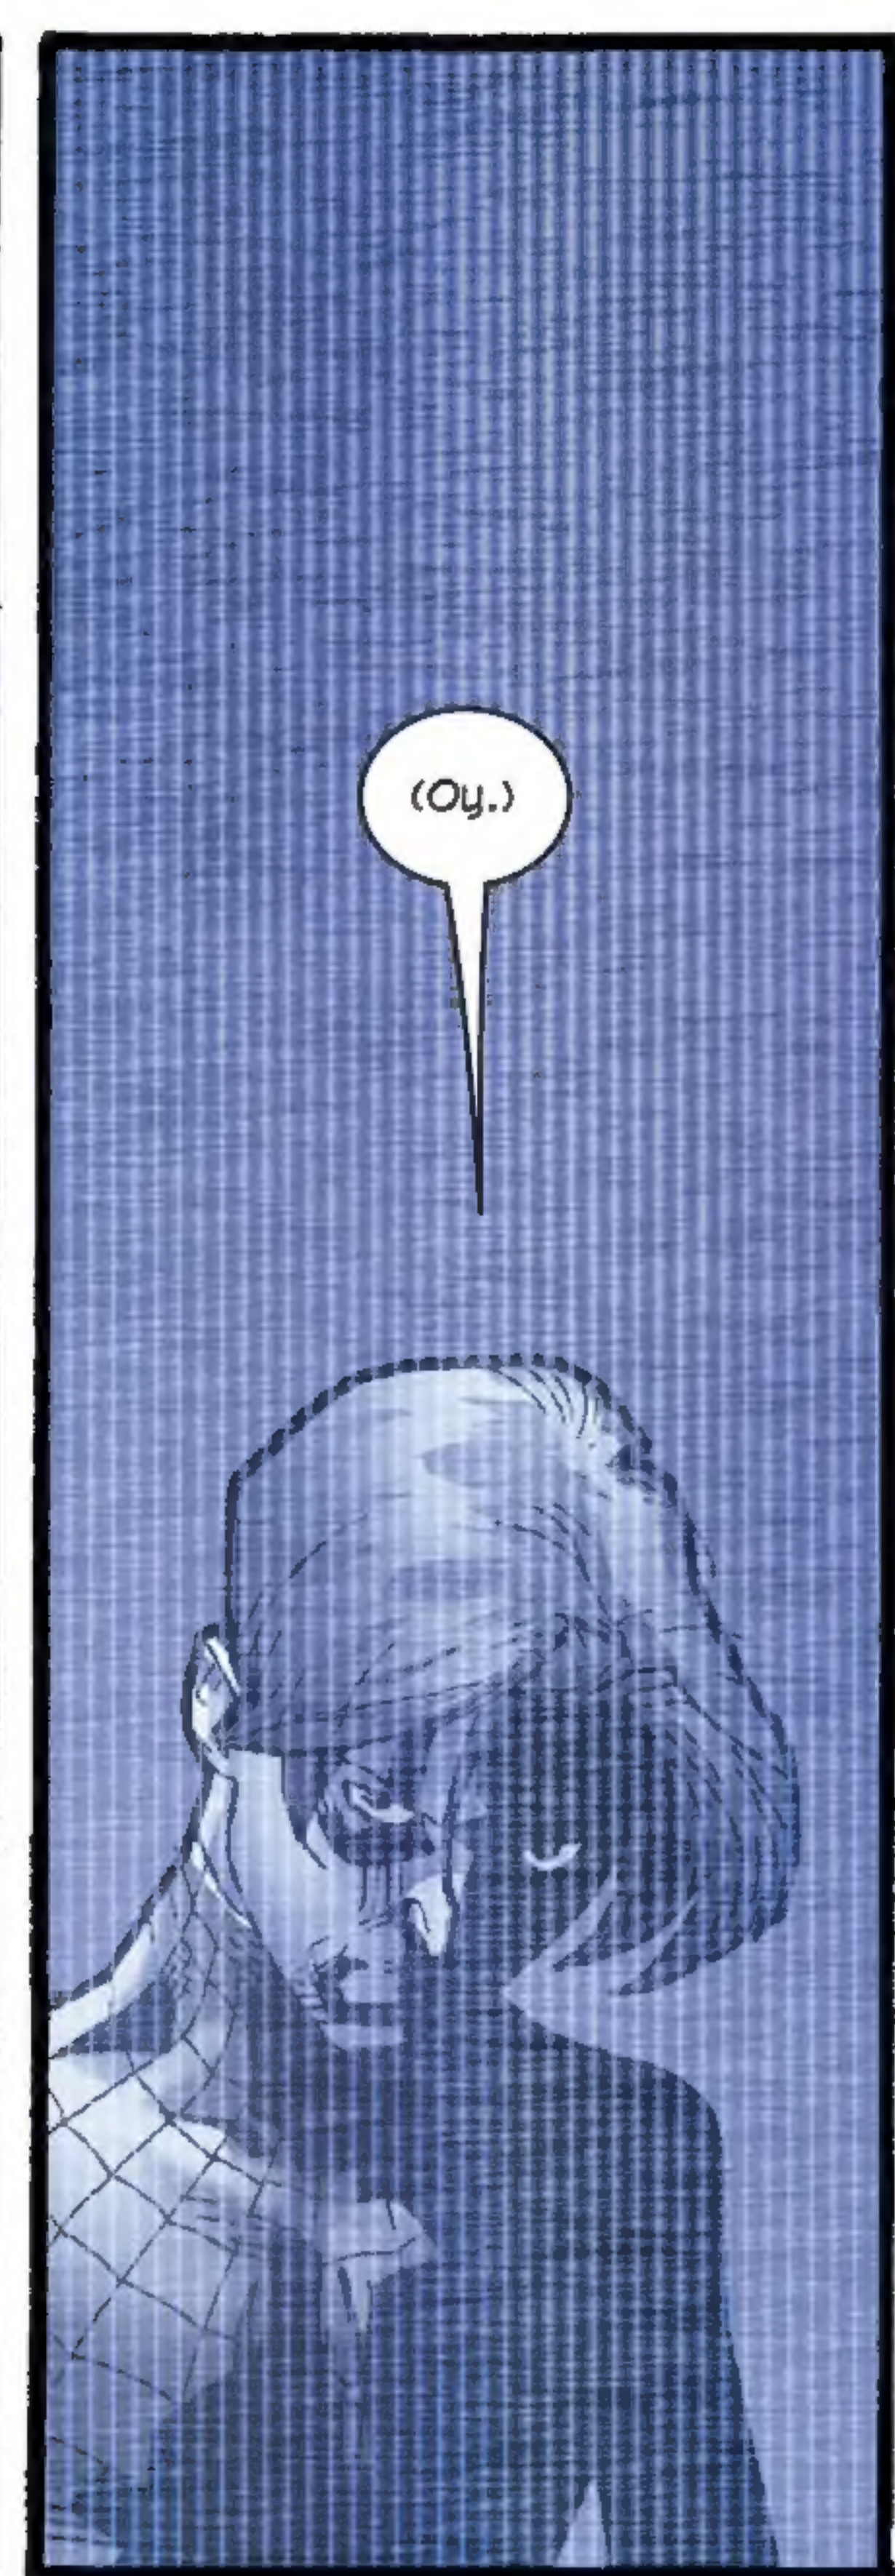

Oh, I have an idea.

Why don't you let me out of here, let me go back to school and back to my life- and if anything Gobliny comes by, I'll give you a call.

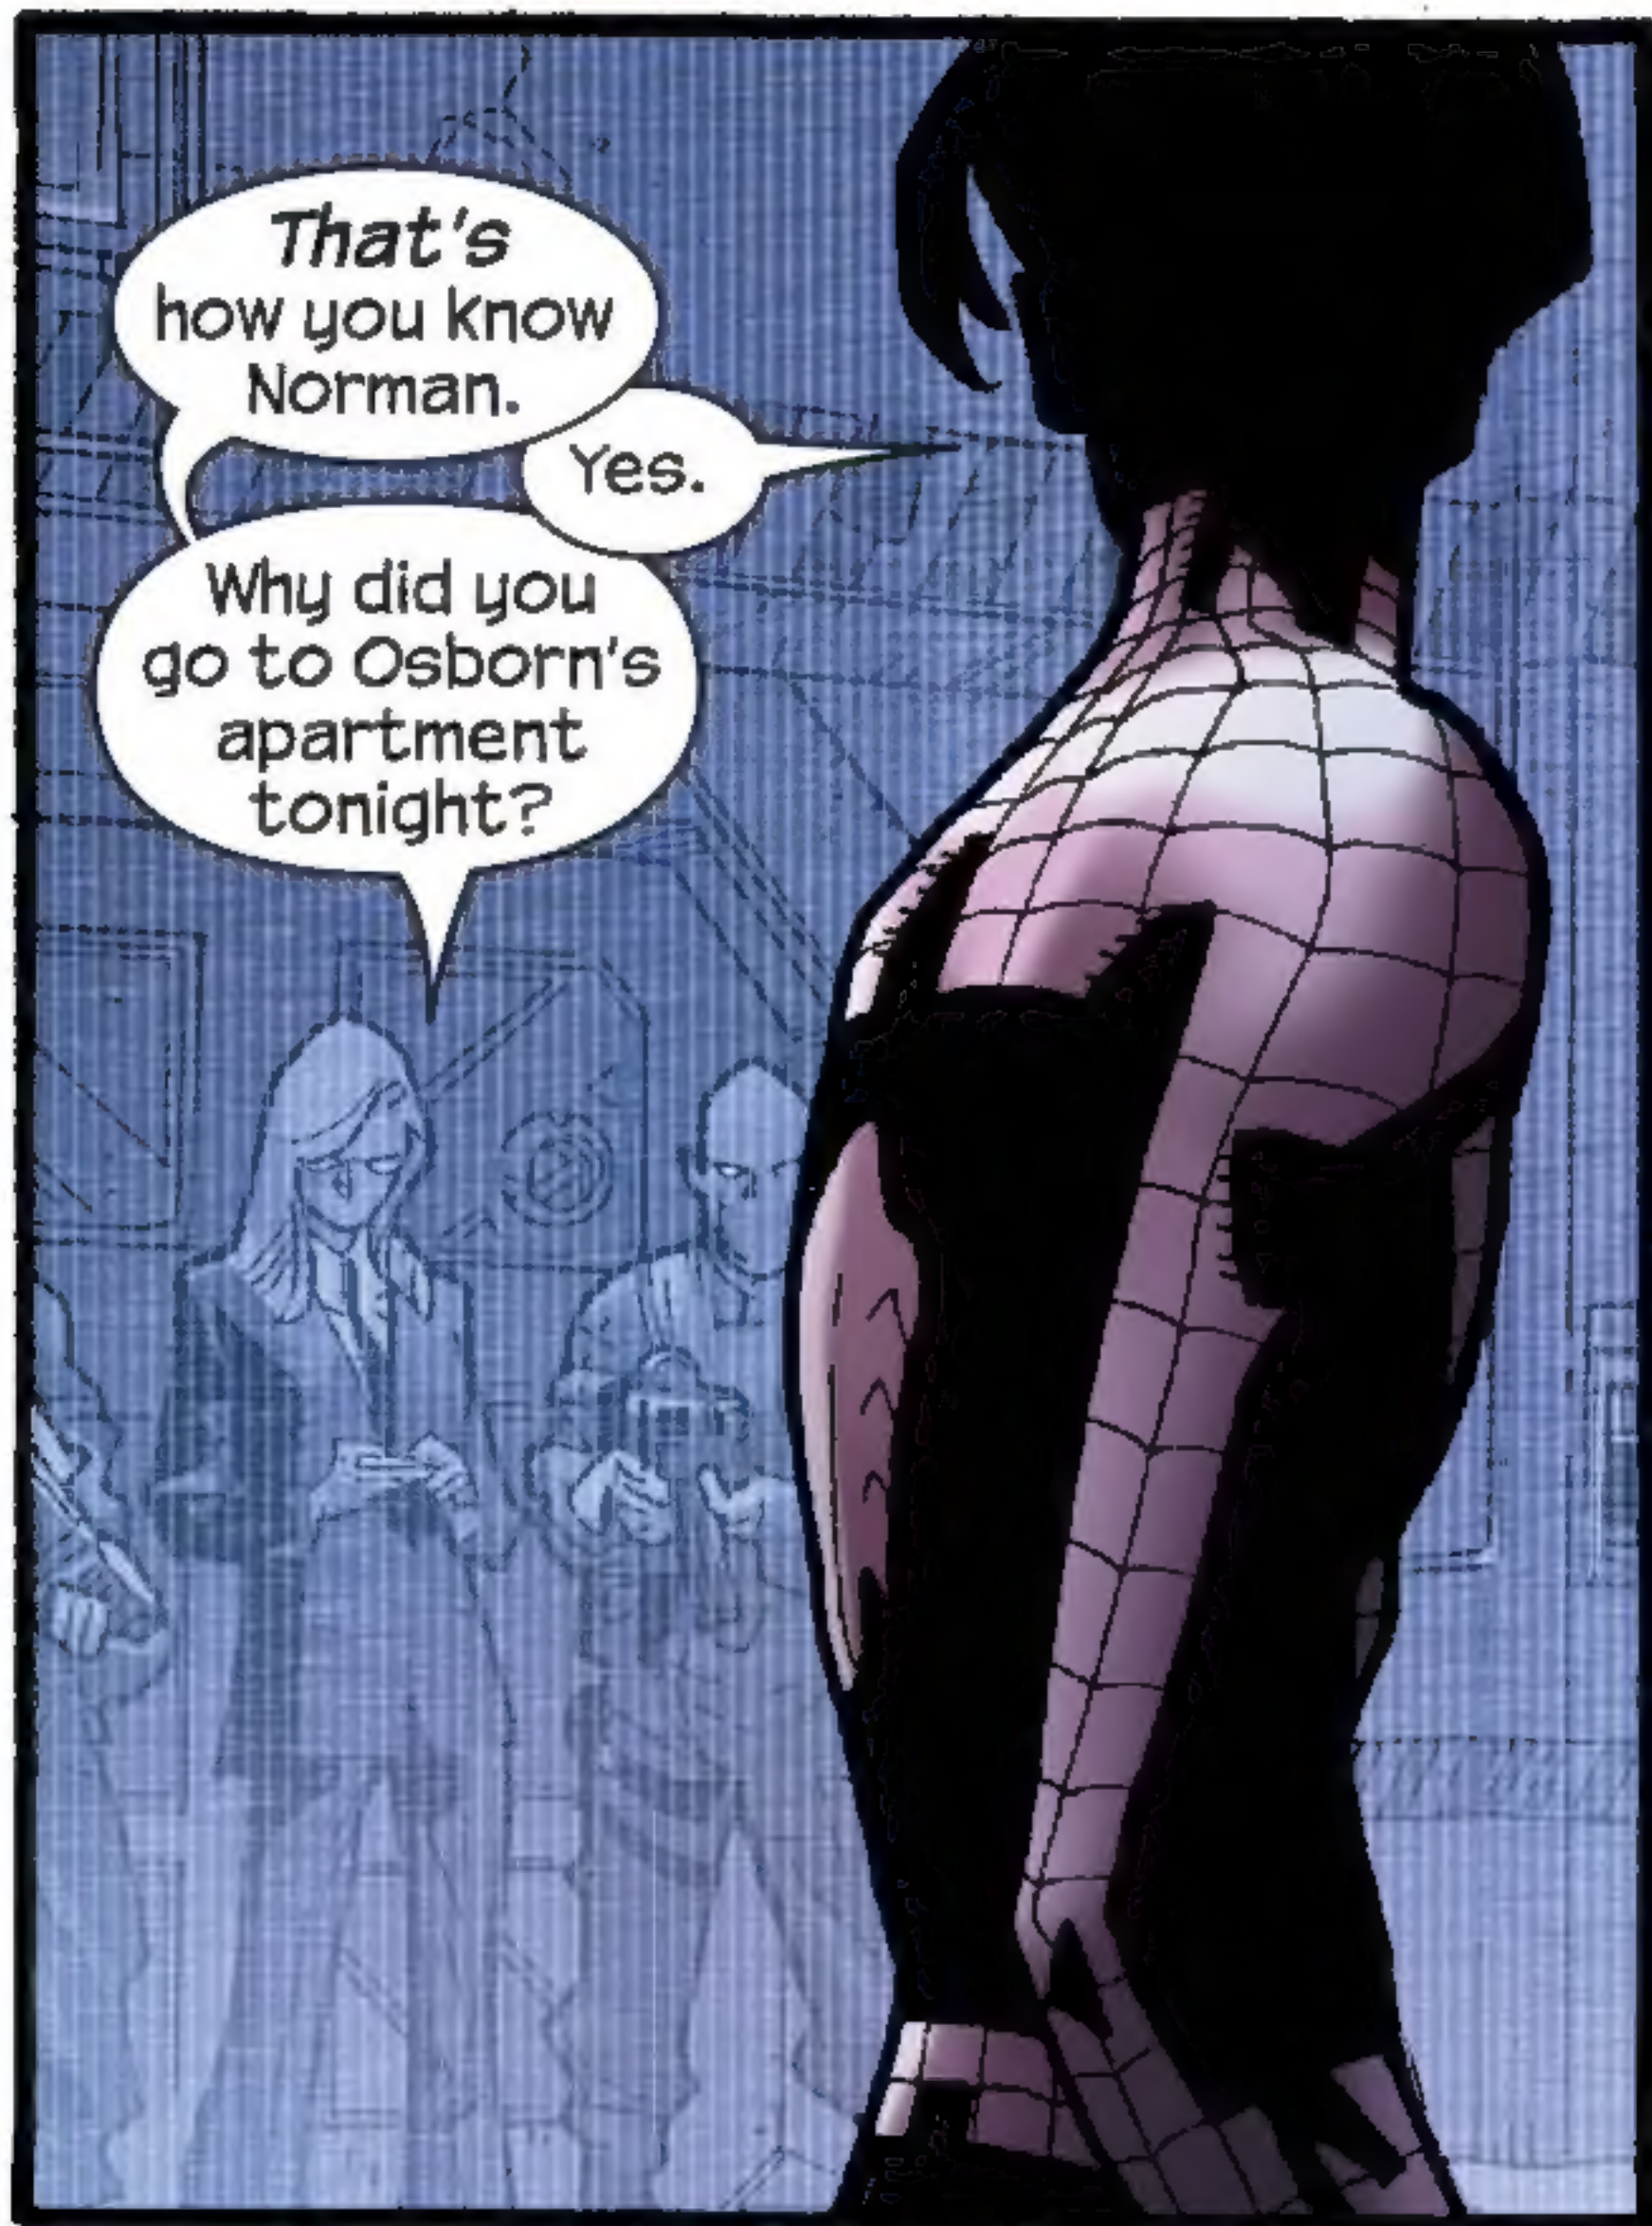

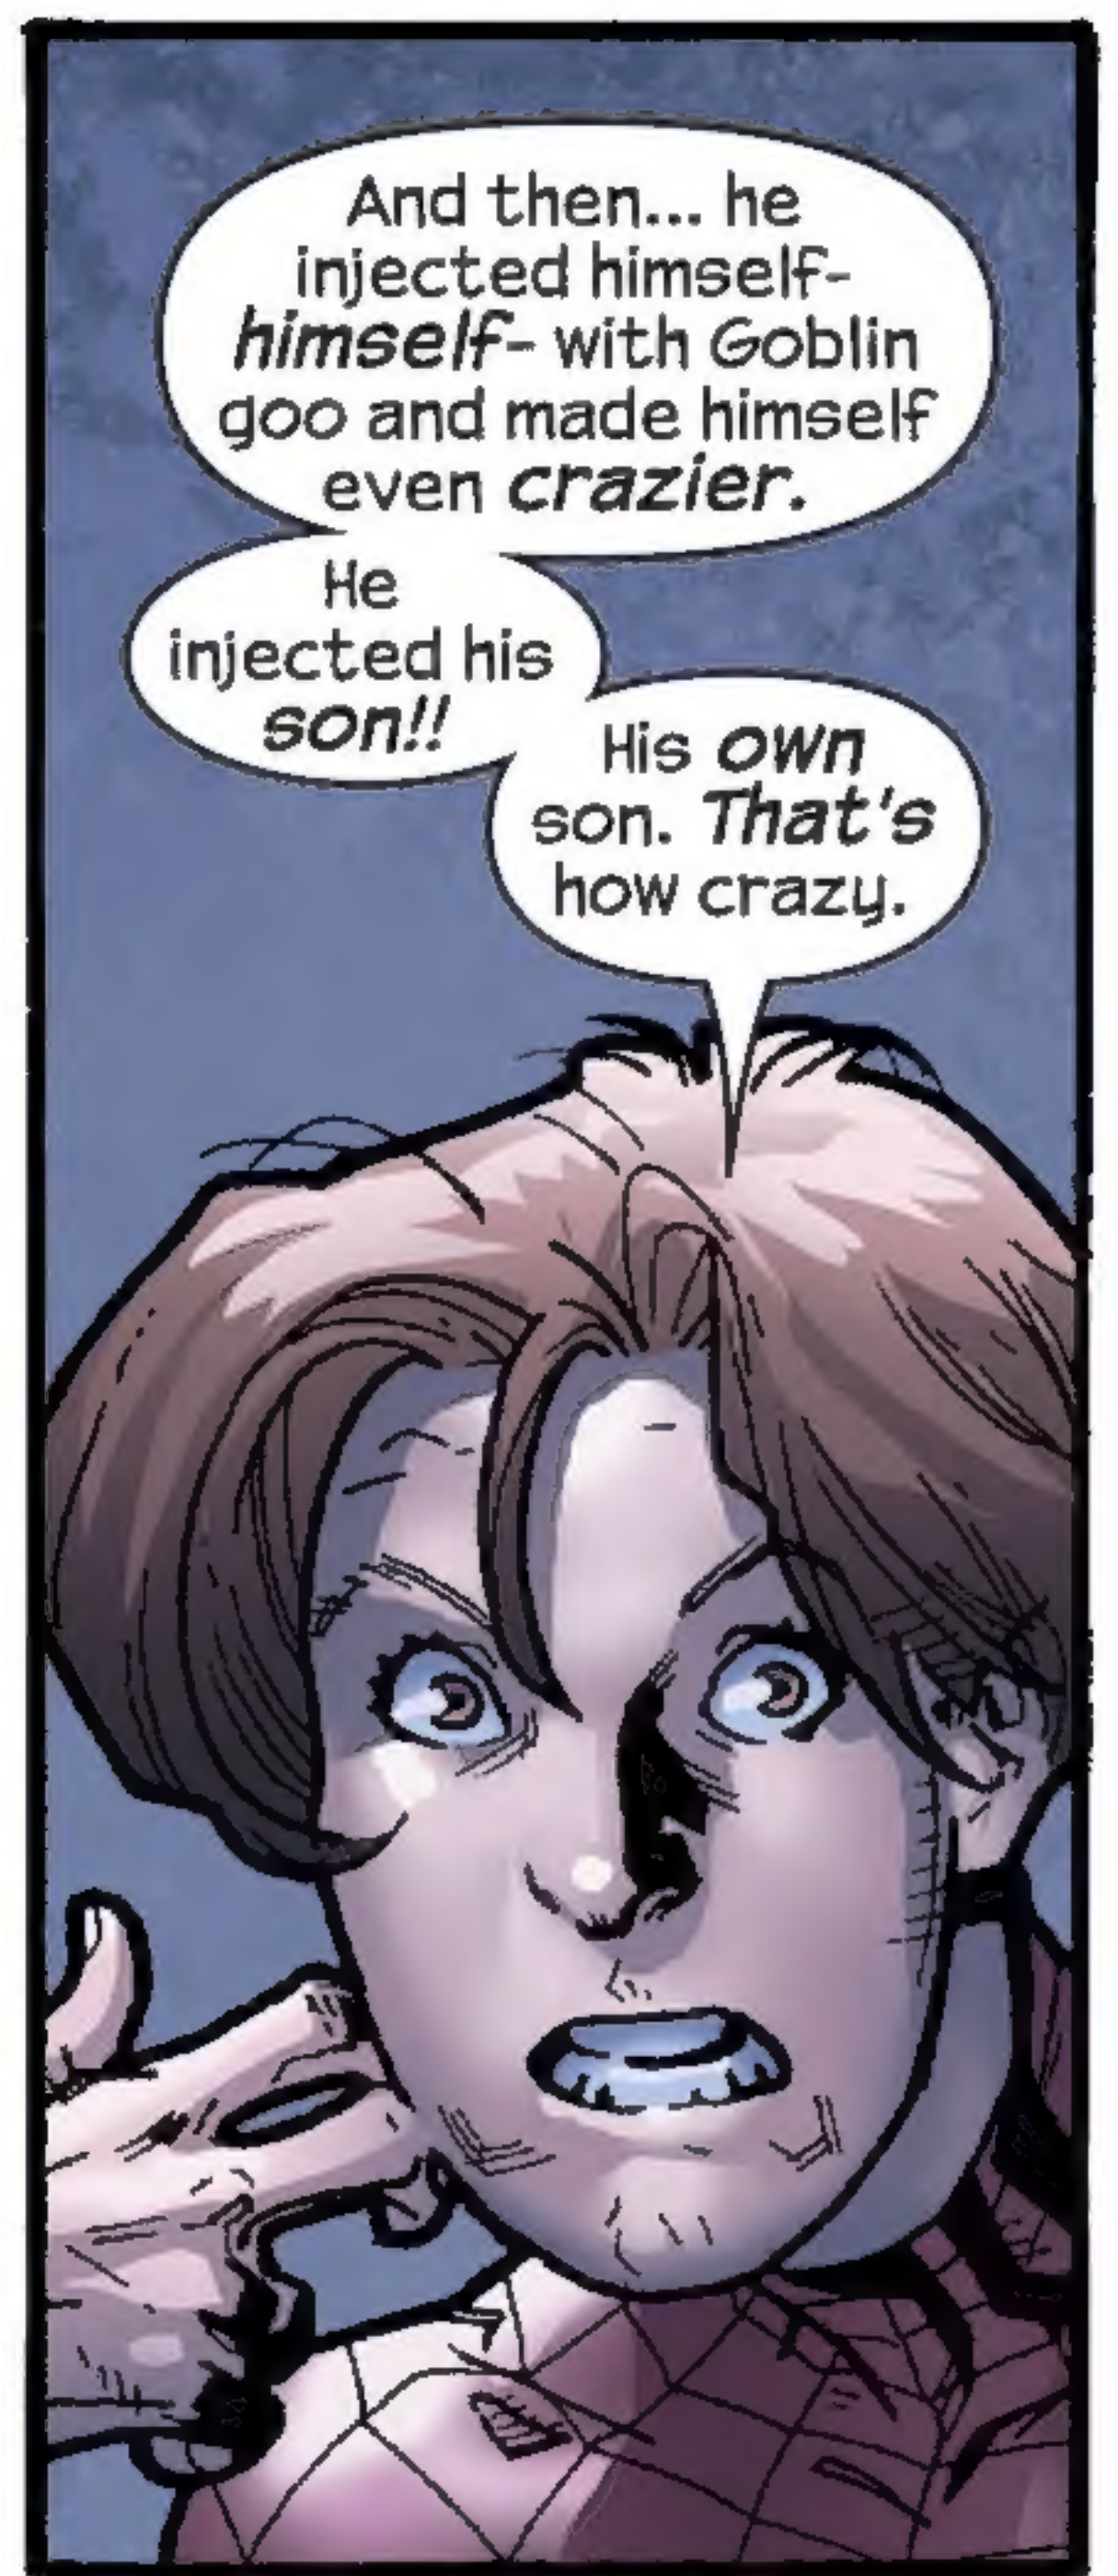

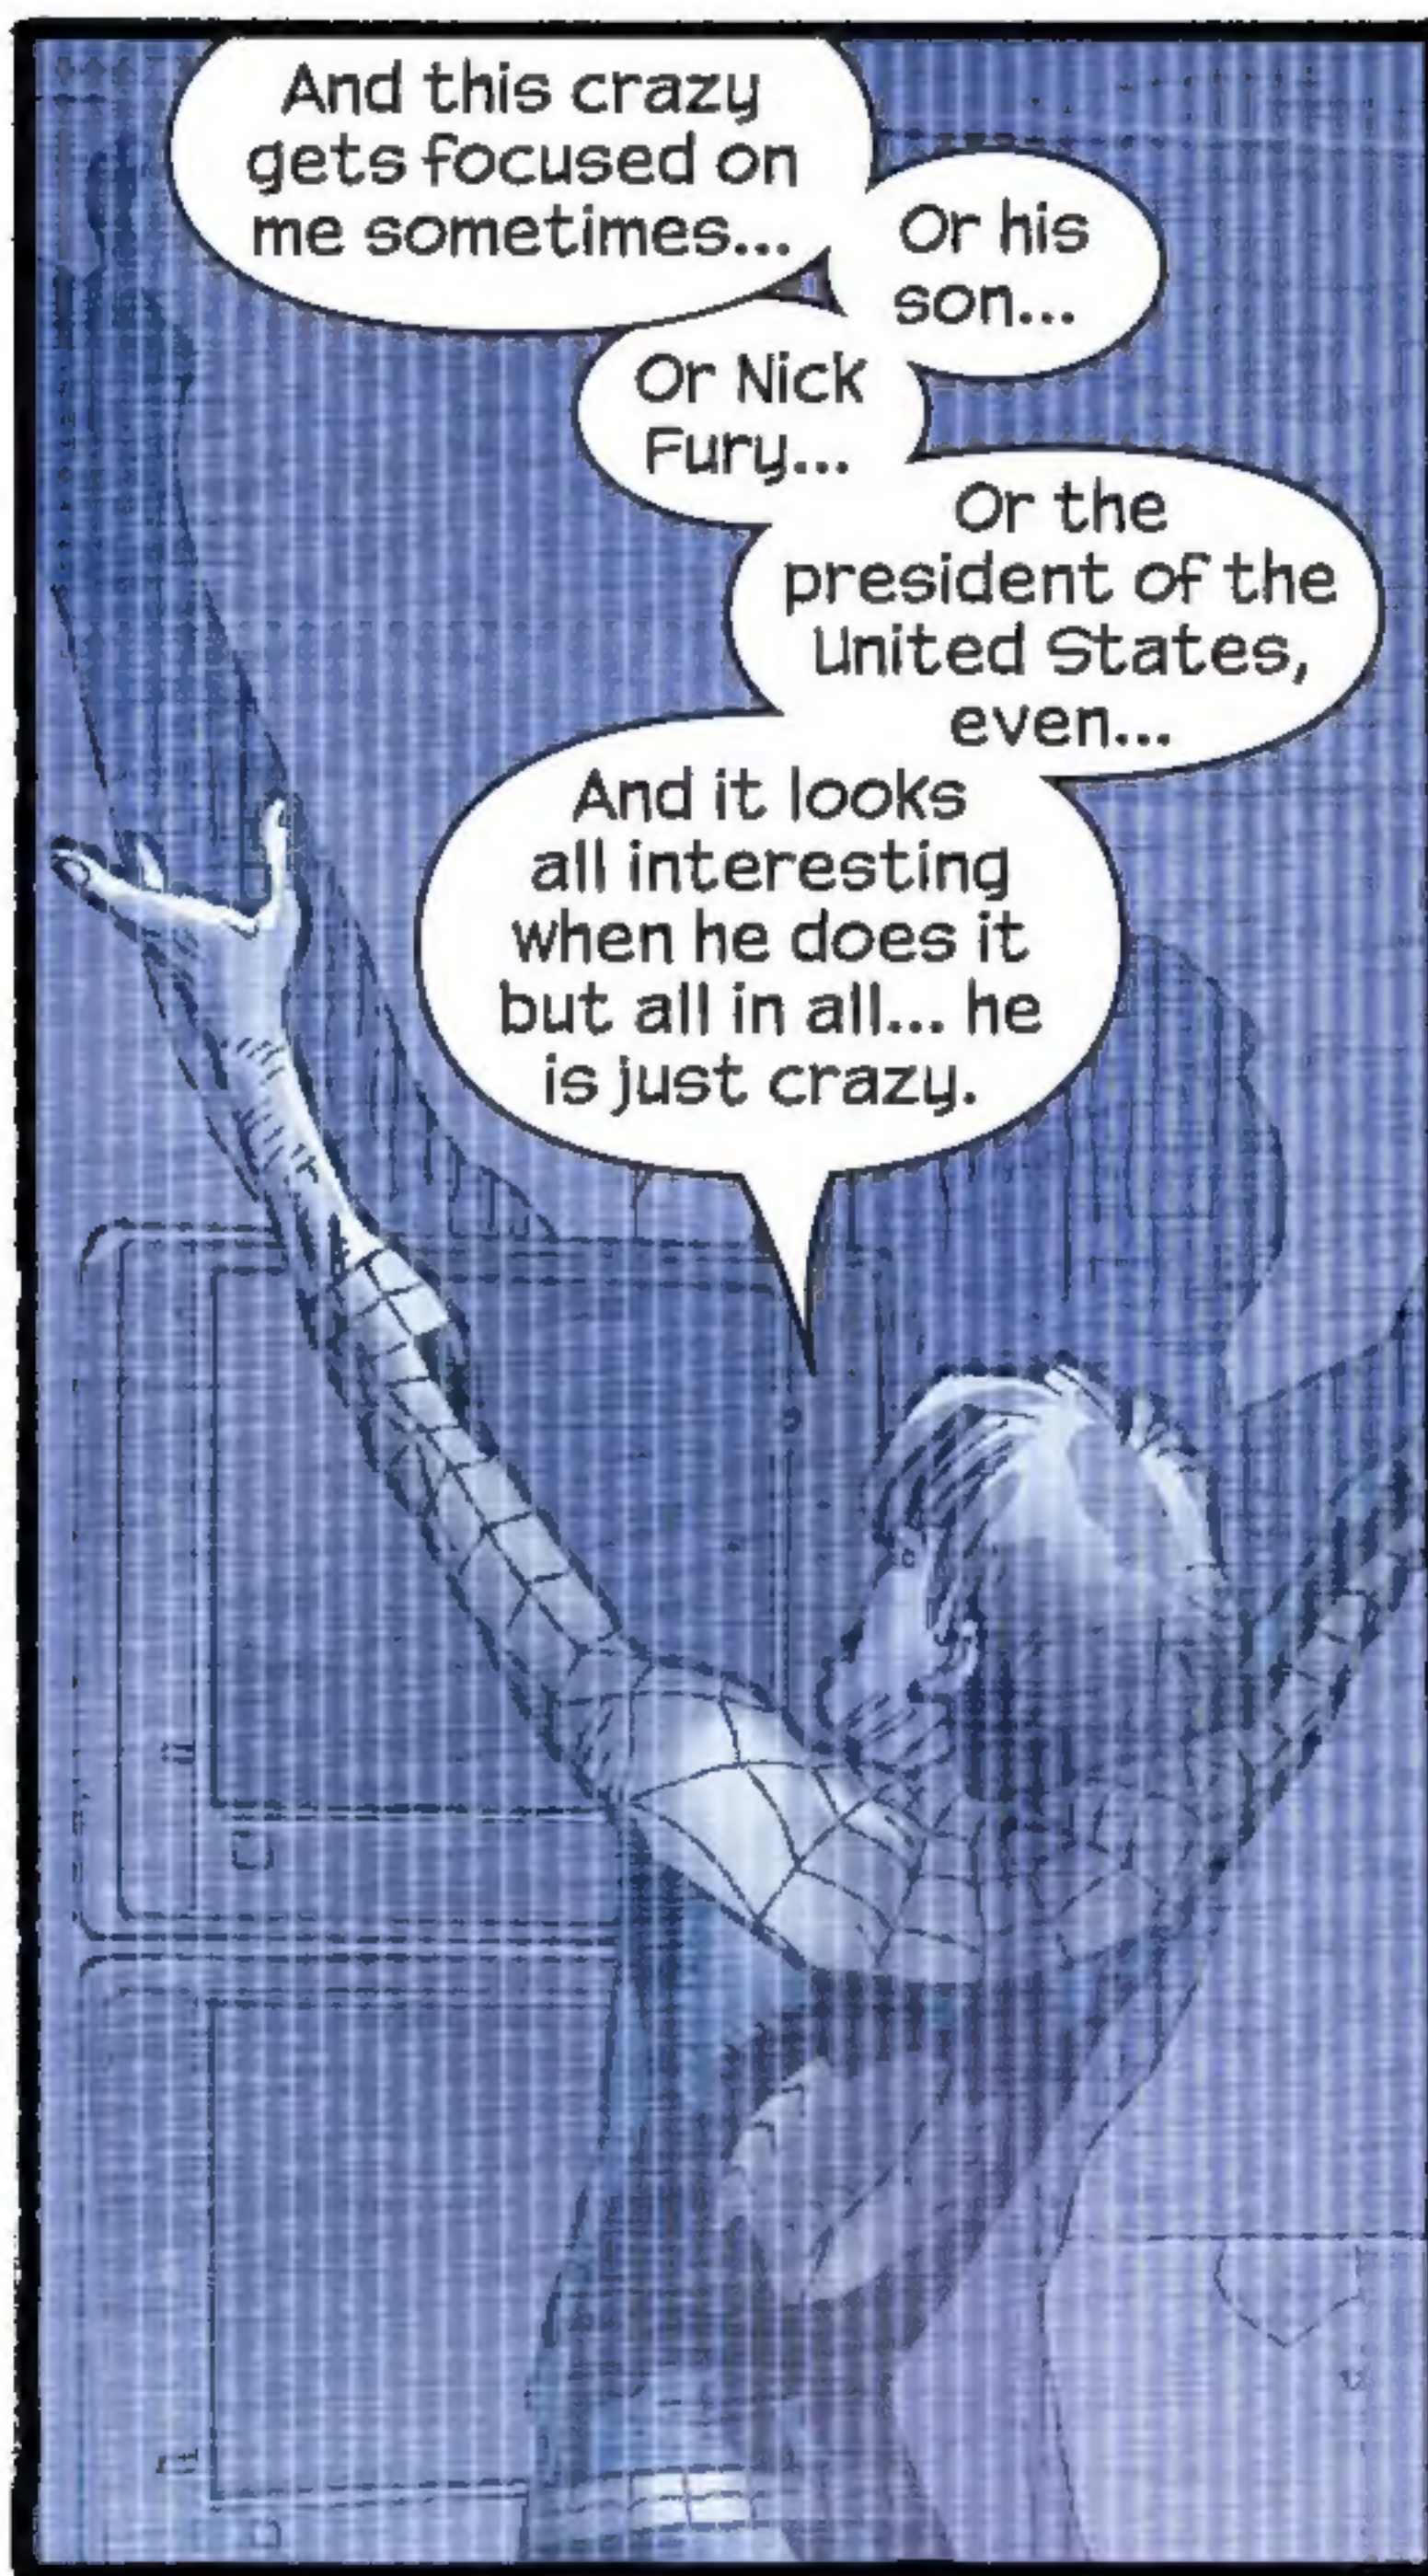

What is the deal with Norman Osborn anyway?

(Oy..)

This is Agent Woo reporting from the Upper West Side of Manhattan and we got a thing here.

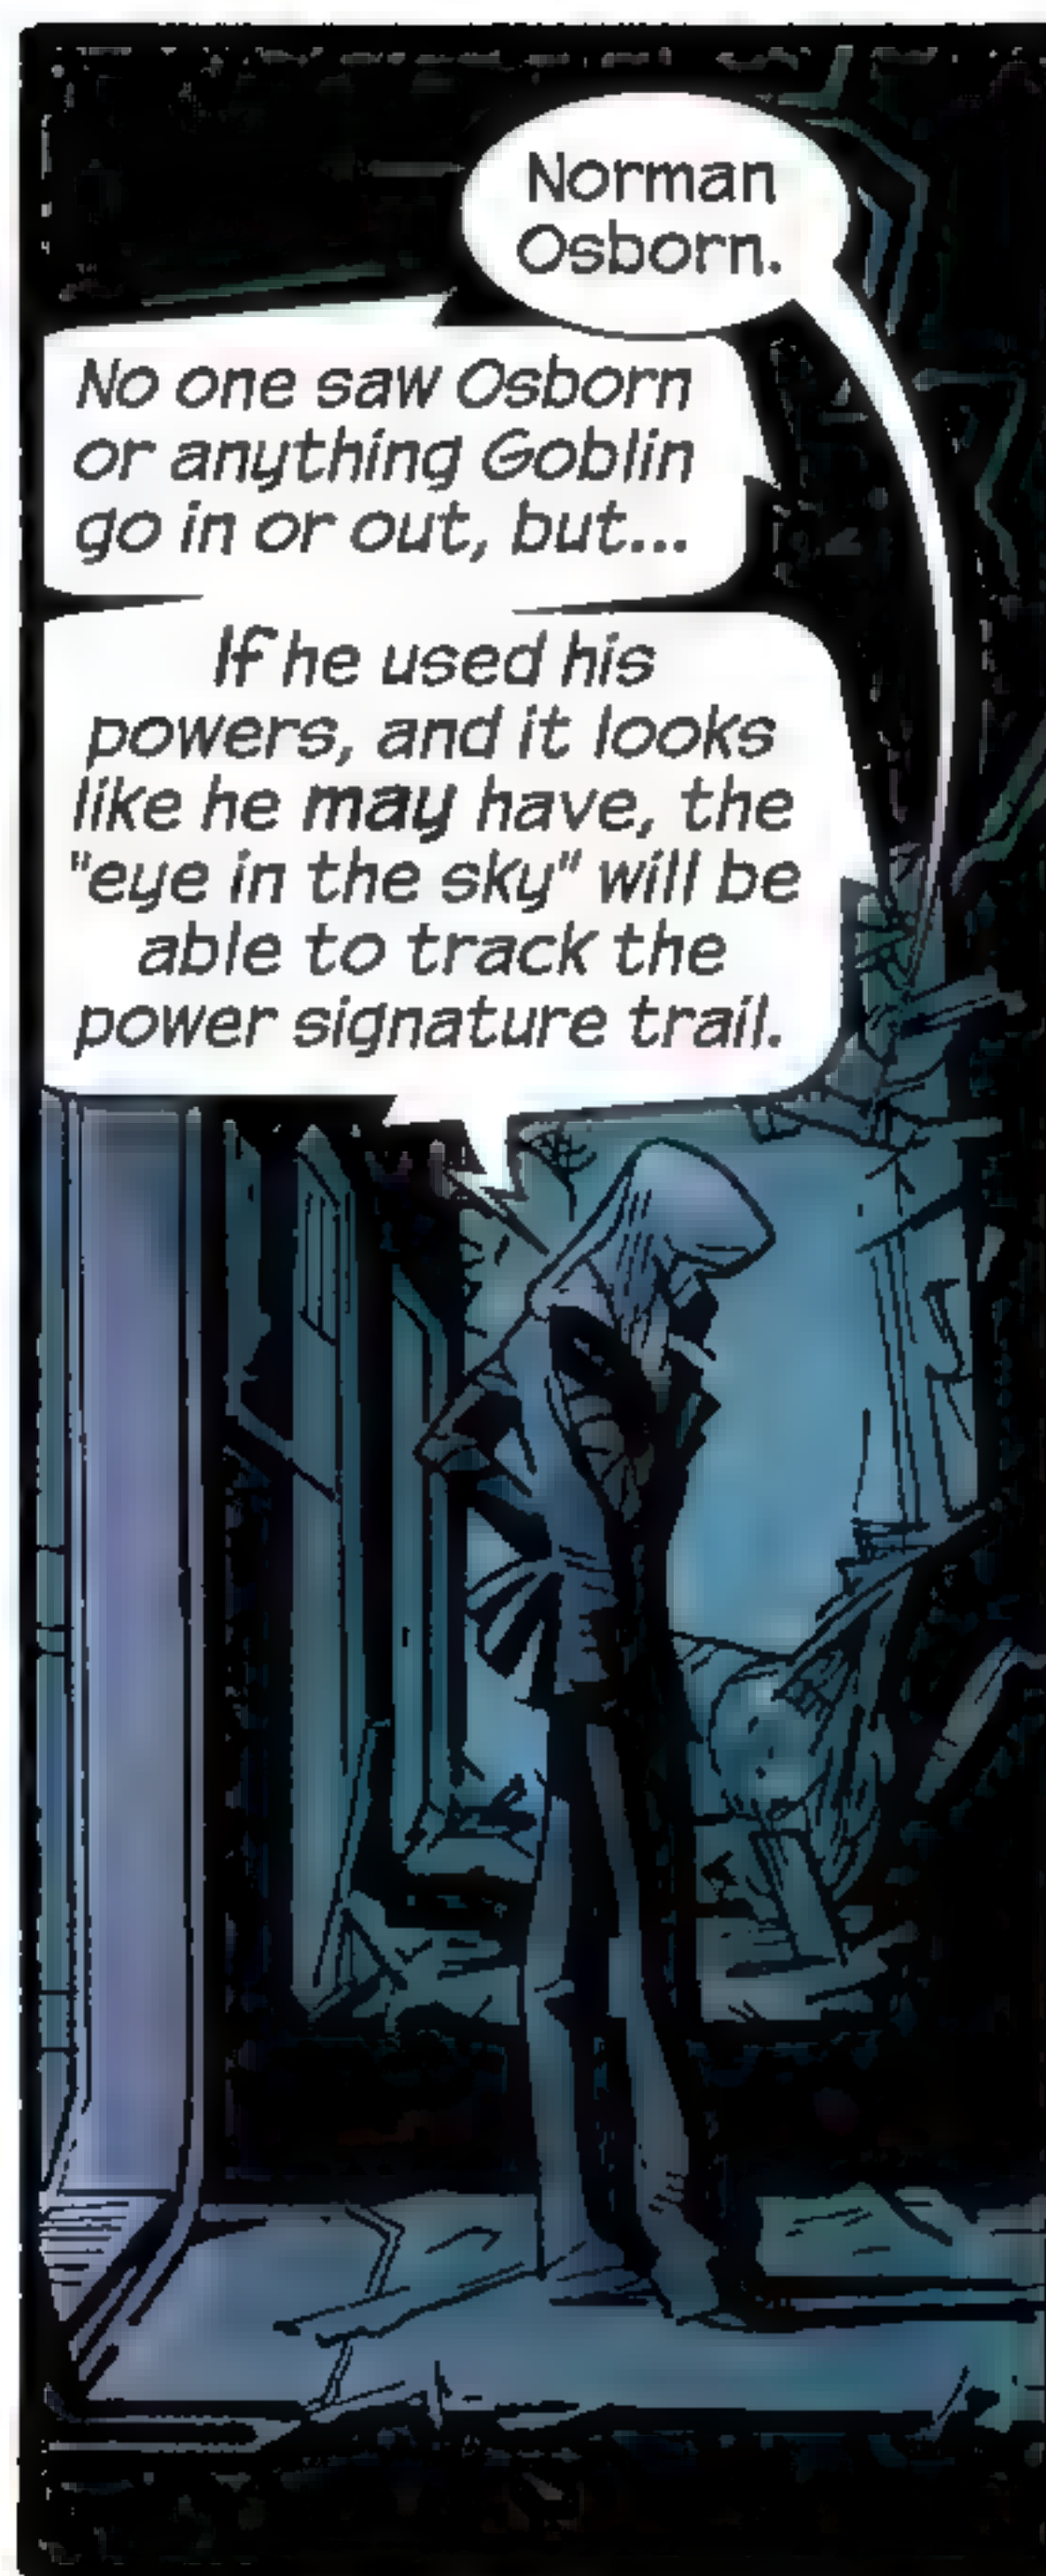

We got a high-rise penthouse burning. Local is on it.

And?

It belonged to Joseph Sinnott, attorney-at-law.

Dead lawyer, bummer.

Whose clients include--

Norman Osborn.

No one saw Osborn or anything Goblin go in or out, but...

If he used his powers, and it looks like he may have, the "eye in the sky" will be able to track the power signature trail.

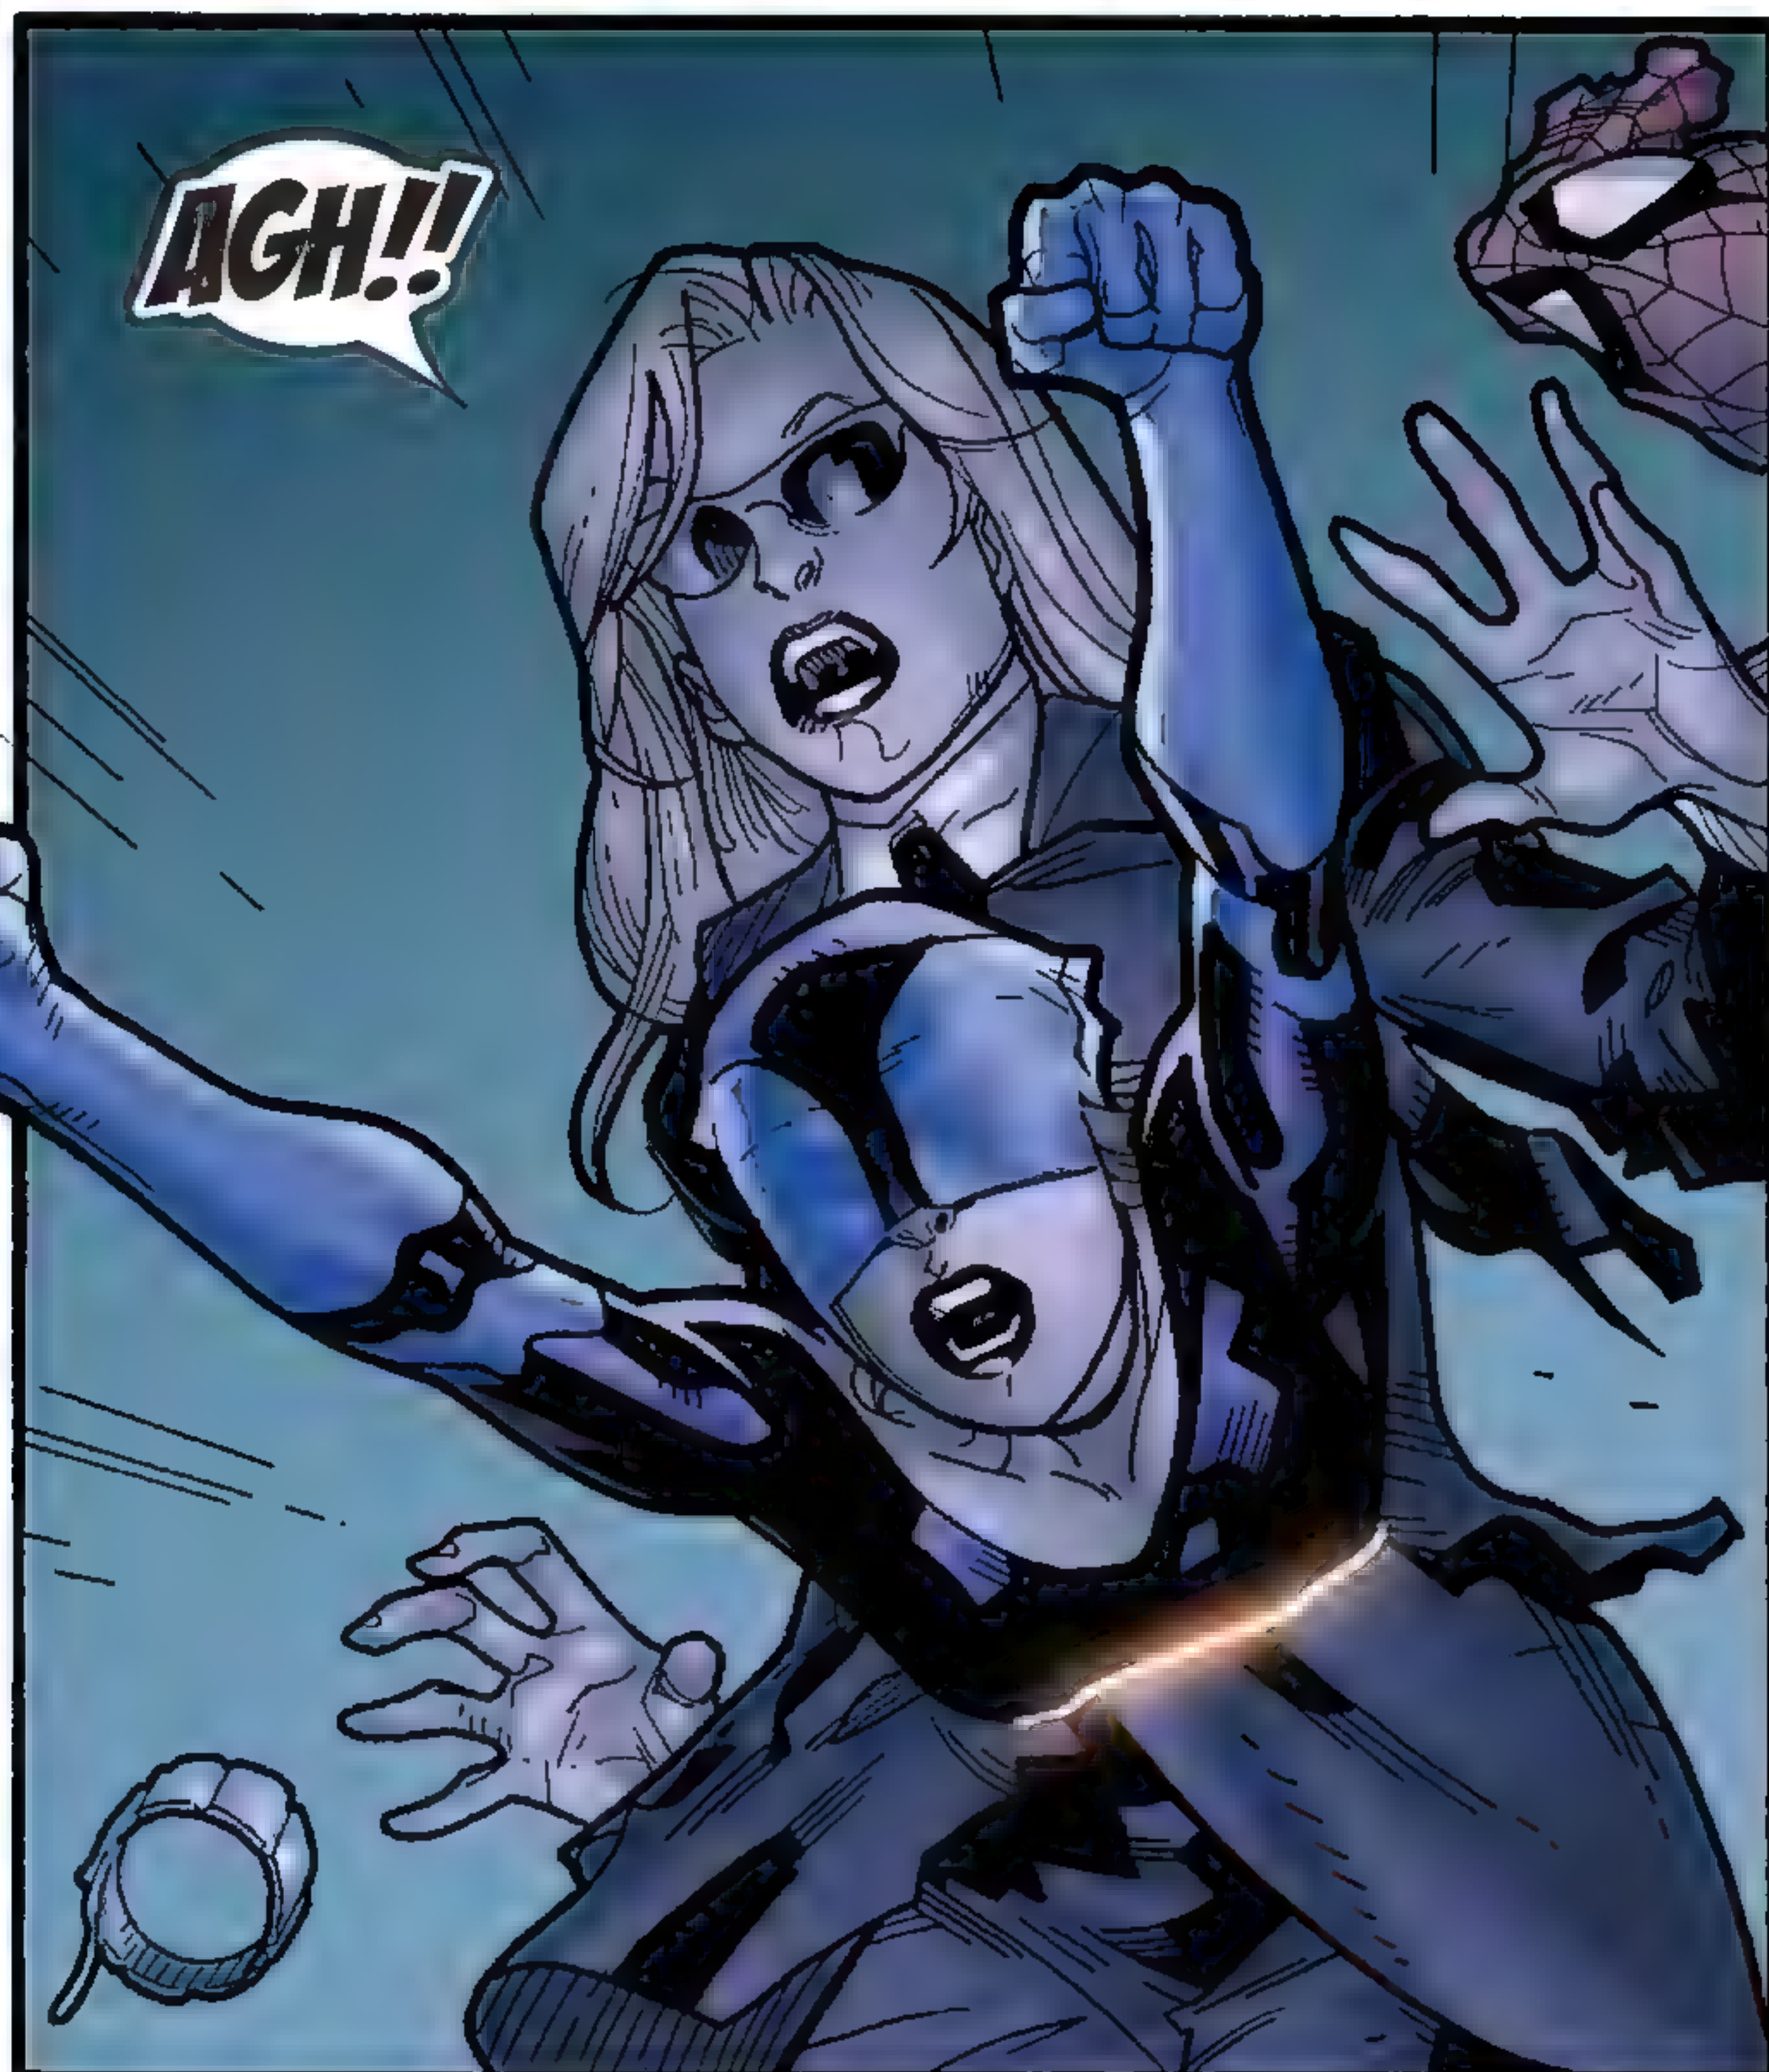

Really.

I called the war room. They are already working on it.

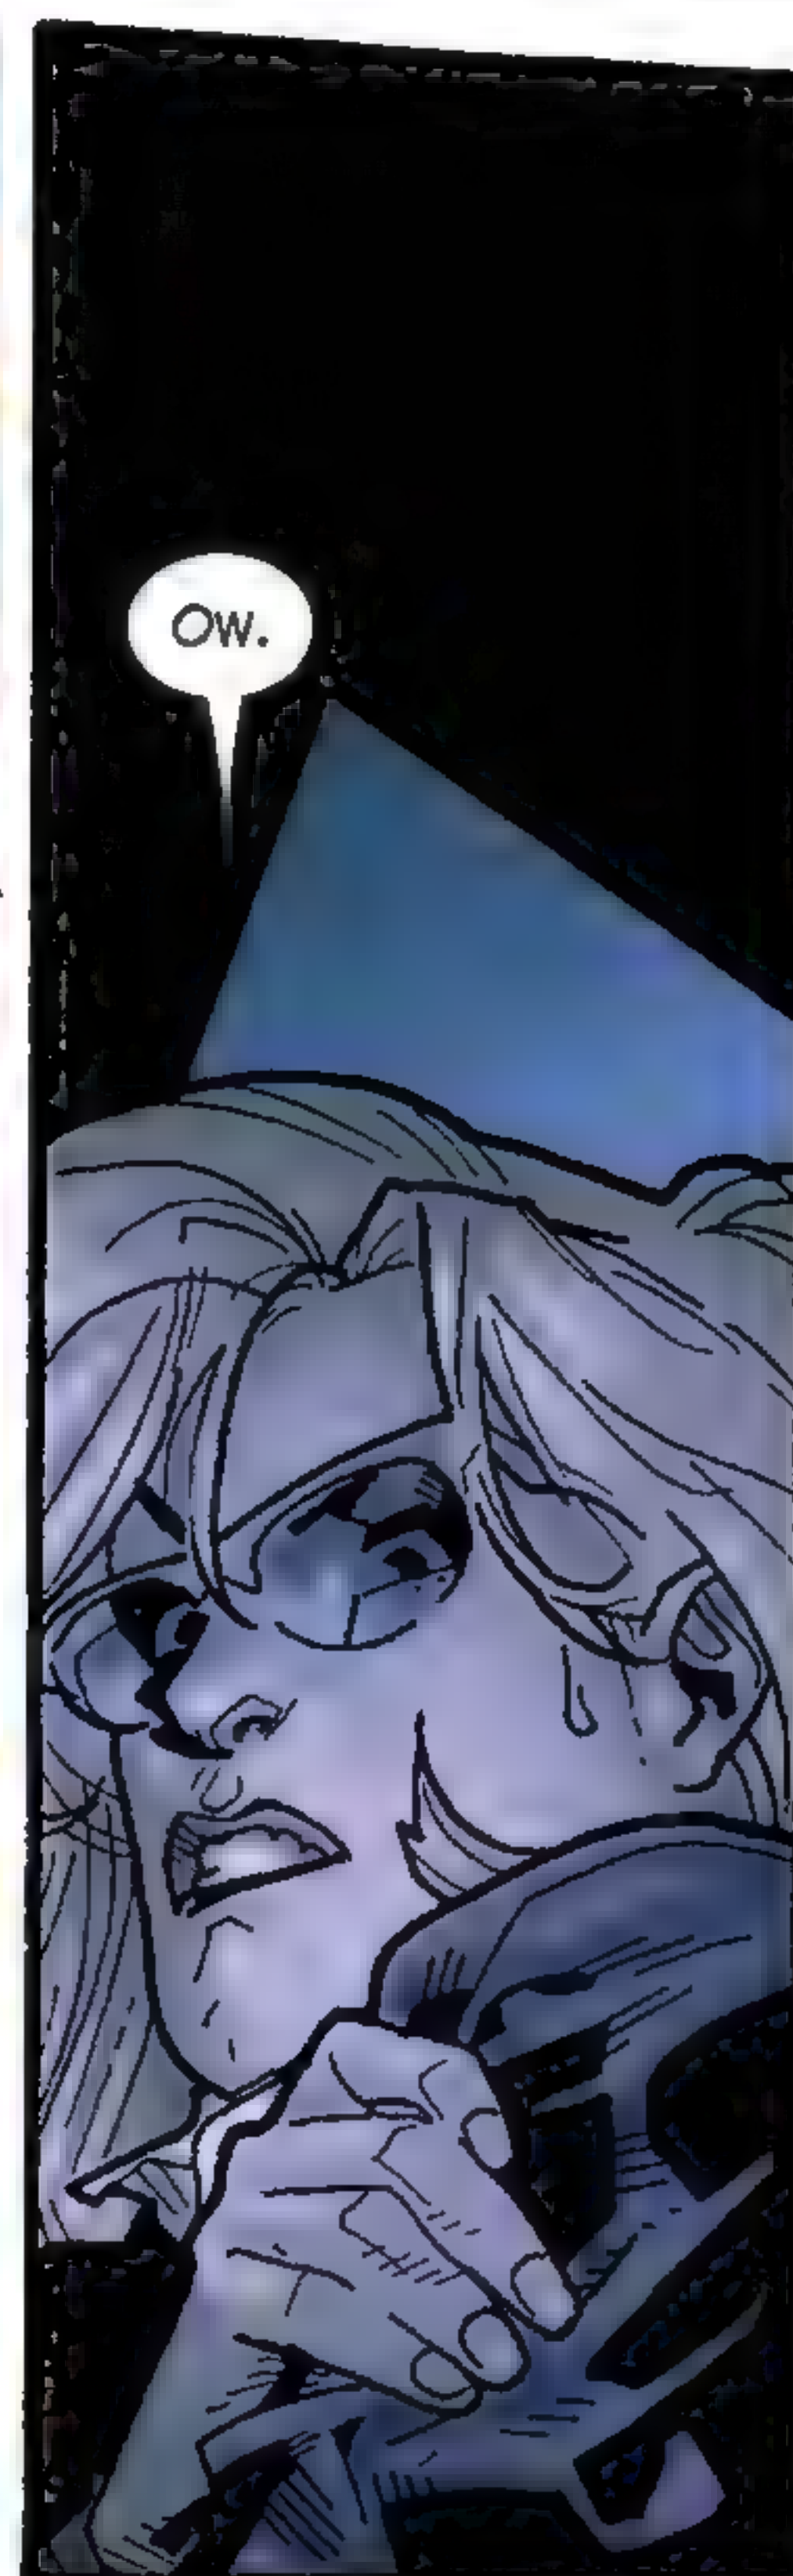

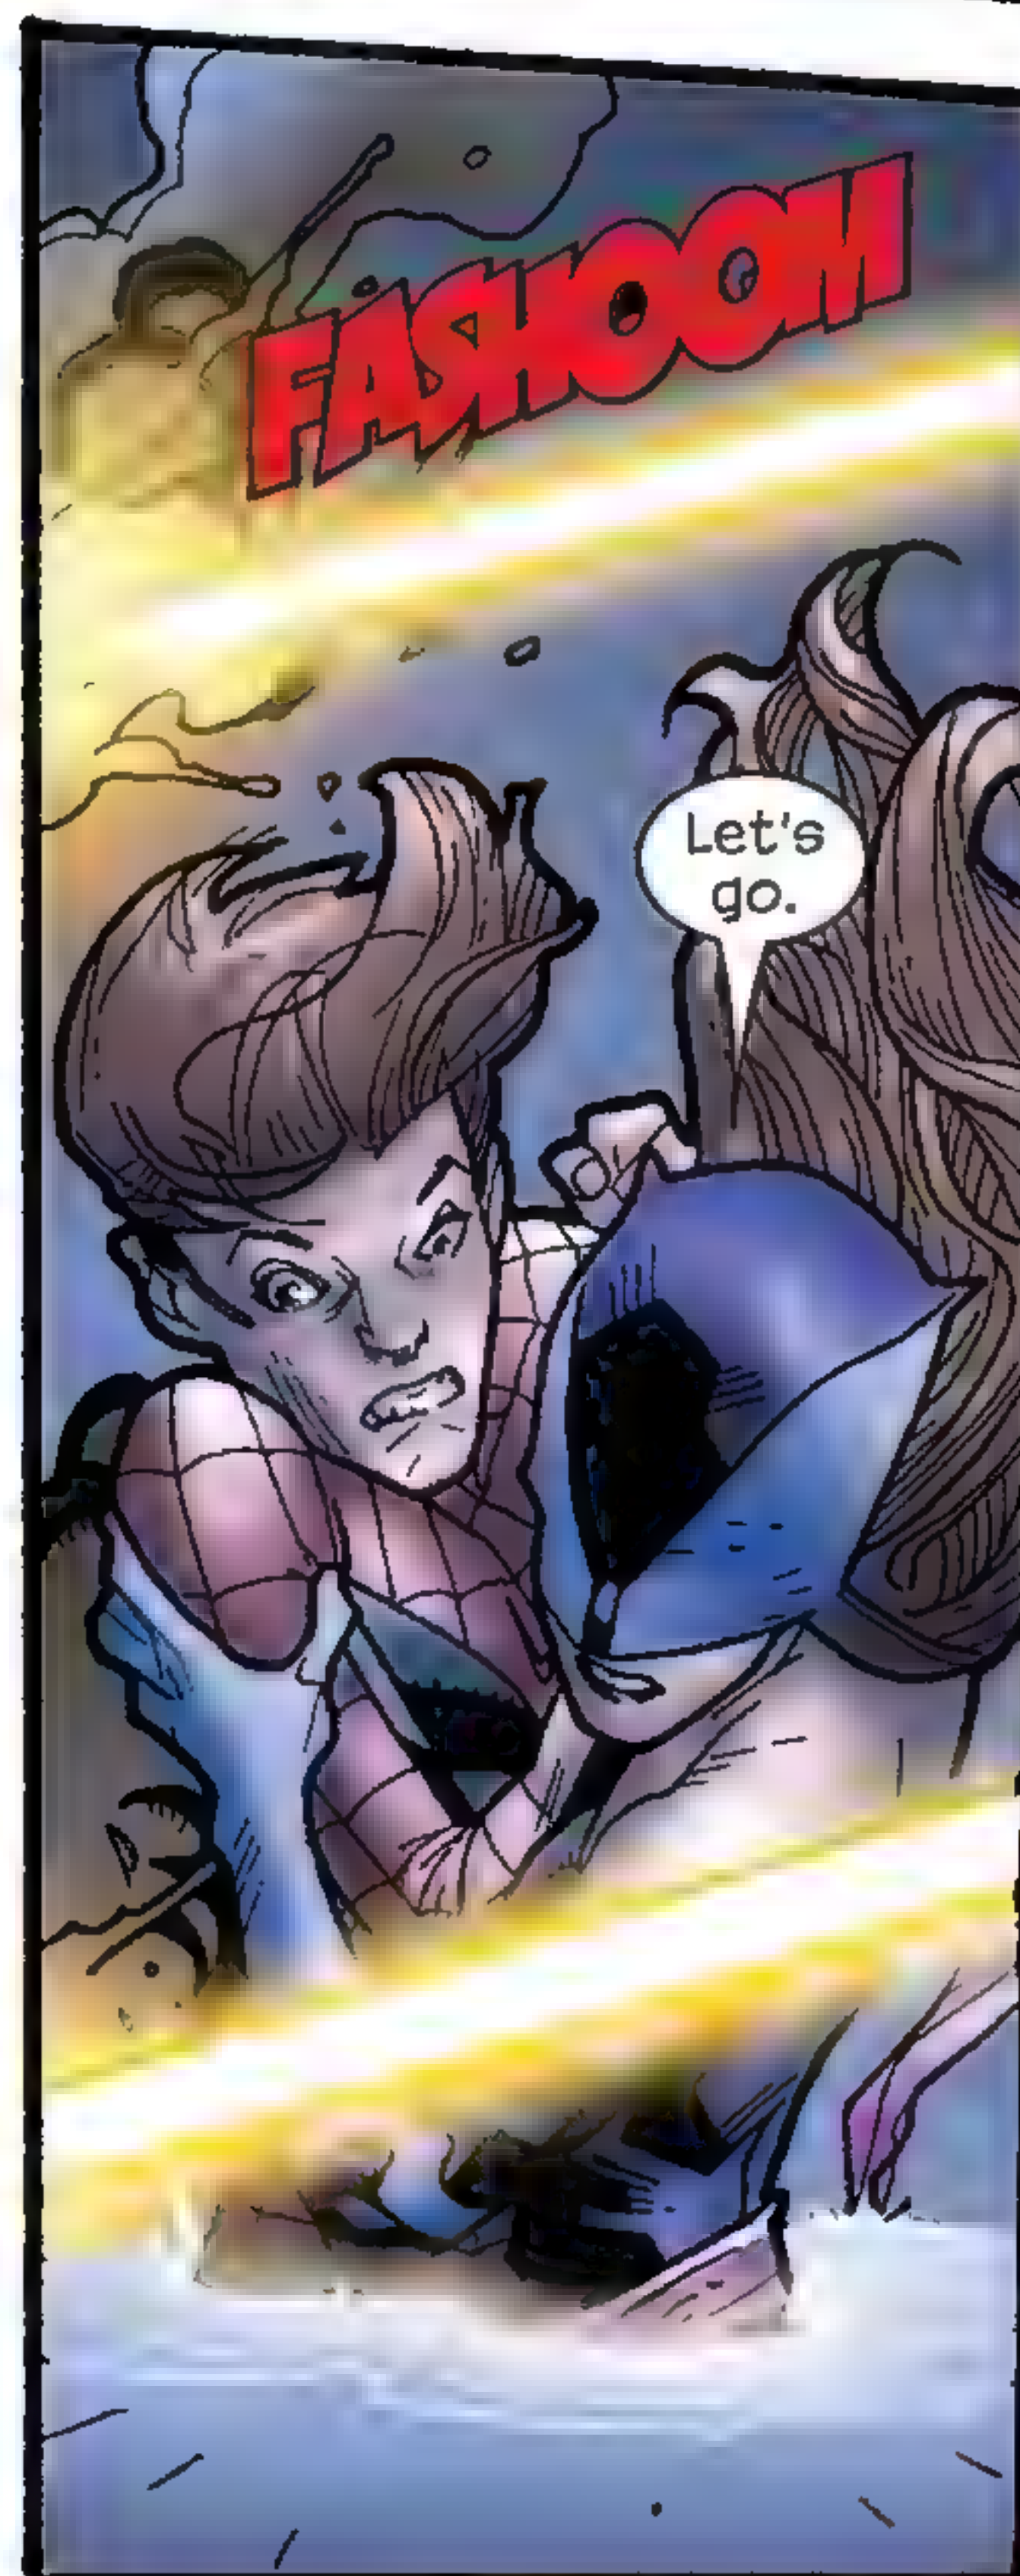

Okay, kiddo, game over. We need to...

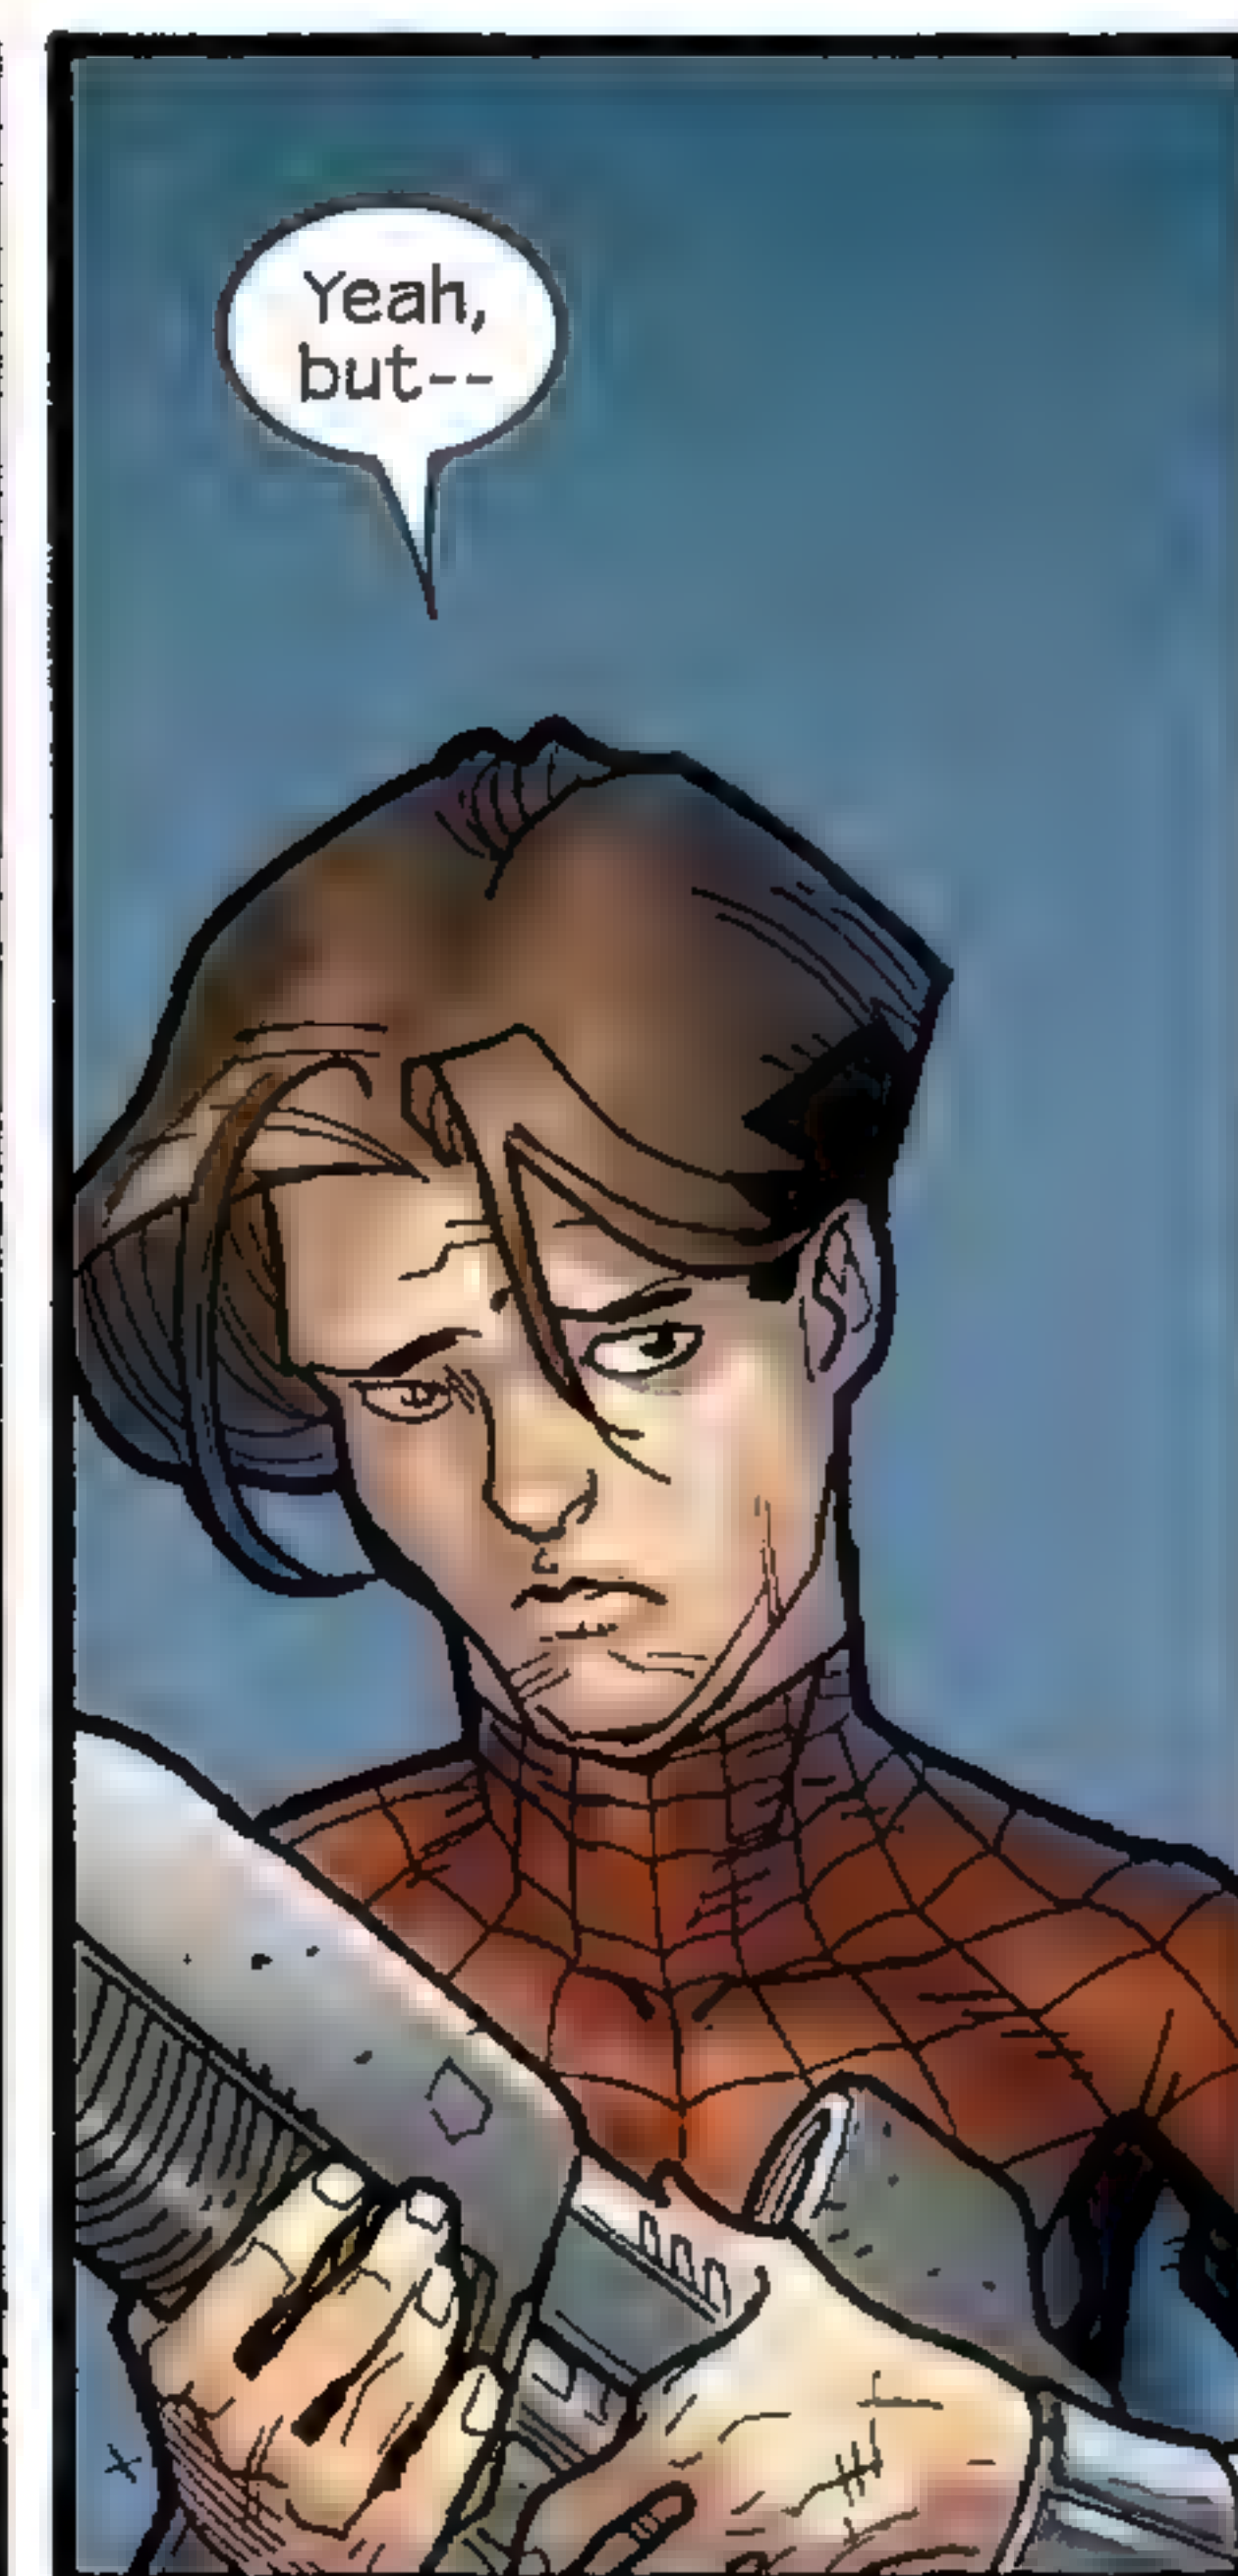

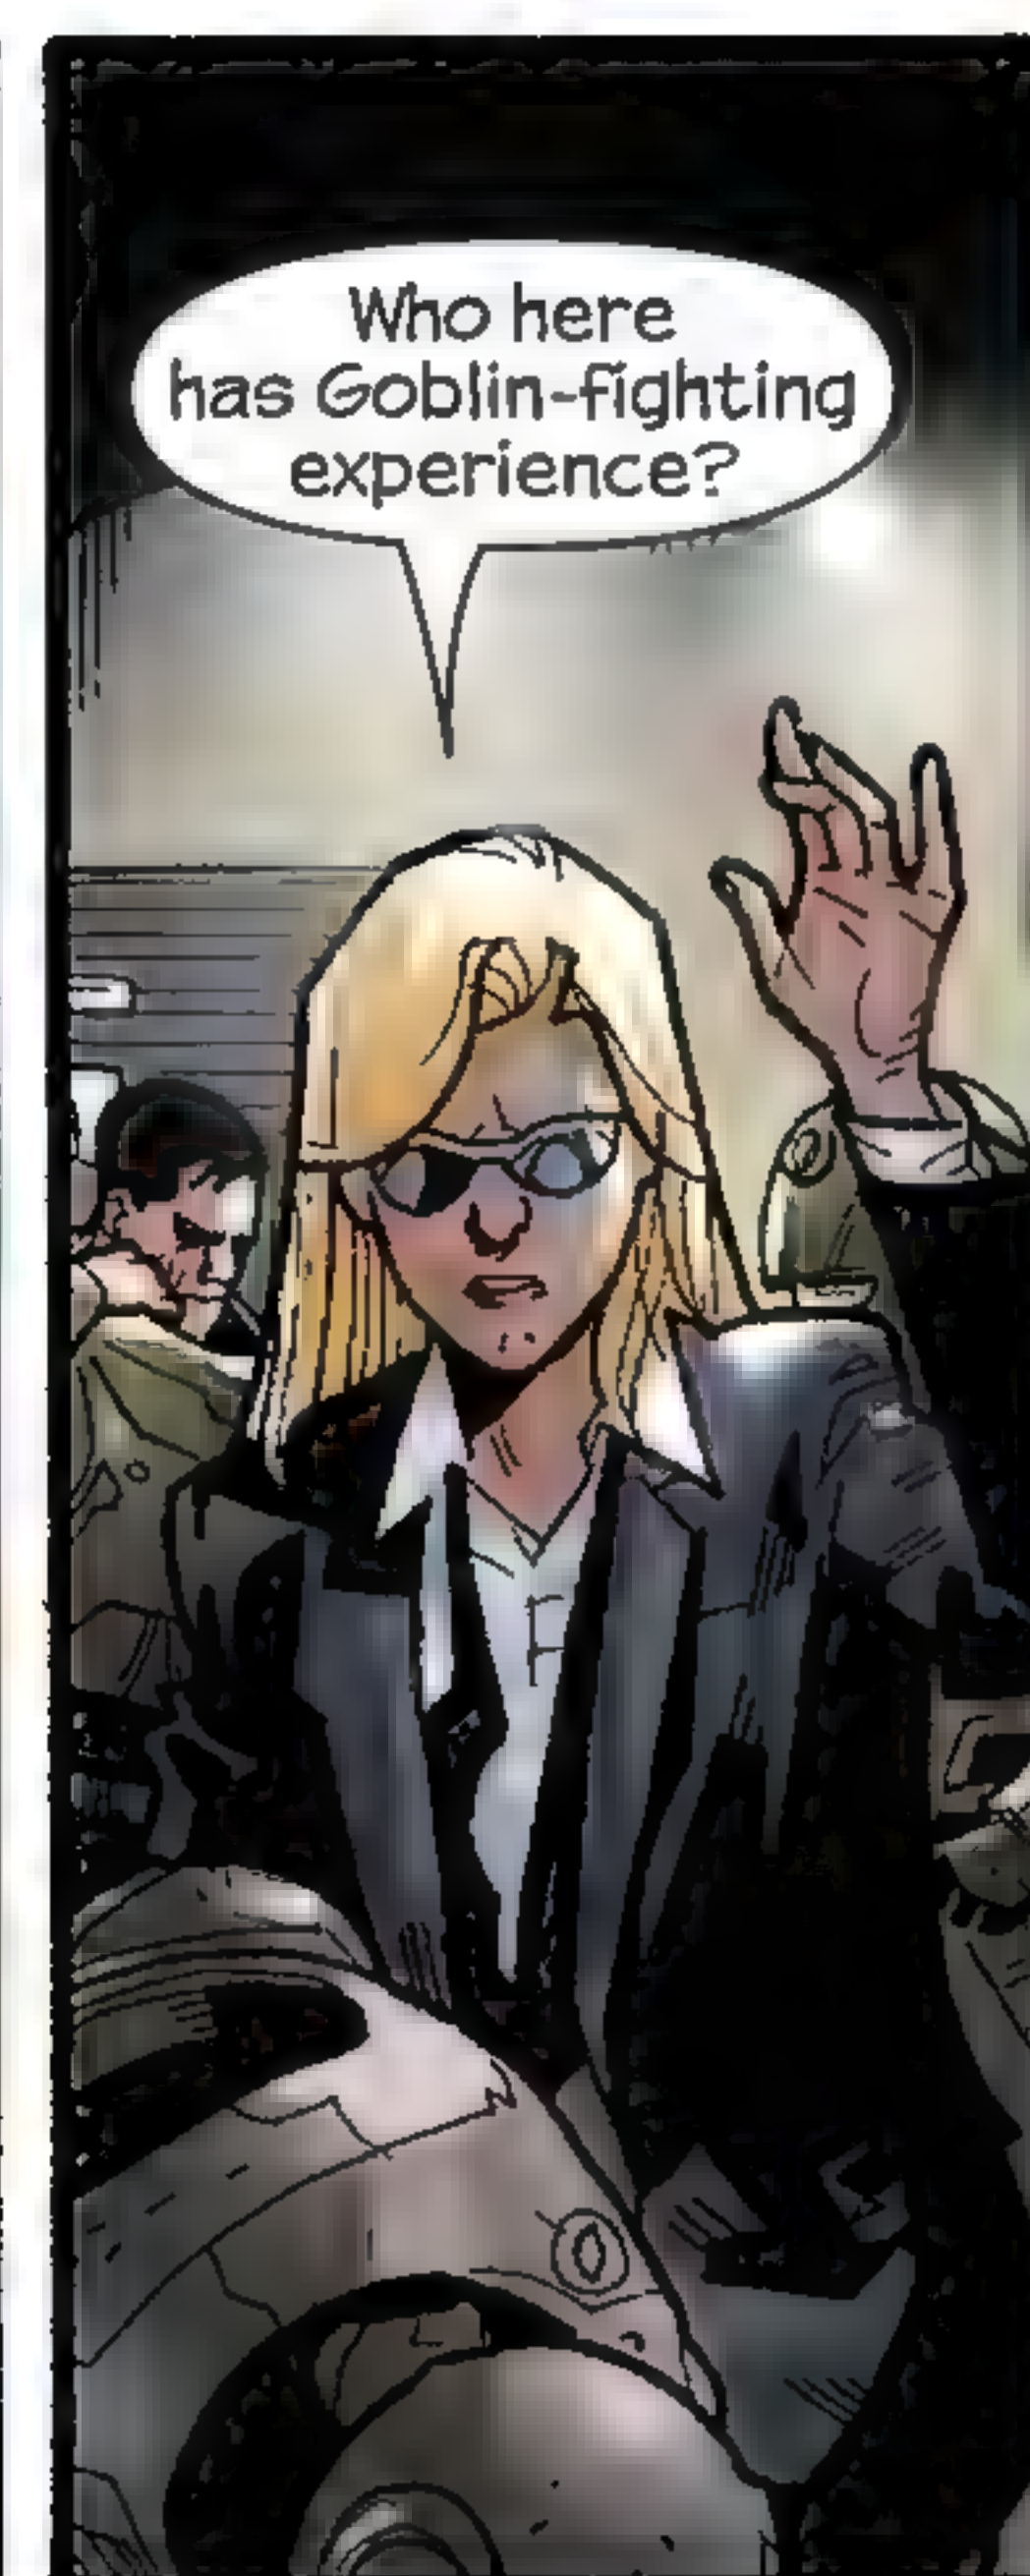

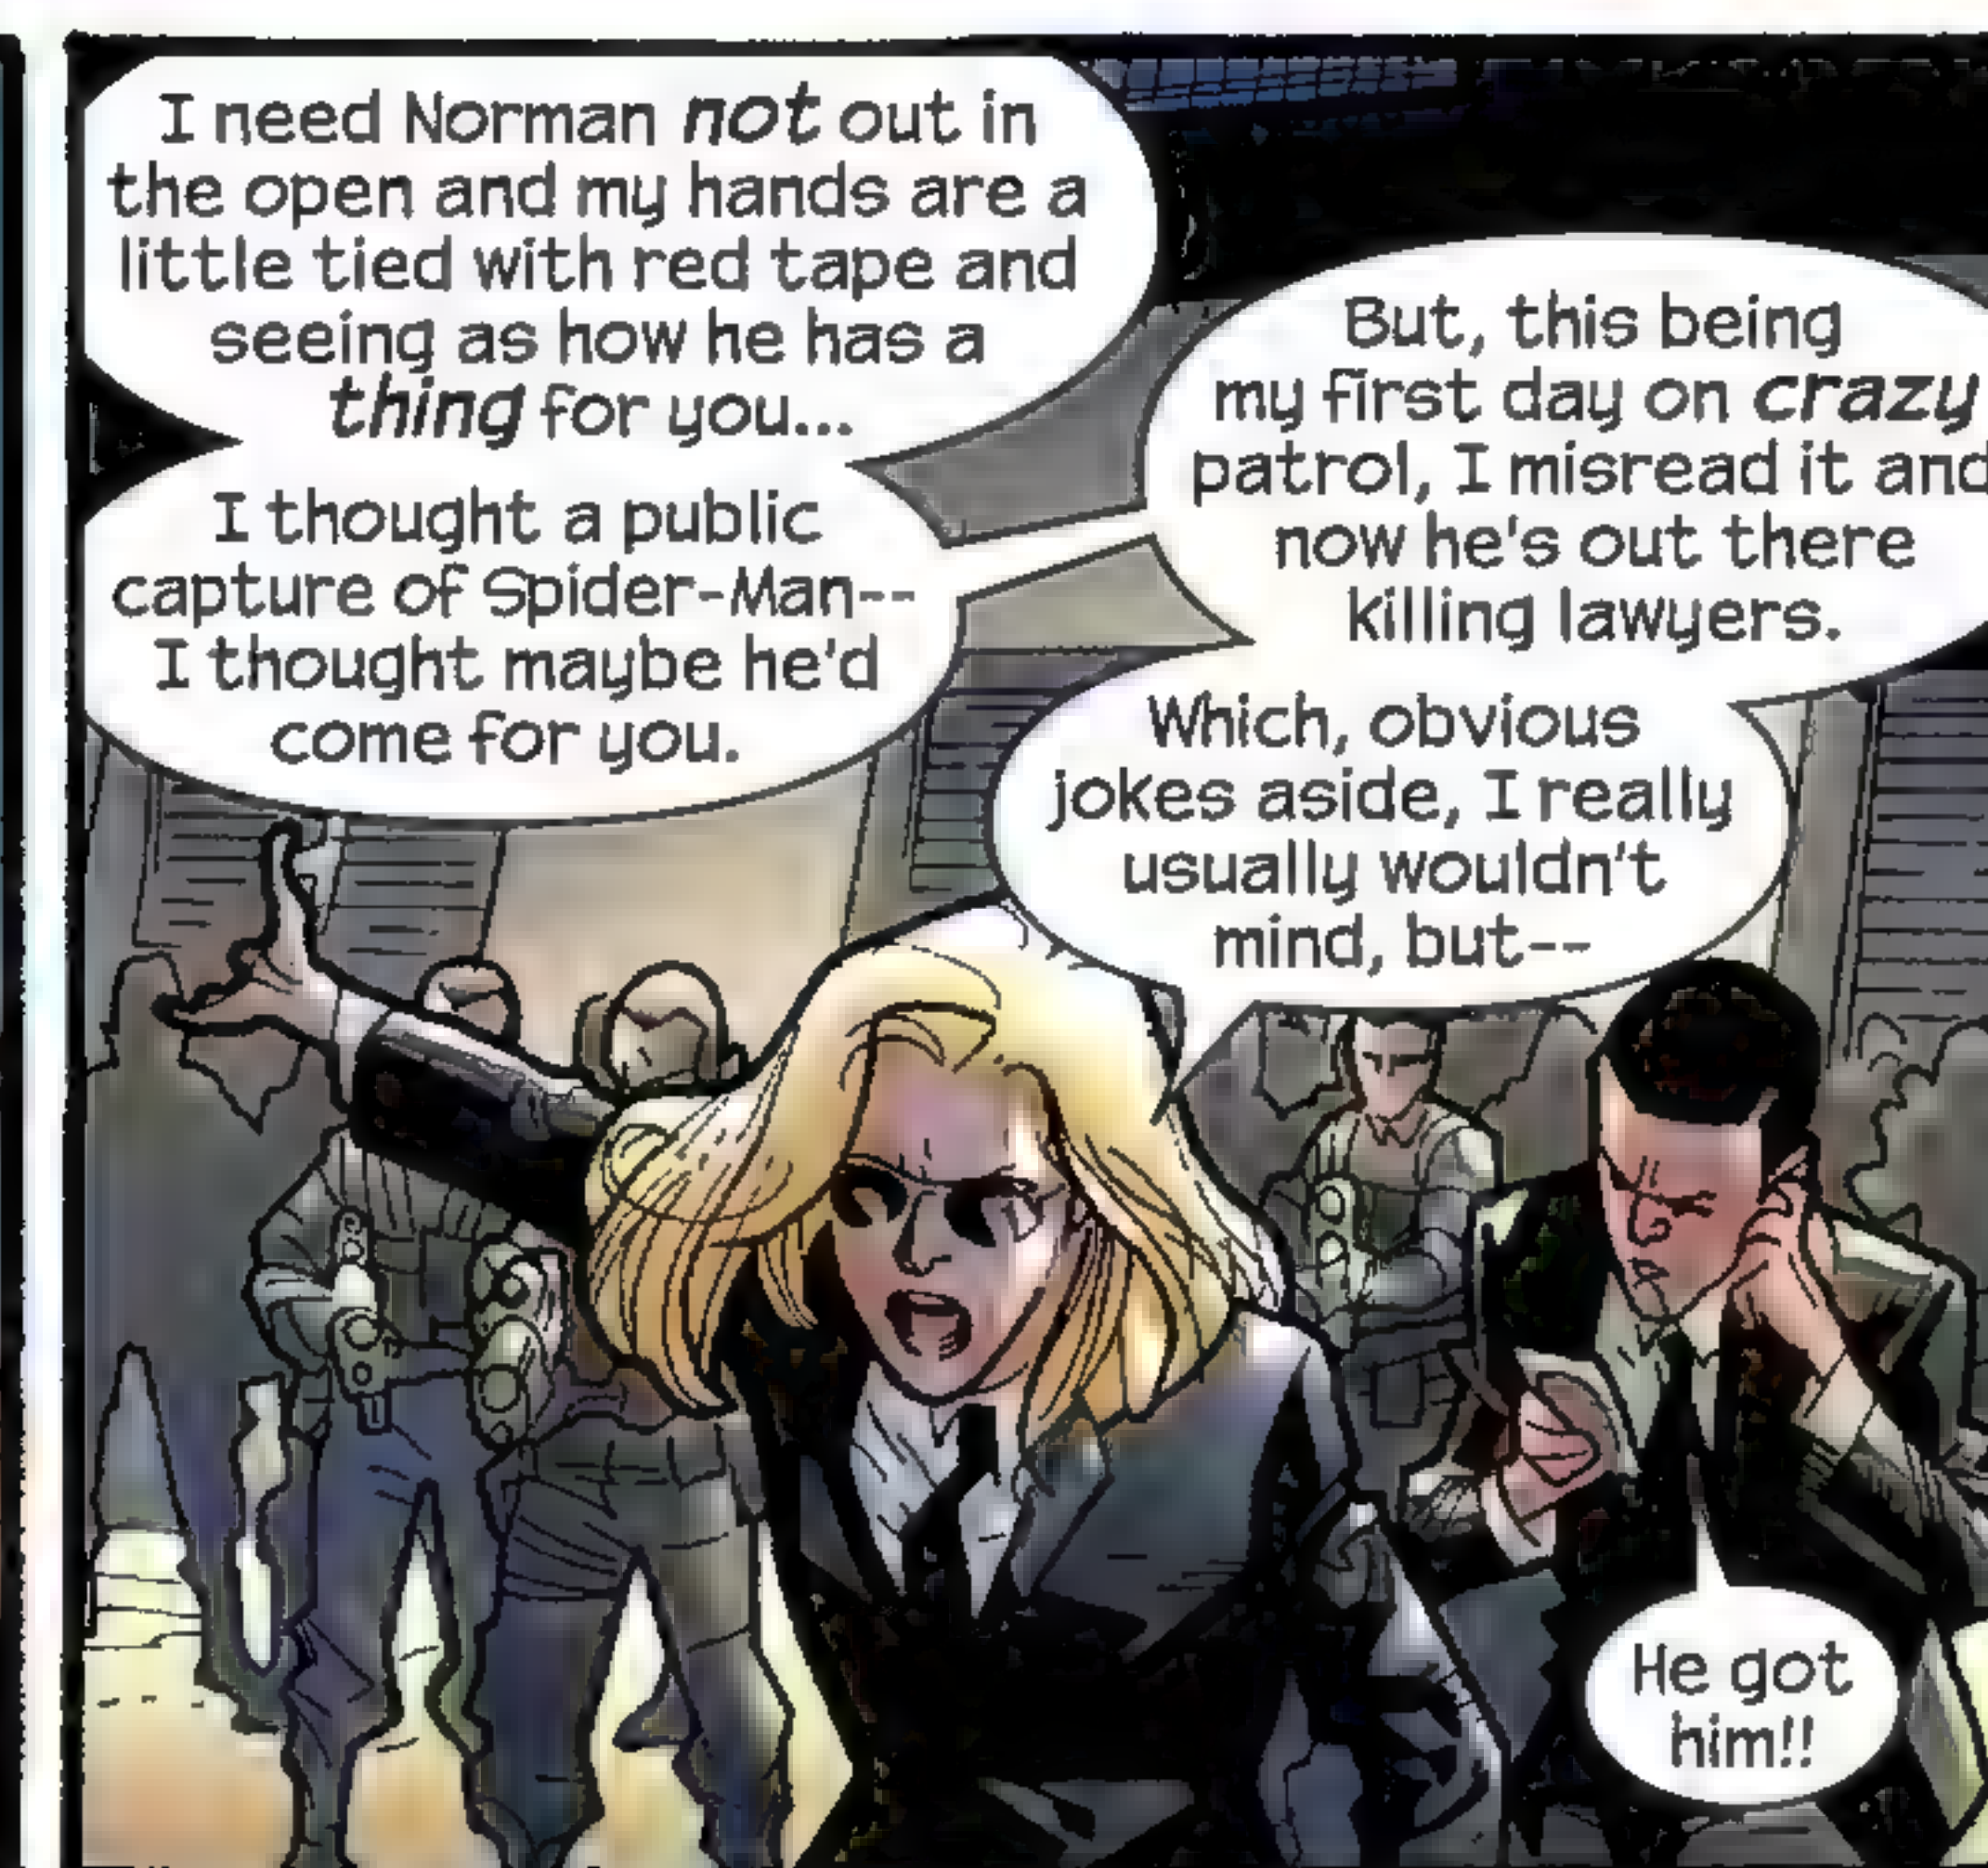

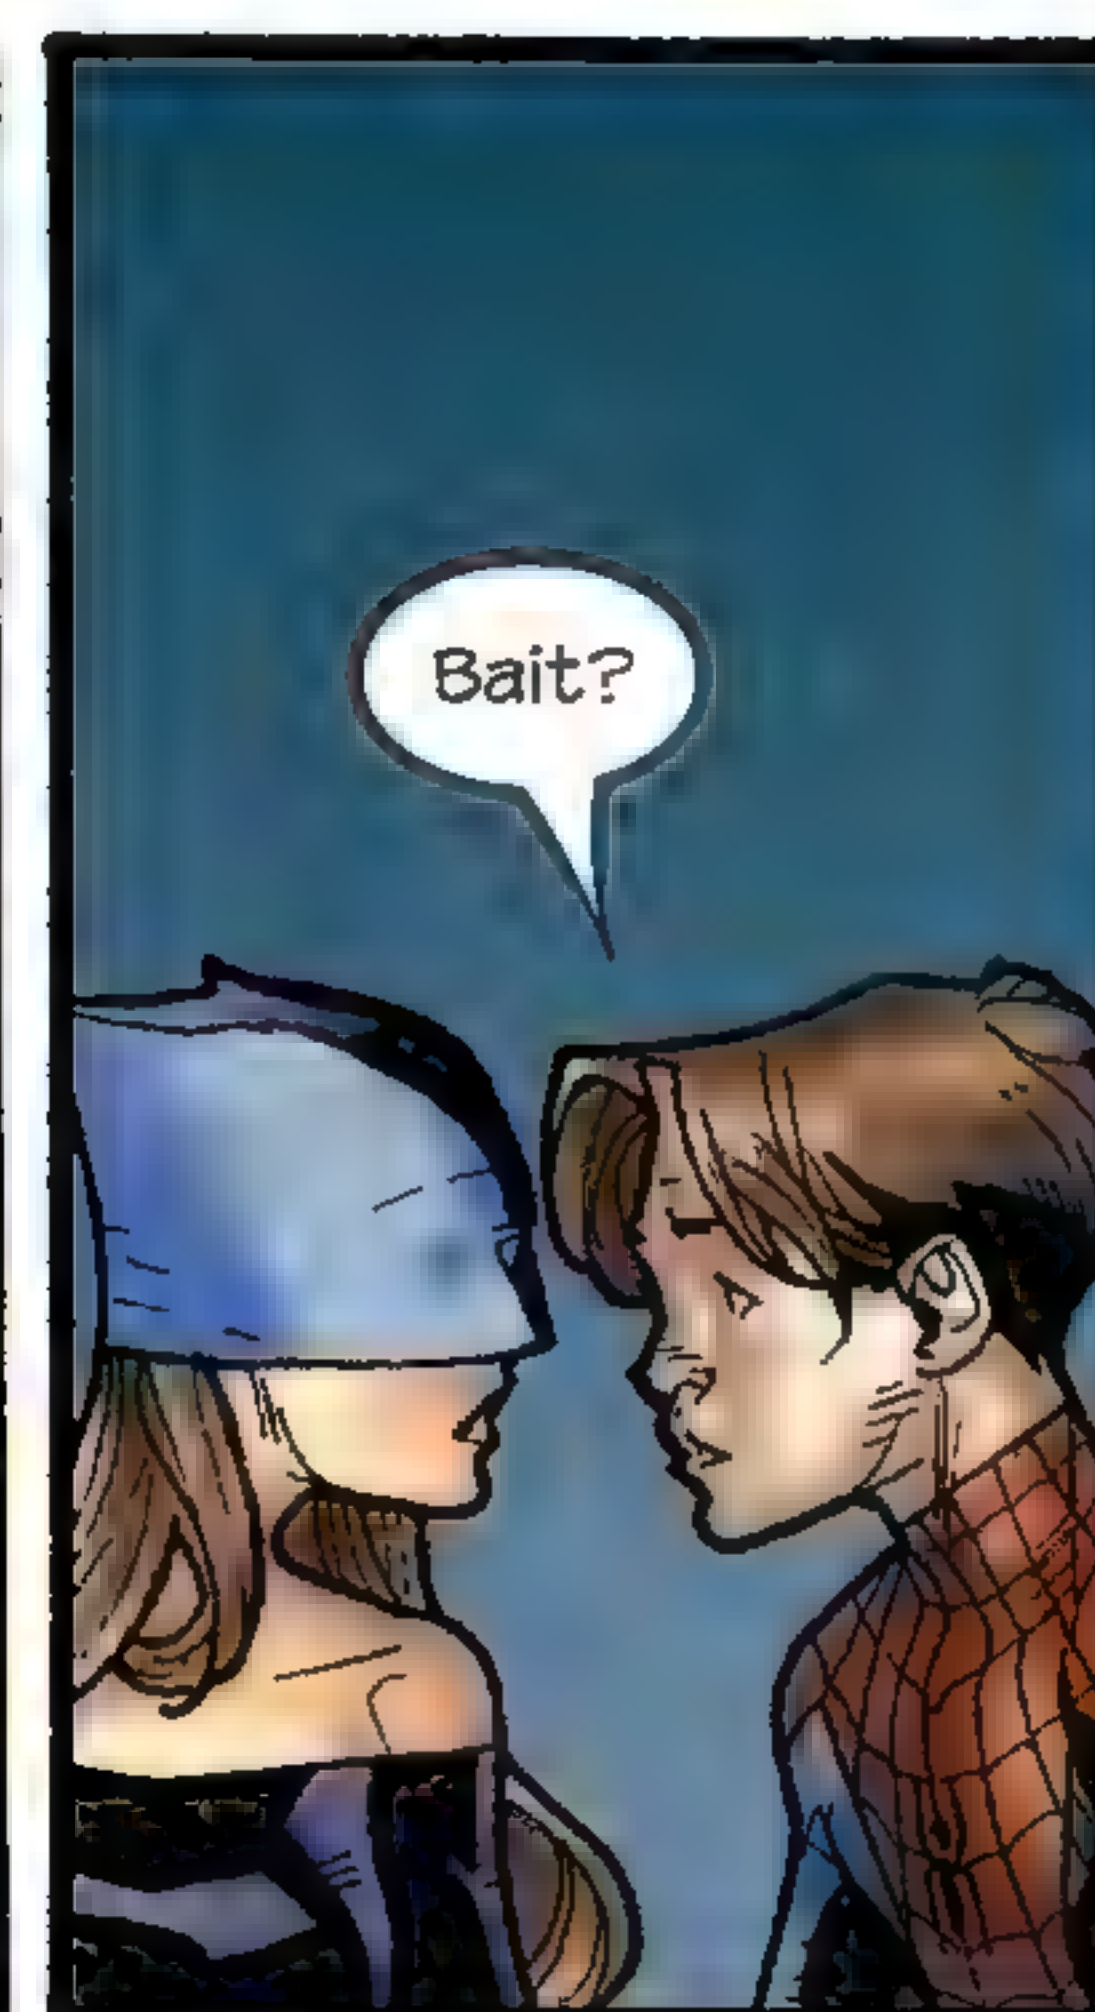

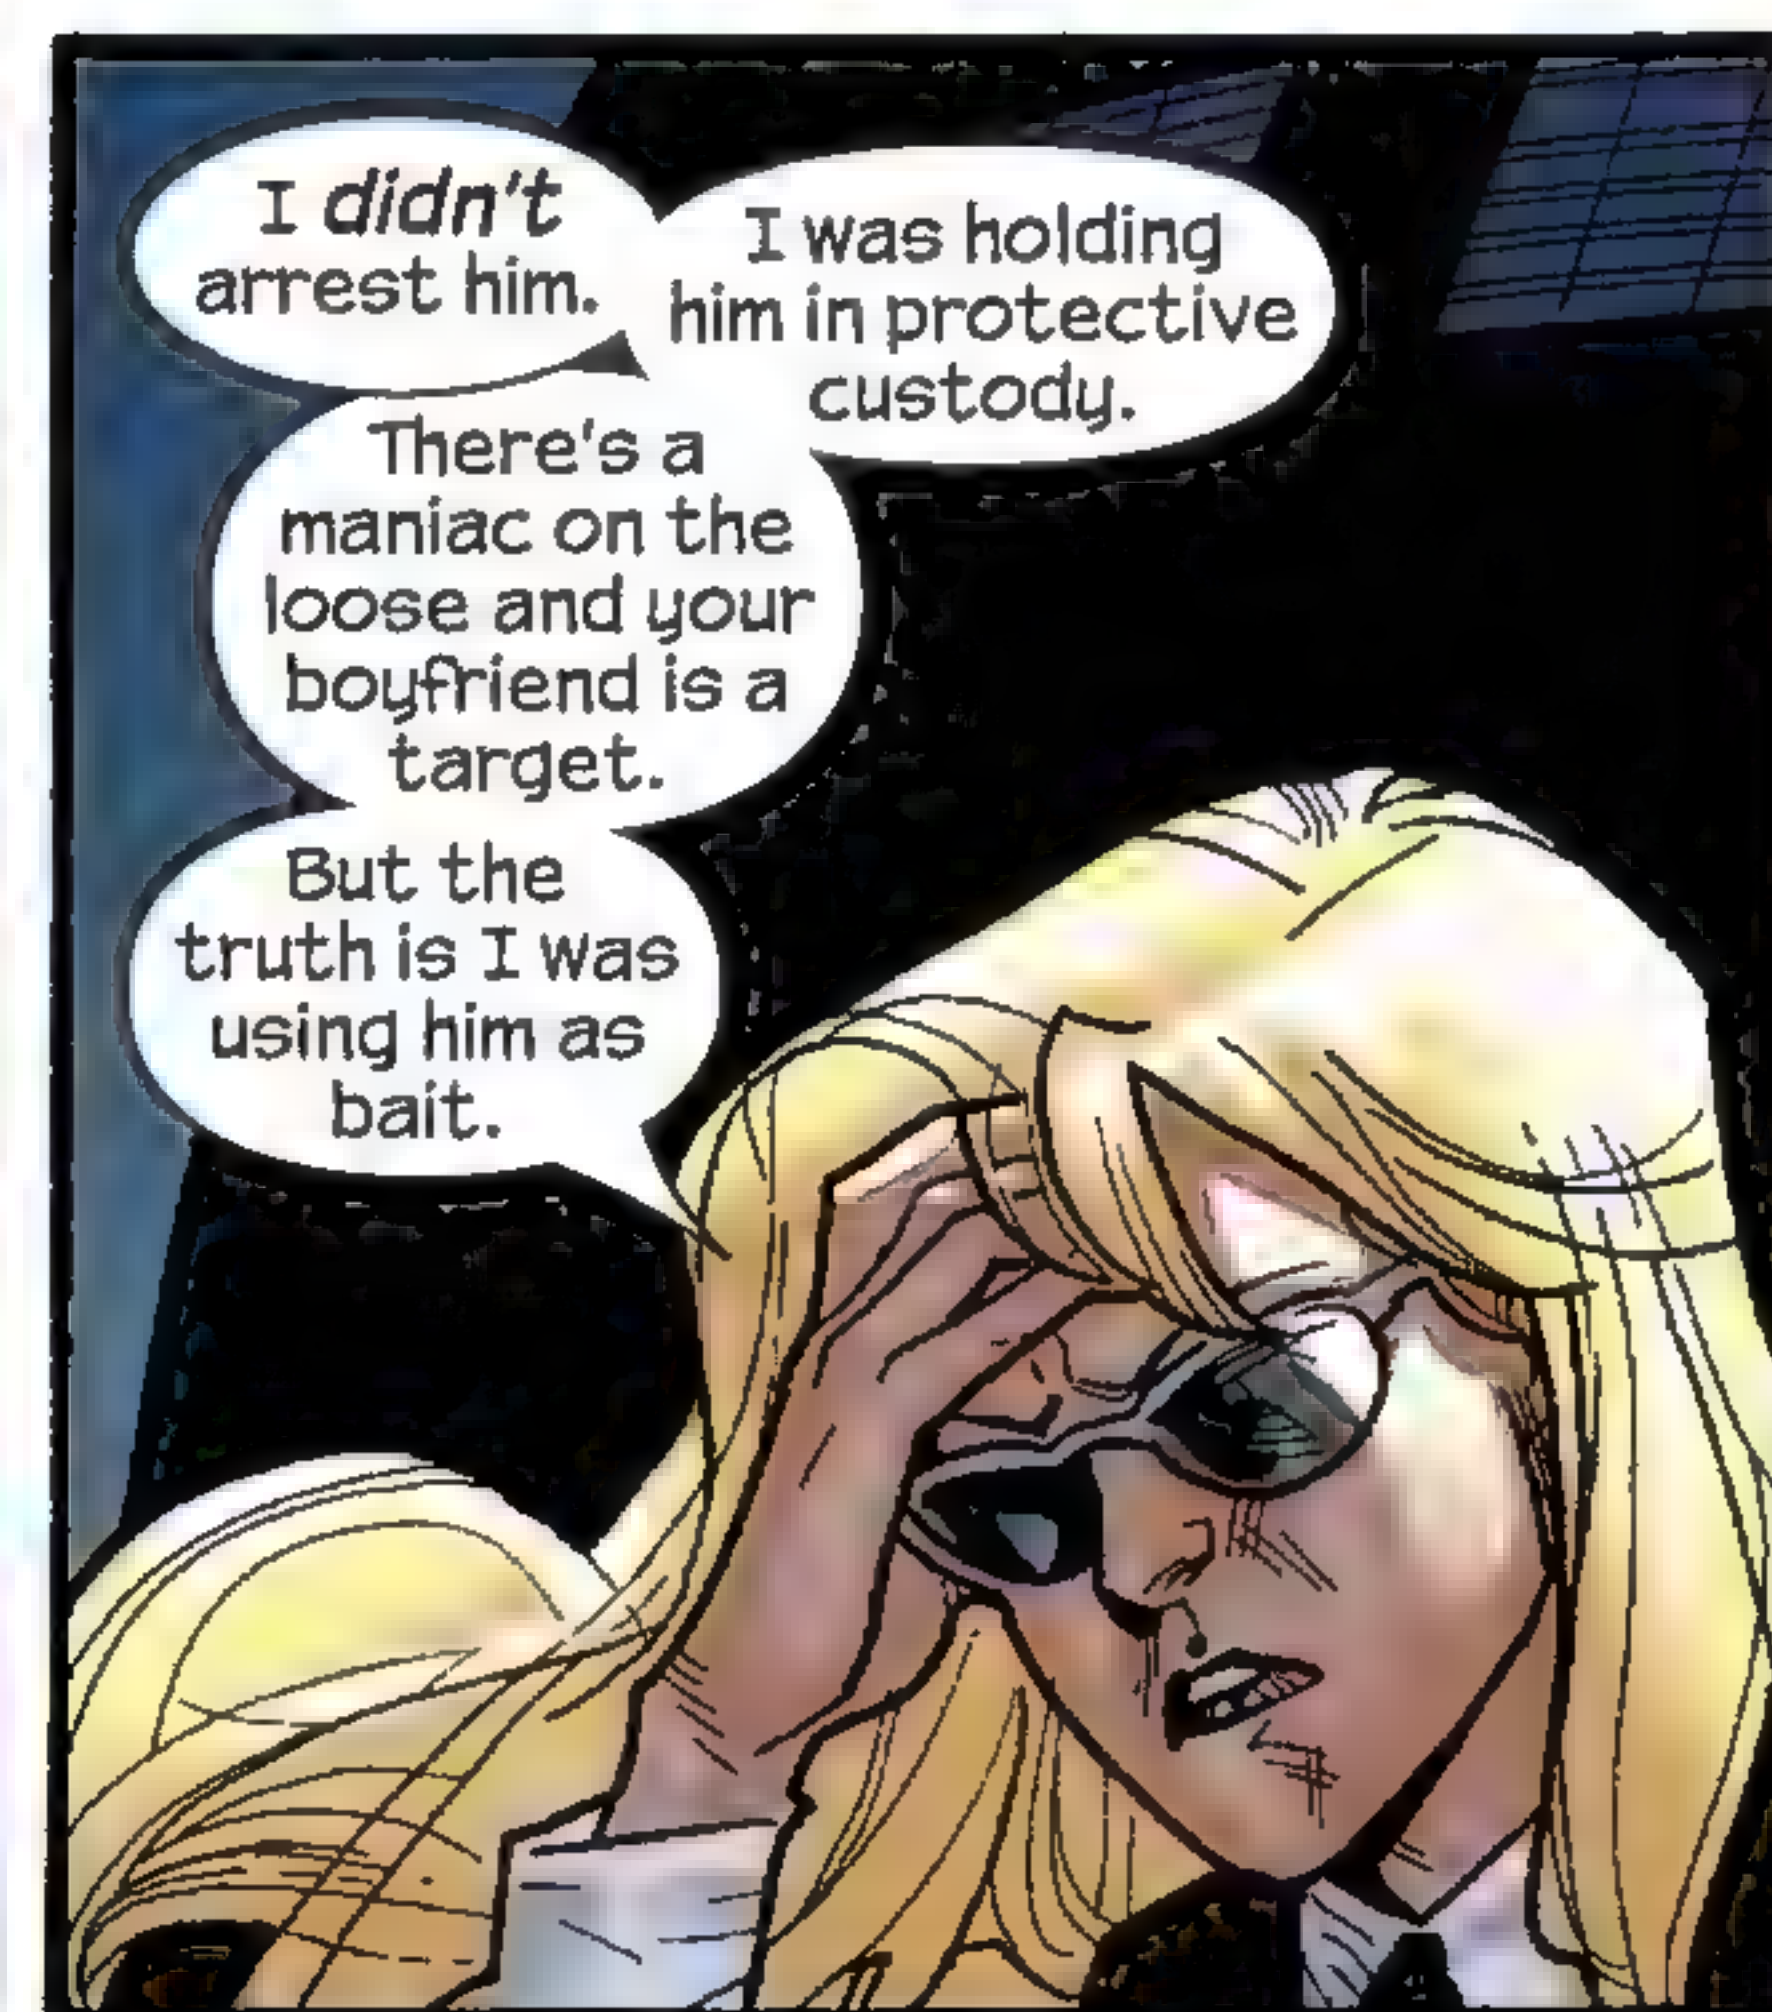

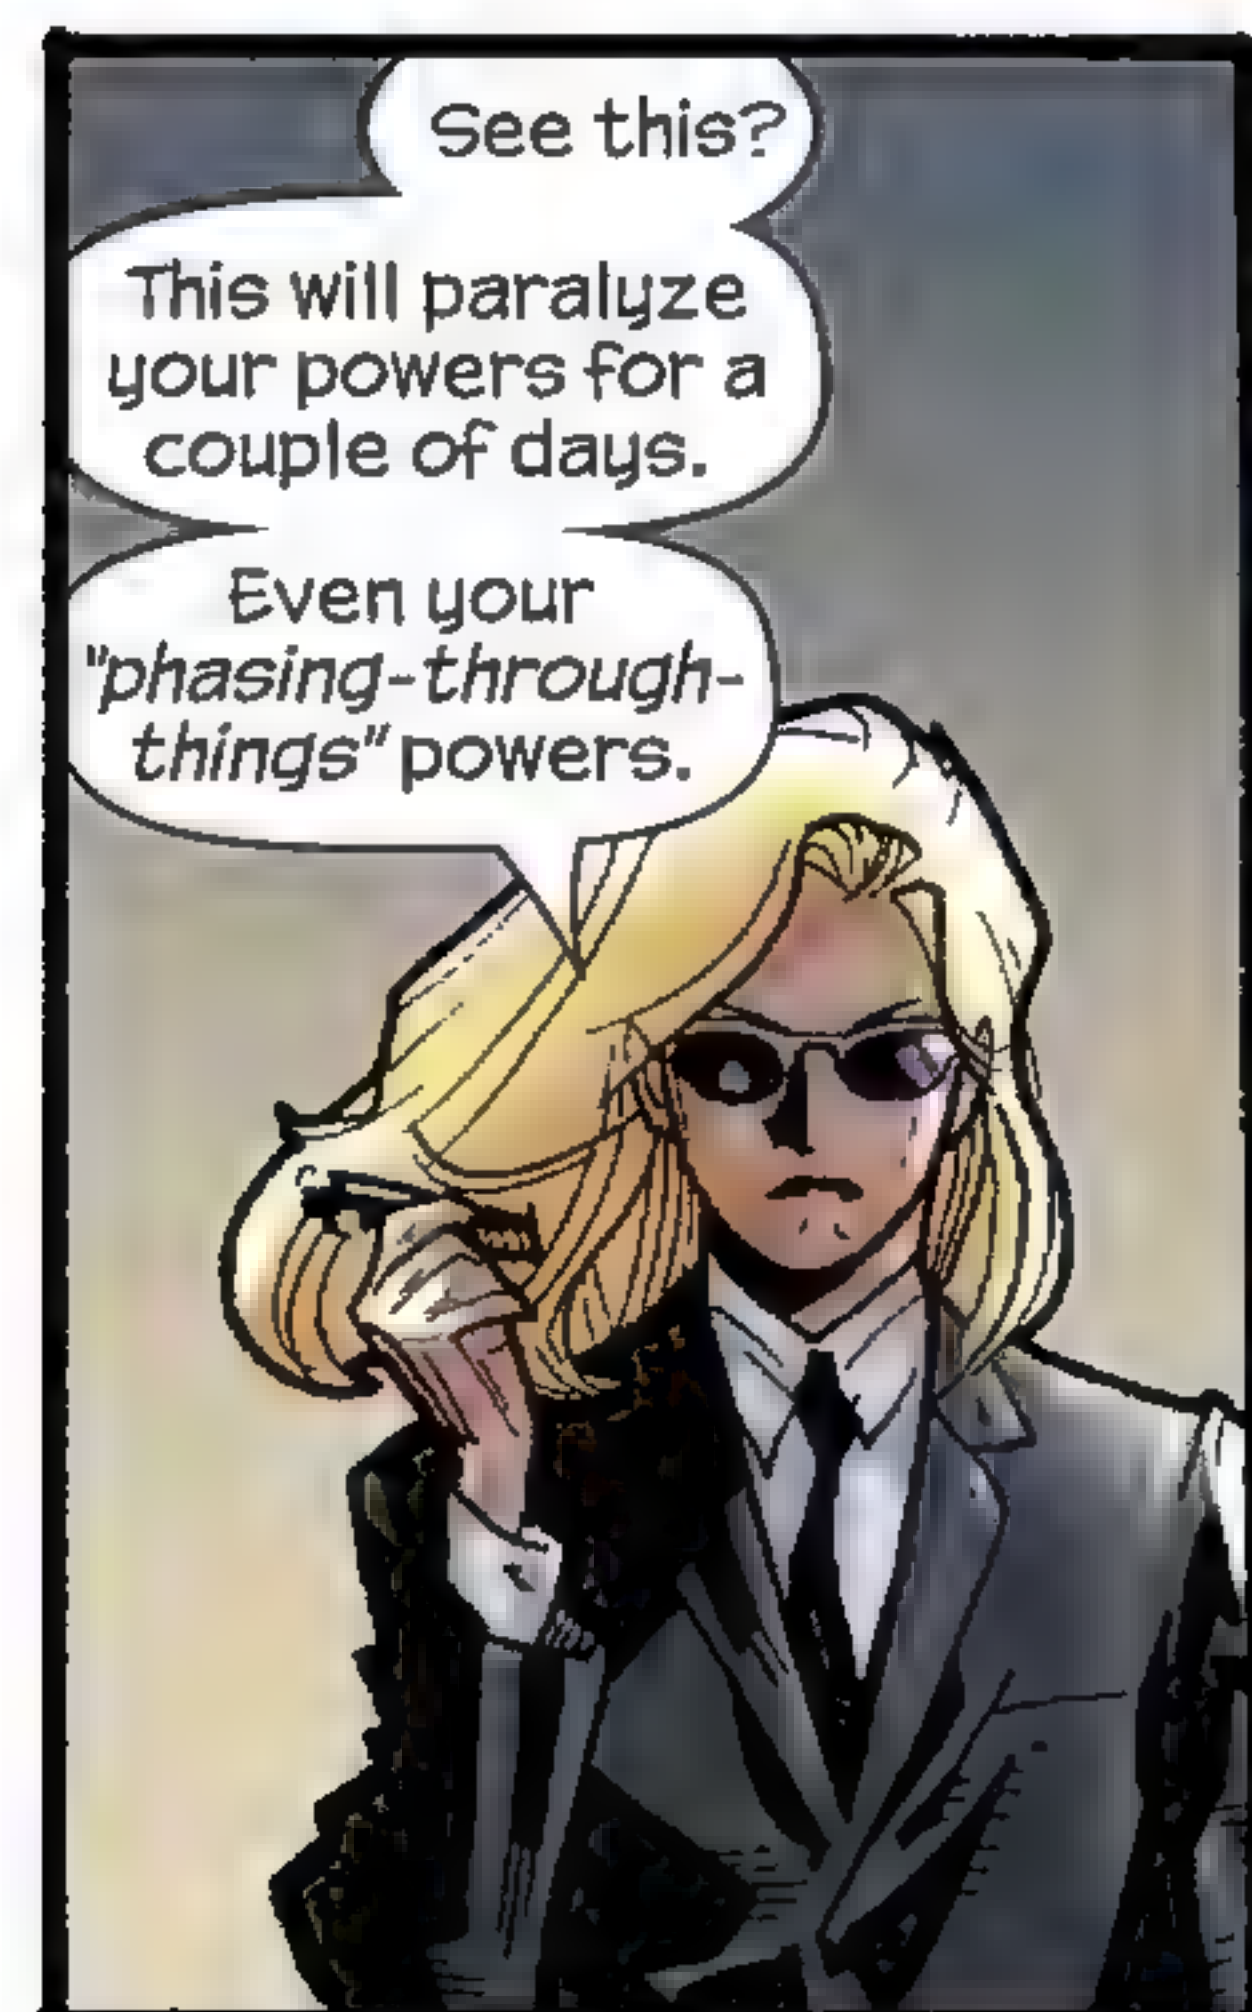

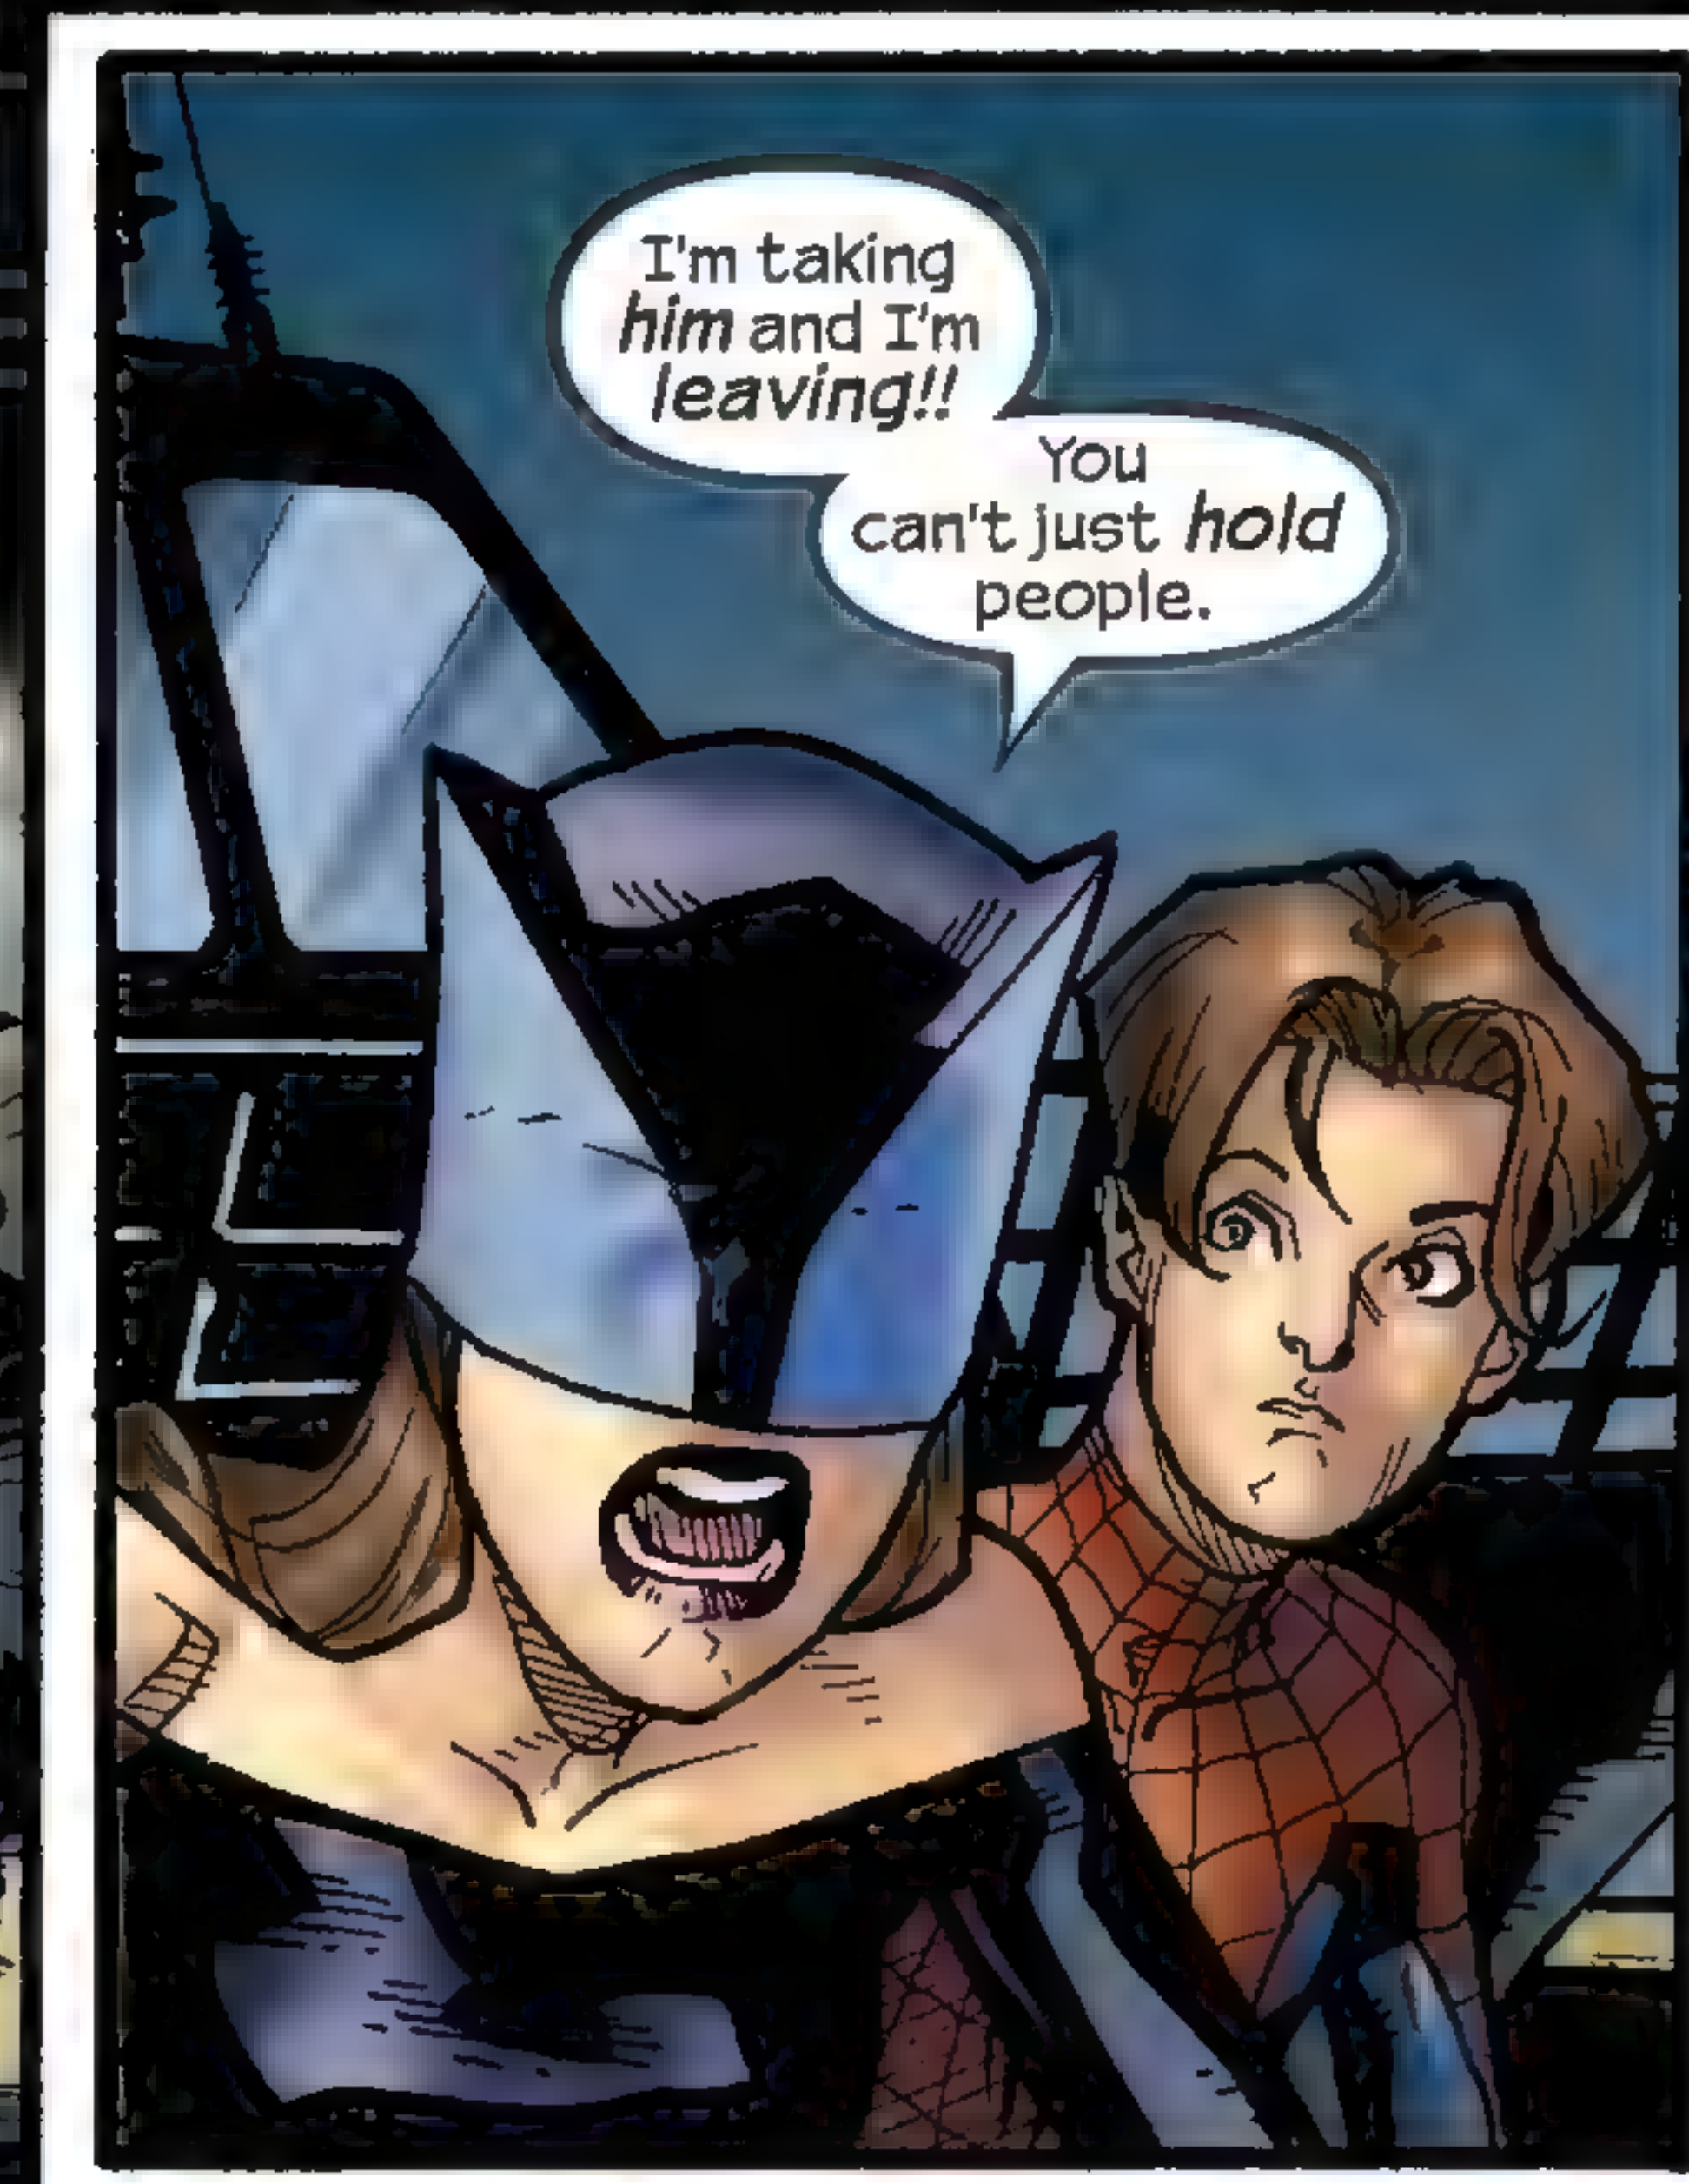

AGH!!

I want my money, Ernie.

Norman, please...

I know what I paid you when you were my accountant.

And you do not get to live like *this* on what I paid you.

Norman!

You and my lawyer took my money.

No. No. I-I-I have a *new* job.

I want my money.

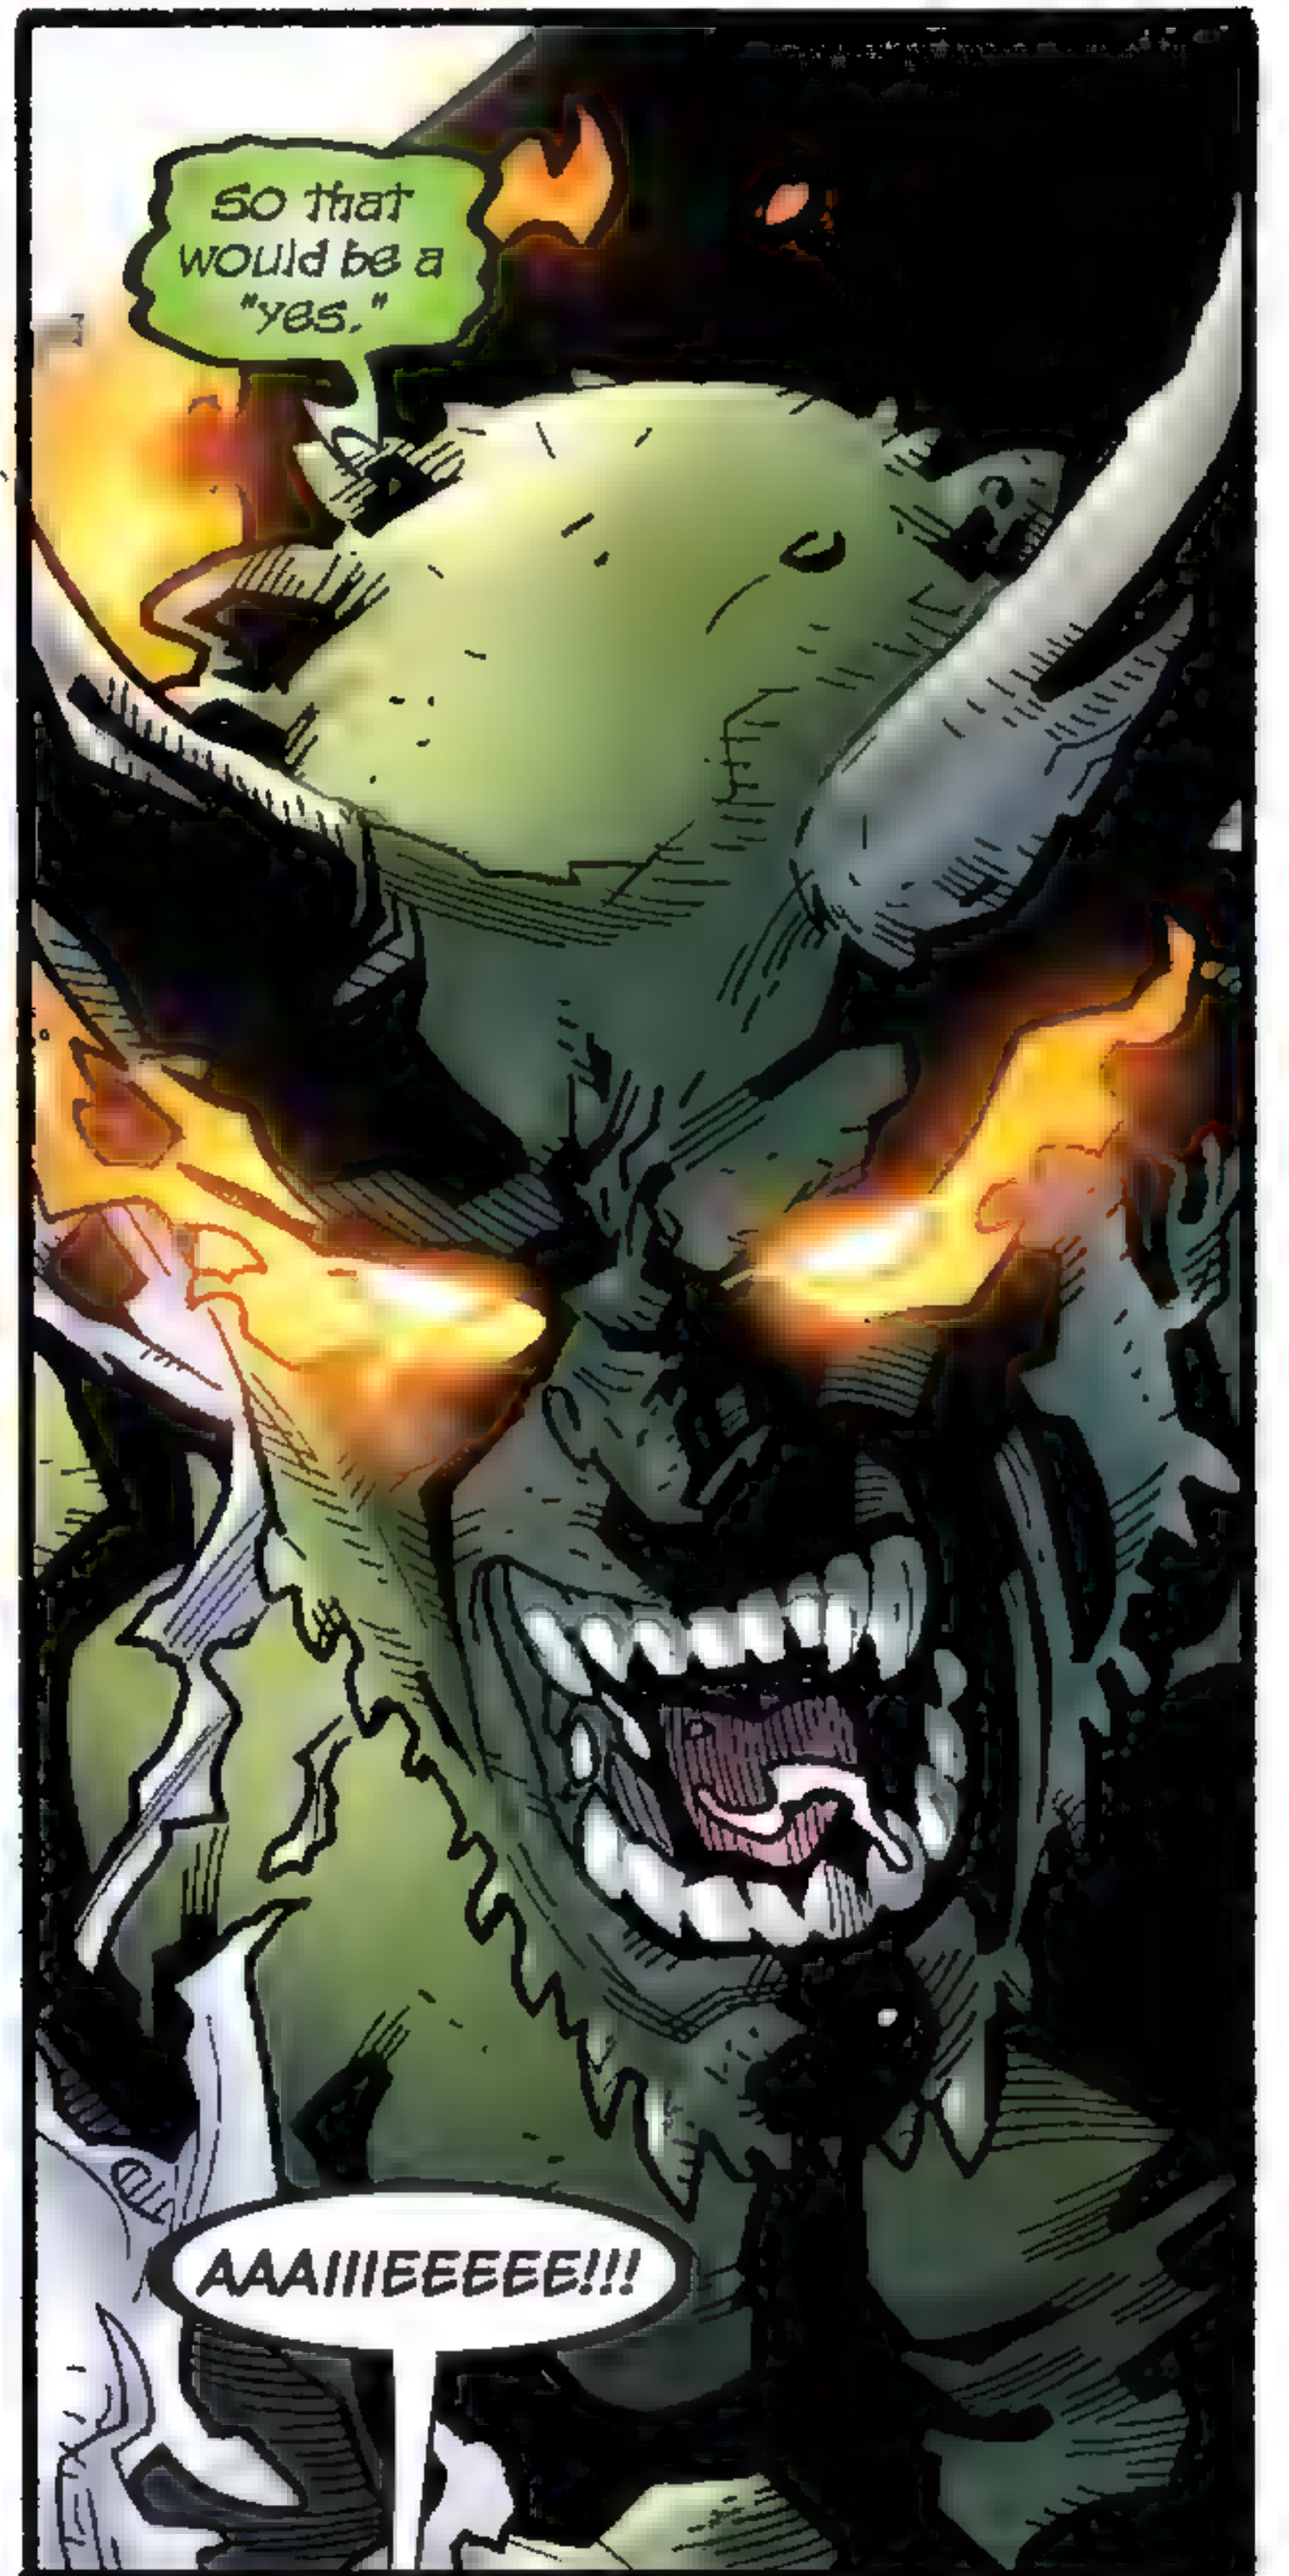

Seriously.

Do I actually have to *hurt* your family in front of you?? To get *my* money??

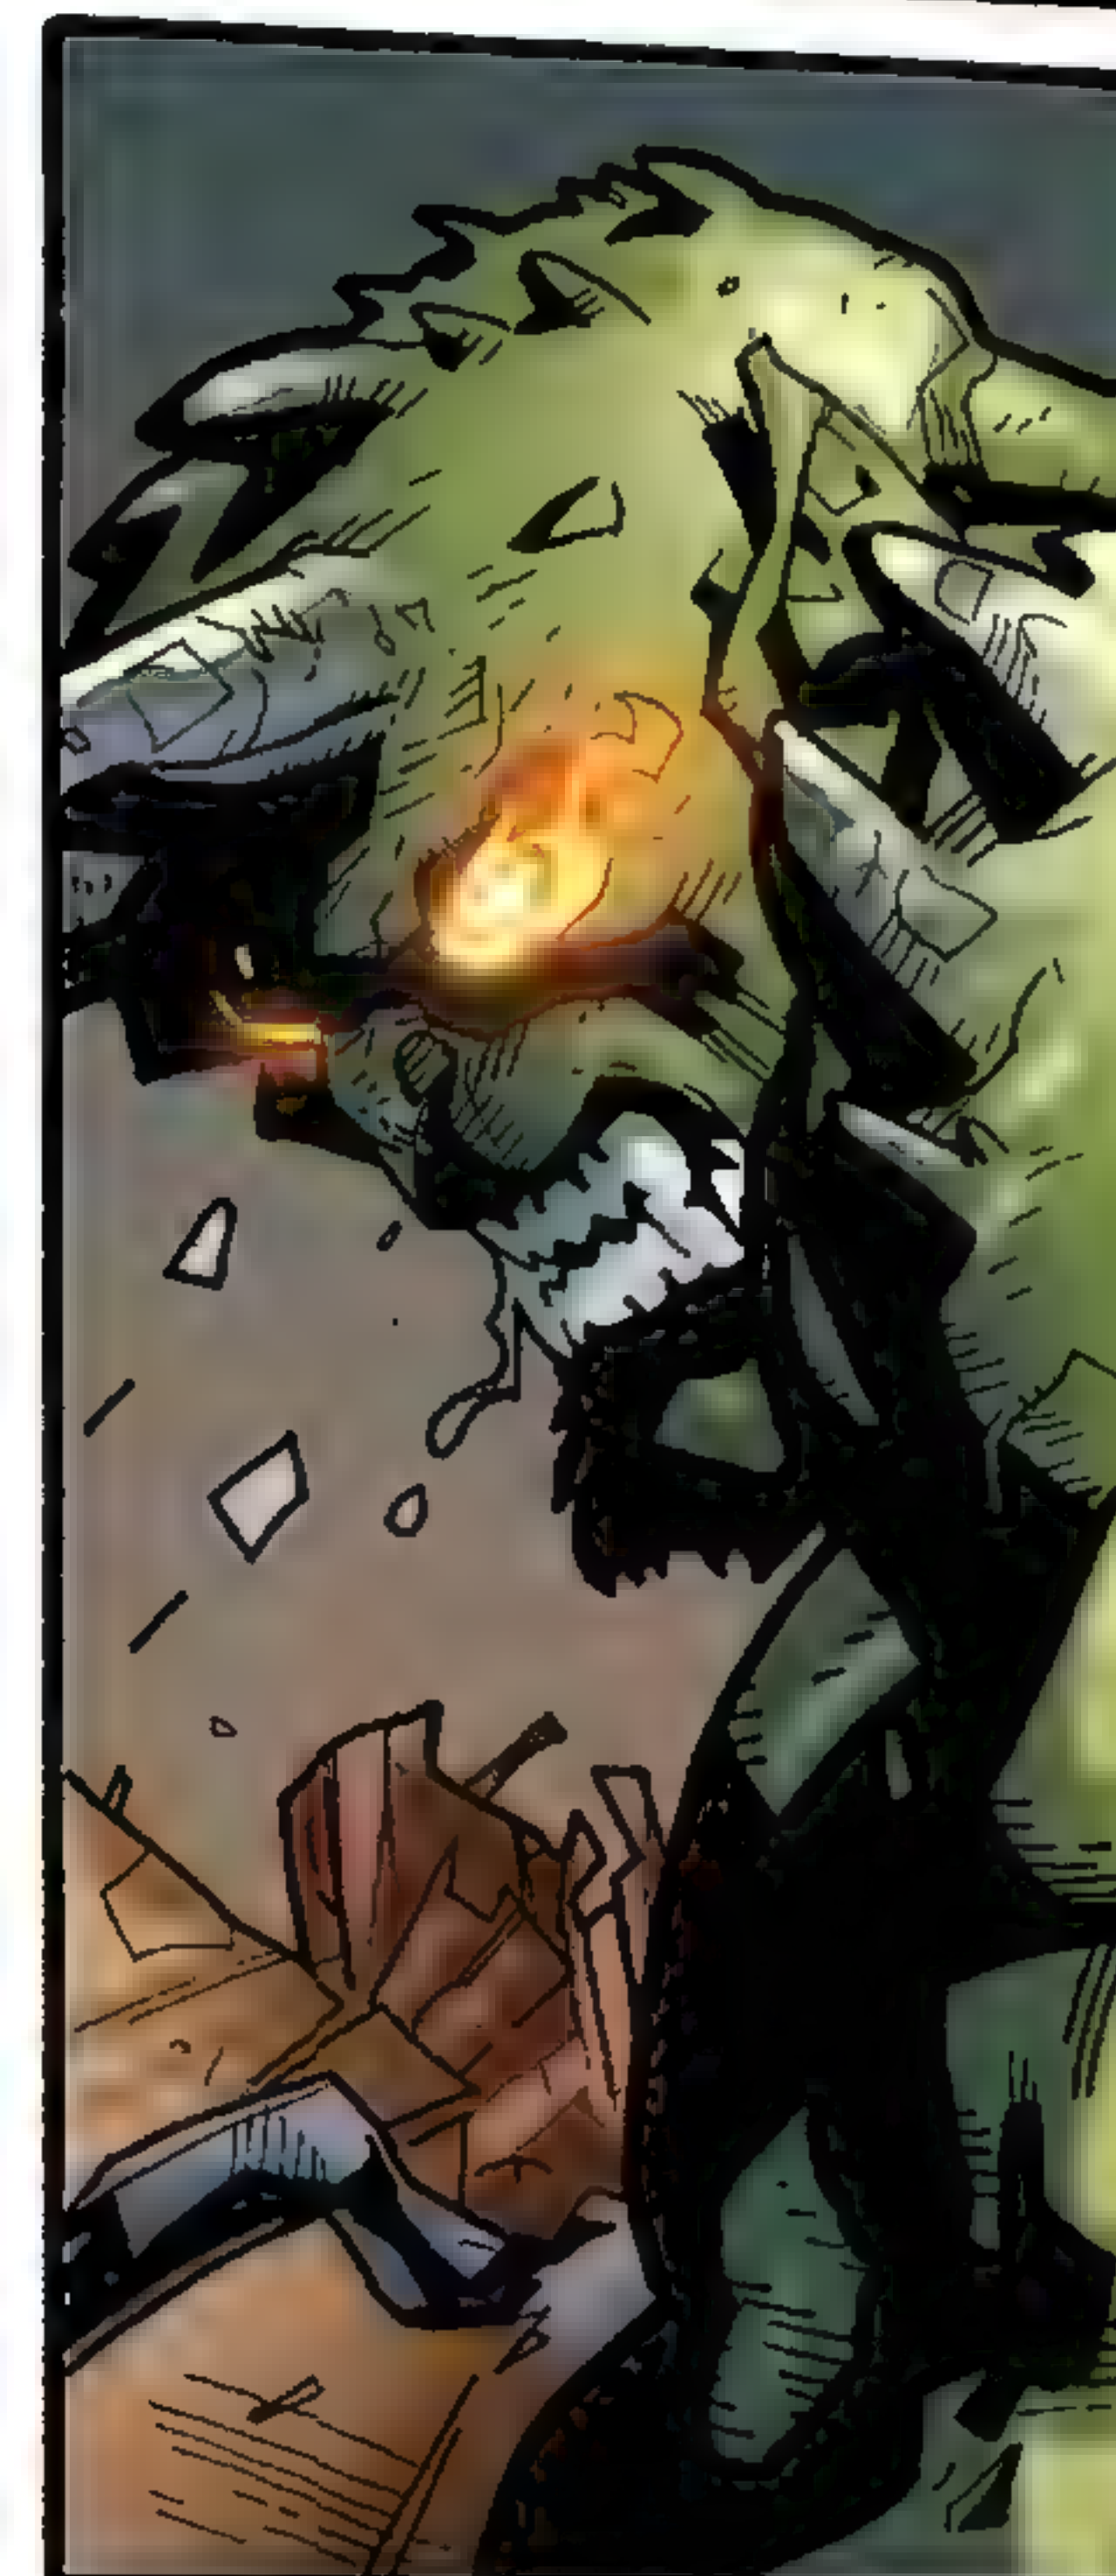

N-Norman-I don't have your--

So that would be a "yes."

AAAAIIIEEEEE!!!

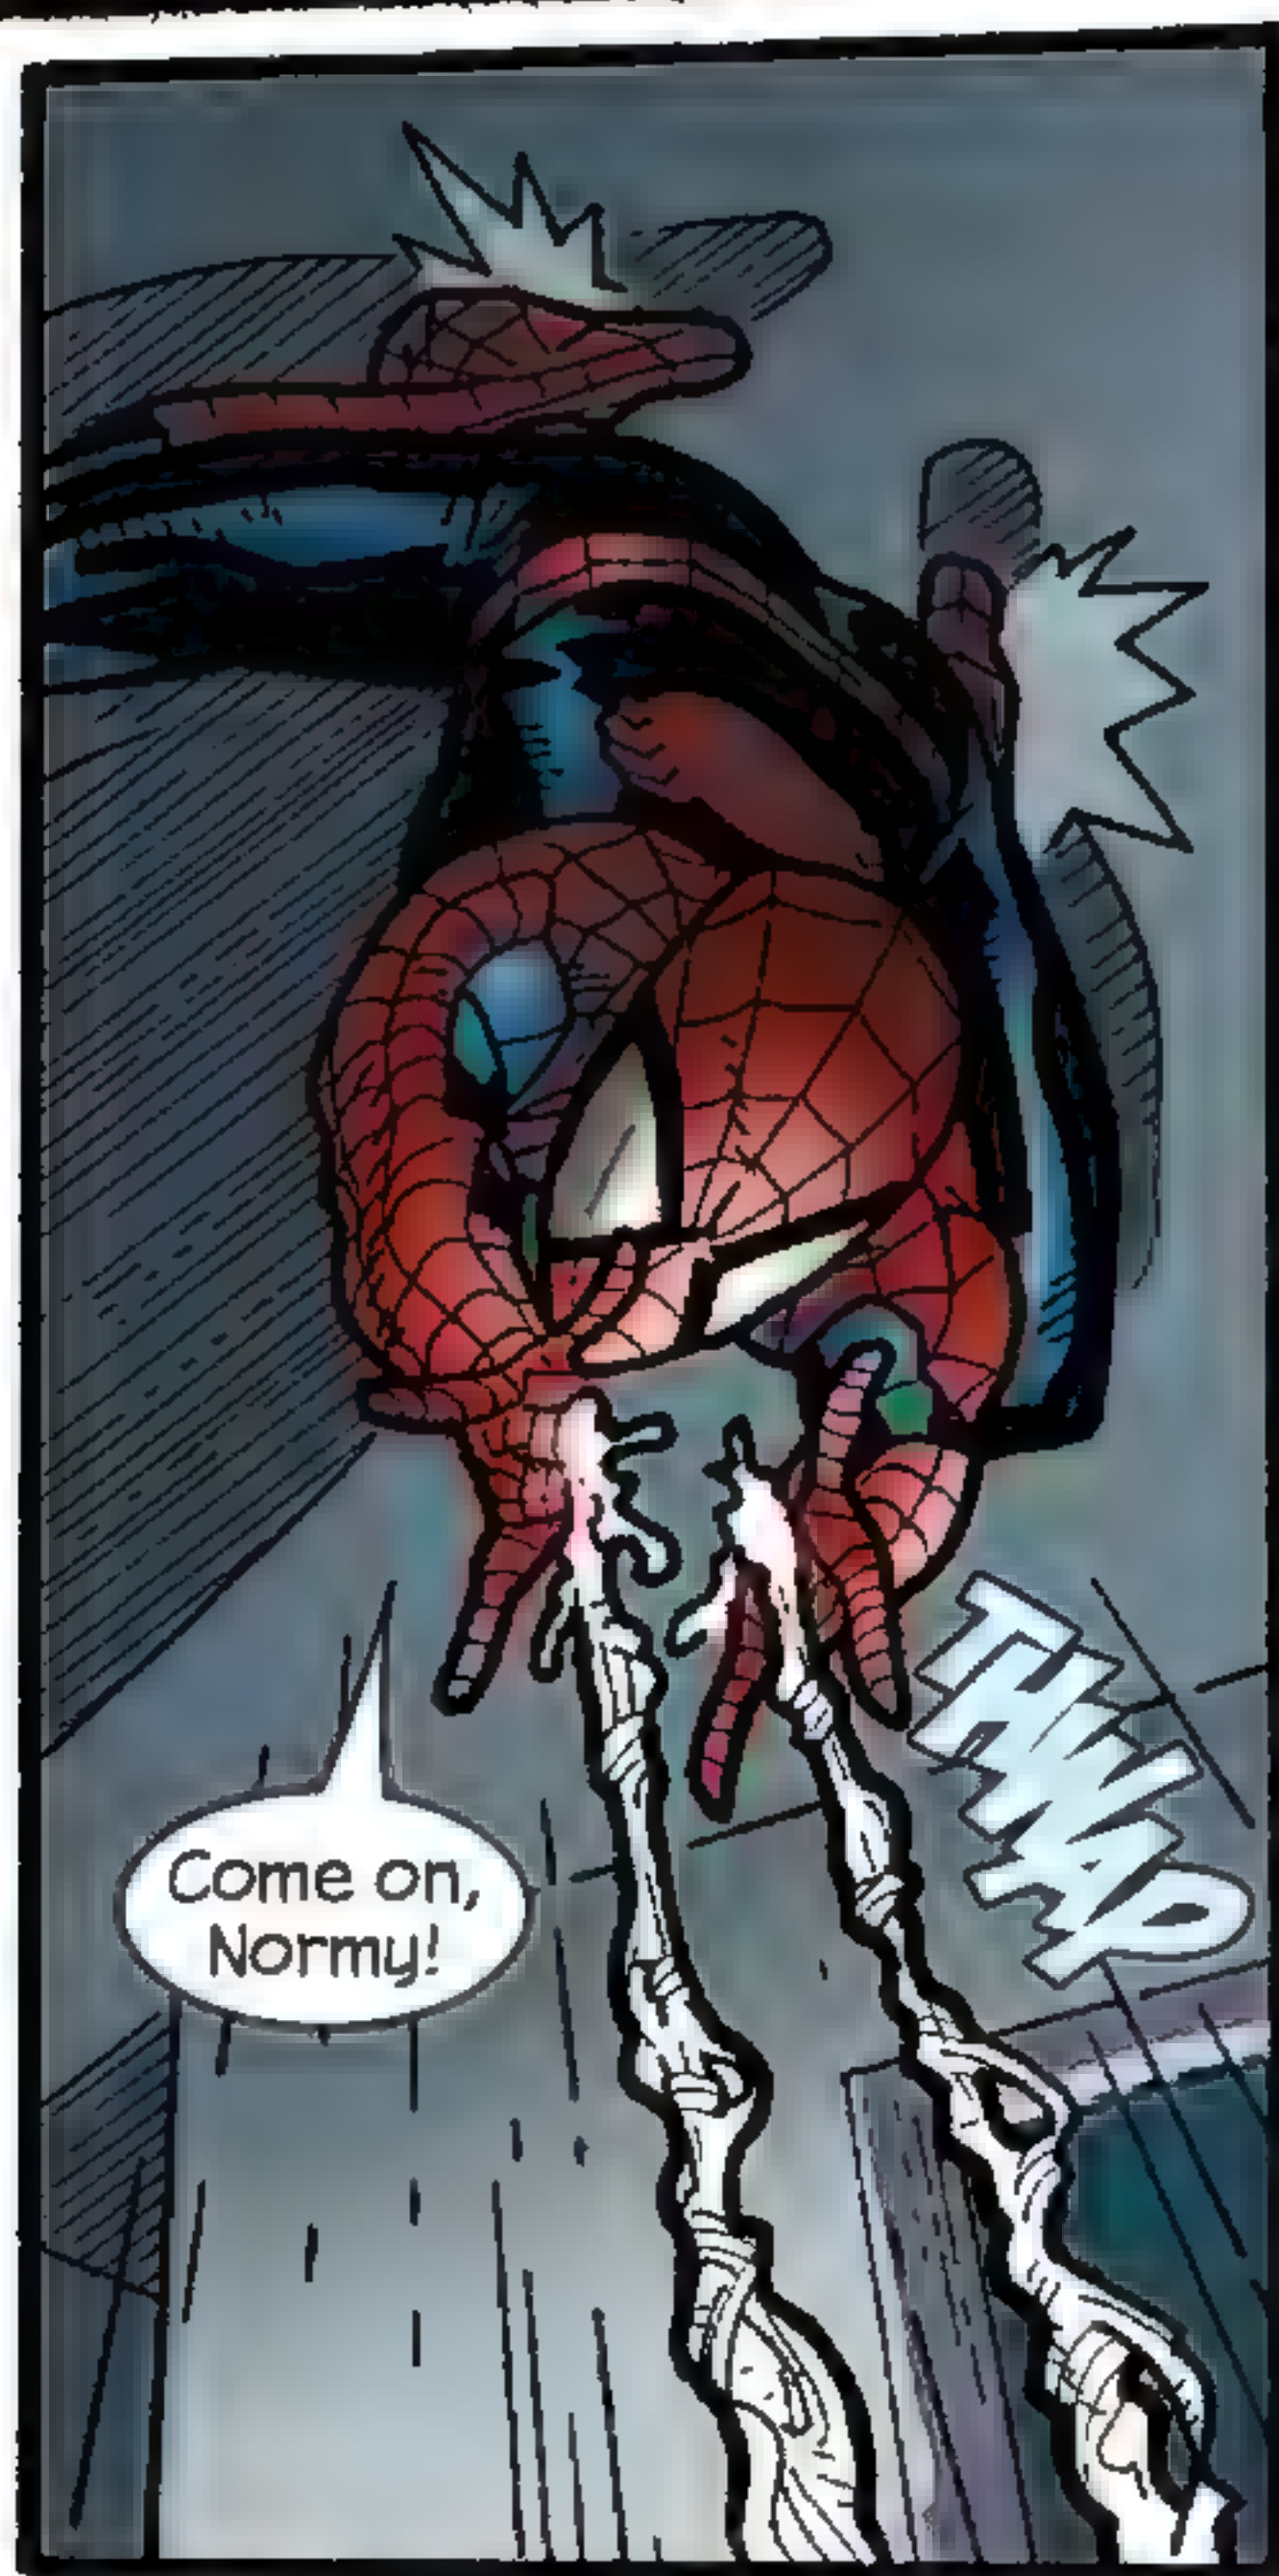

"Hyaaagghh??"  
That's hardly a "It's Clobbering Time"-level of catchphrase. All that time alone in your cell and **THAT'S** the best you could come up with??

Come on, Normy!

This is all so "Octavius" of you!

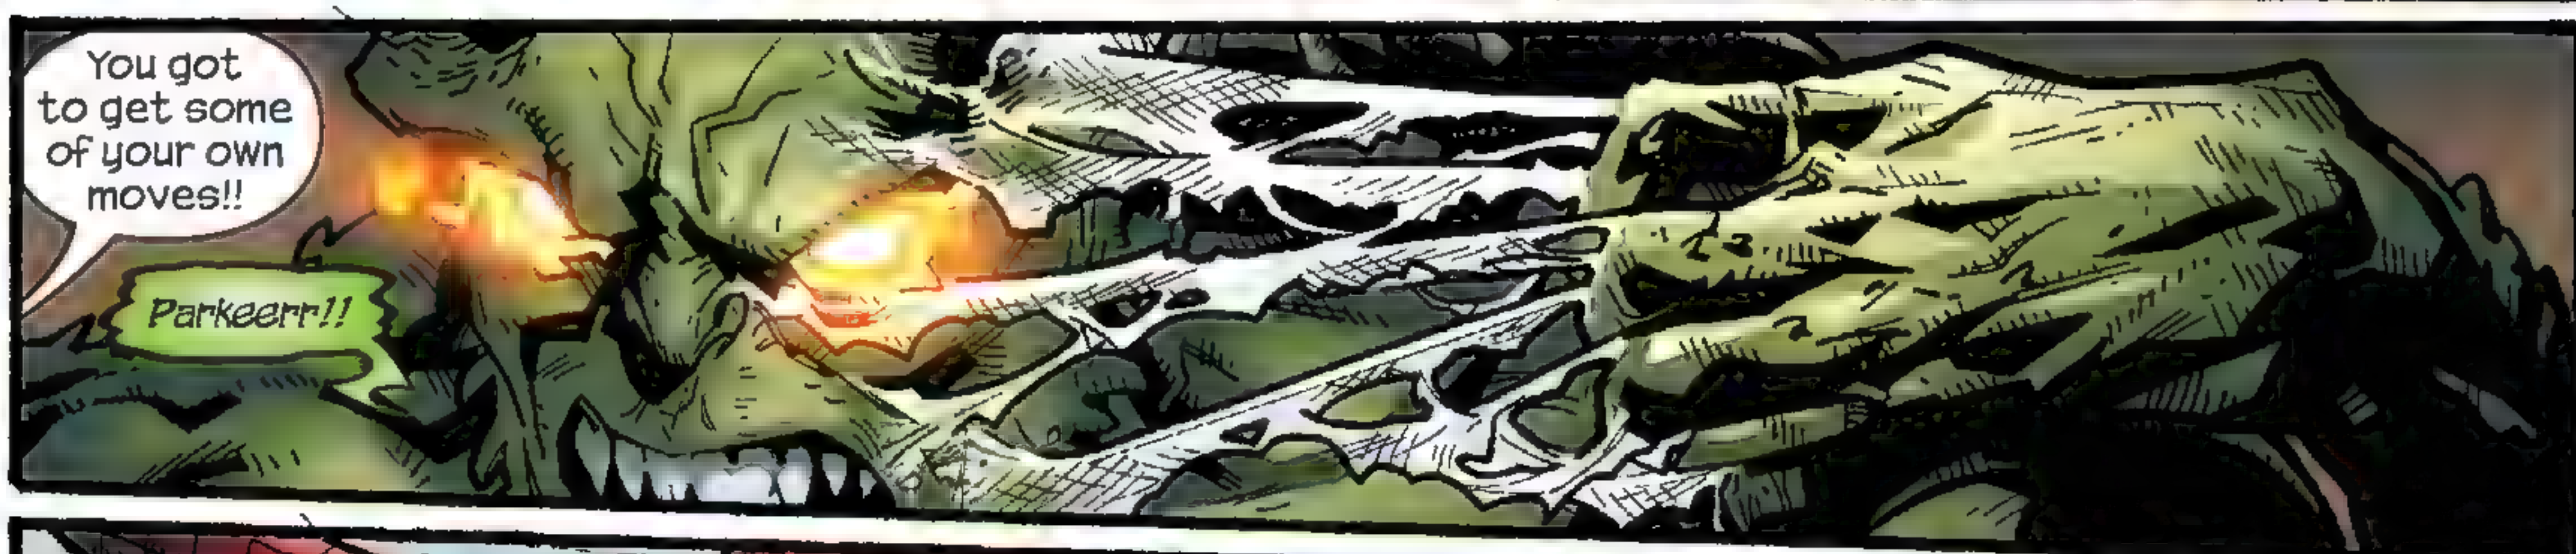

Showing up in people's homes and trashing all their stuff.

I want shooters at six, nine and eleven!!

If you get a shot, take it!!

(And try not to shoot each other.)

You got to get some of your own moves!!

Parkeerrr!!

Some signature Normy moves.

I have this new thing where I web your head, then punch you while you're distracted, so--

Like me!

THWAP

Agh!!

Uh--

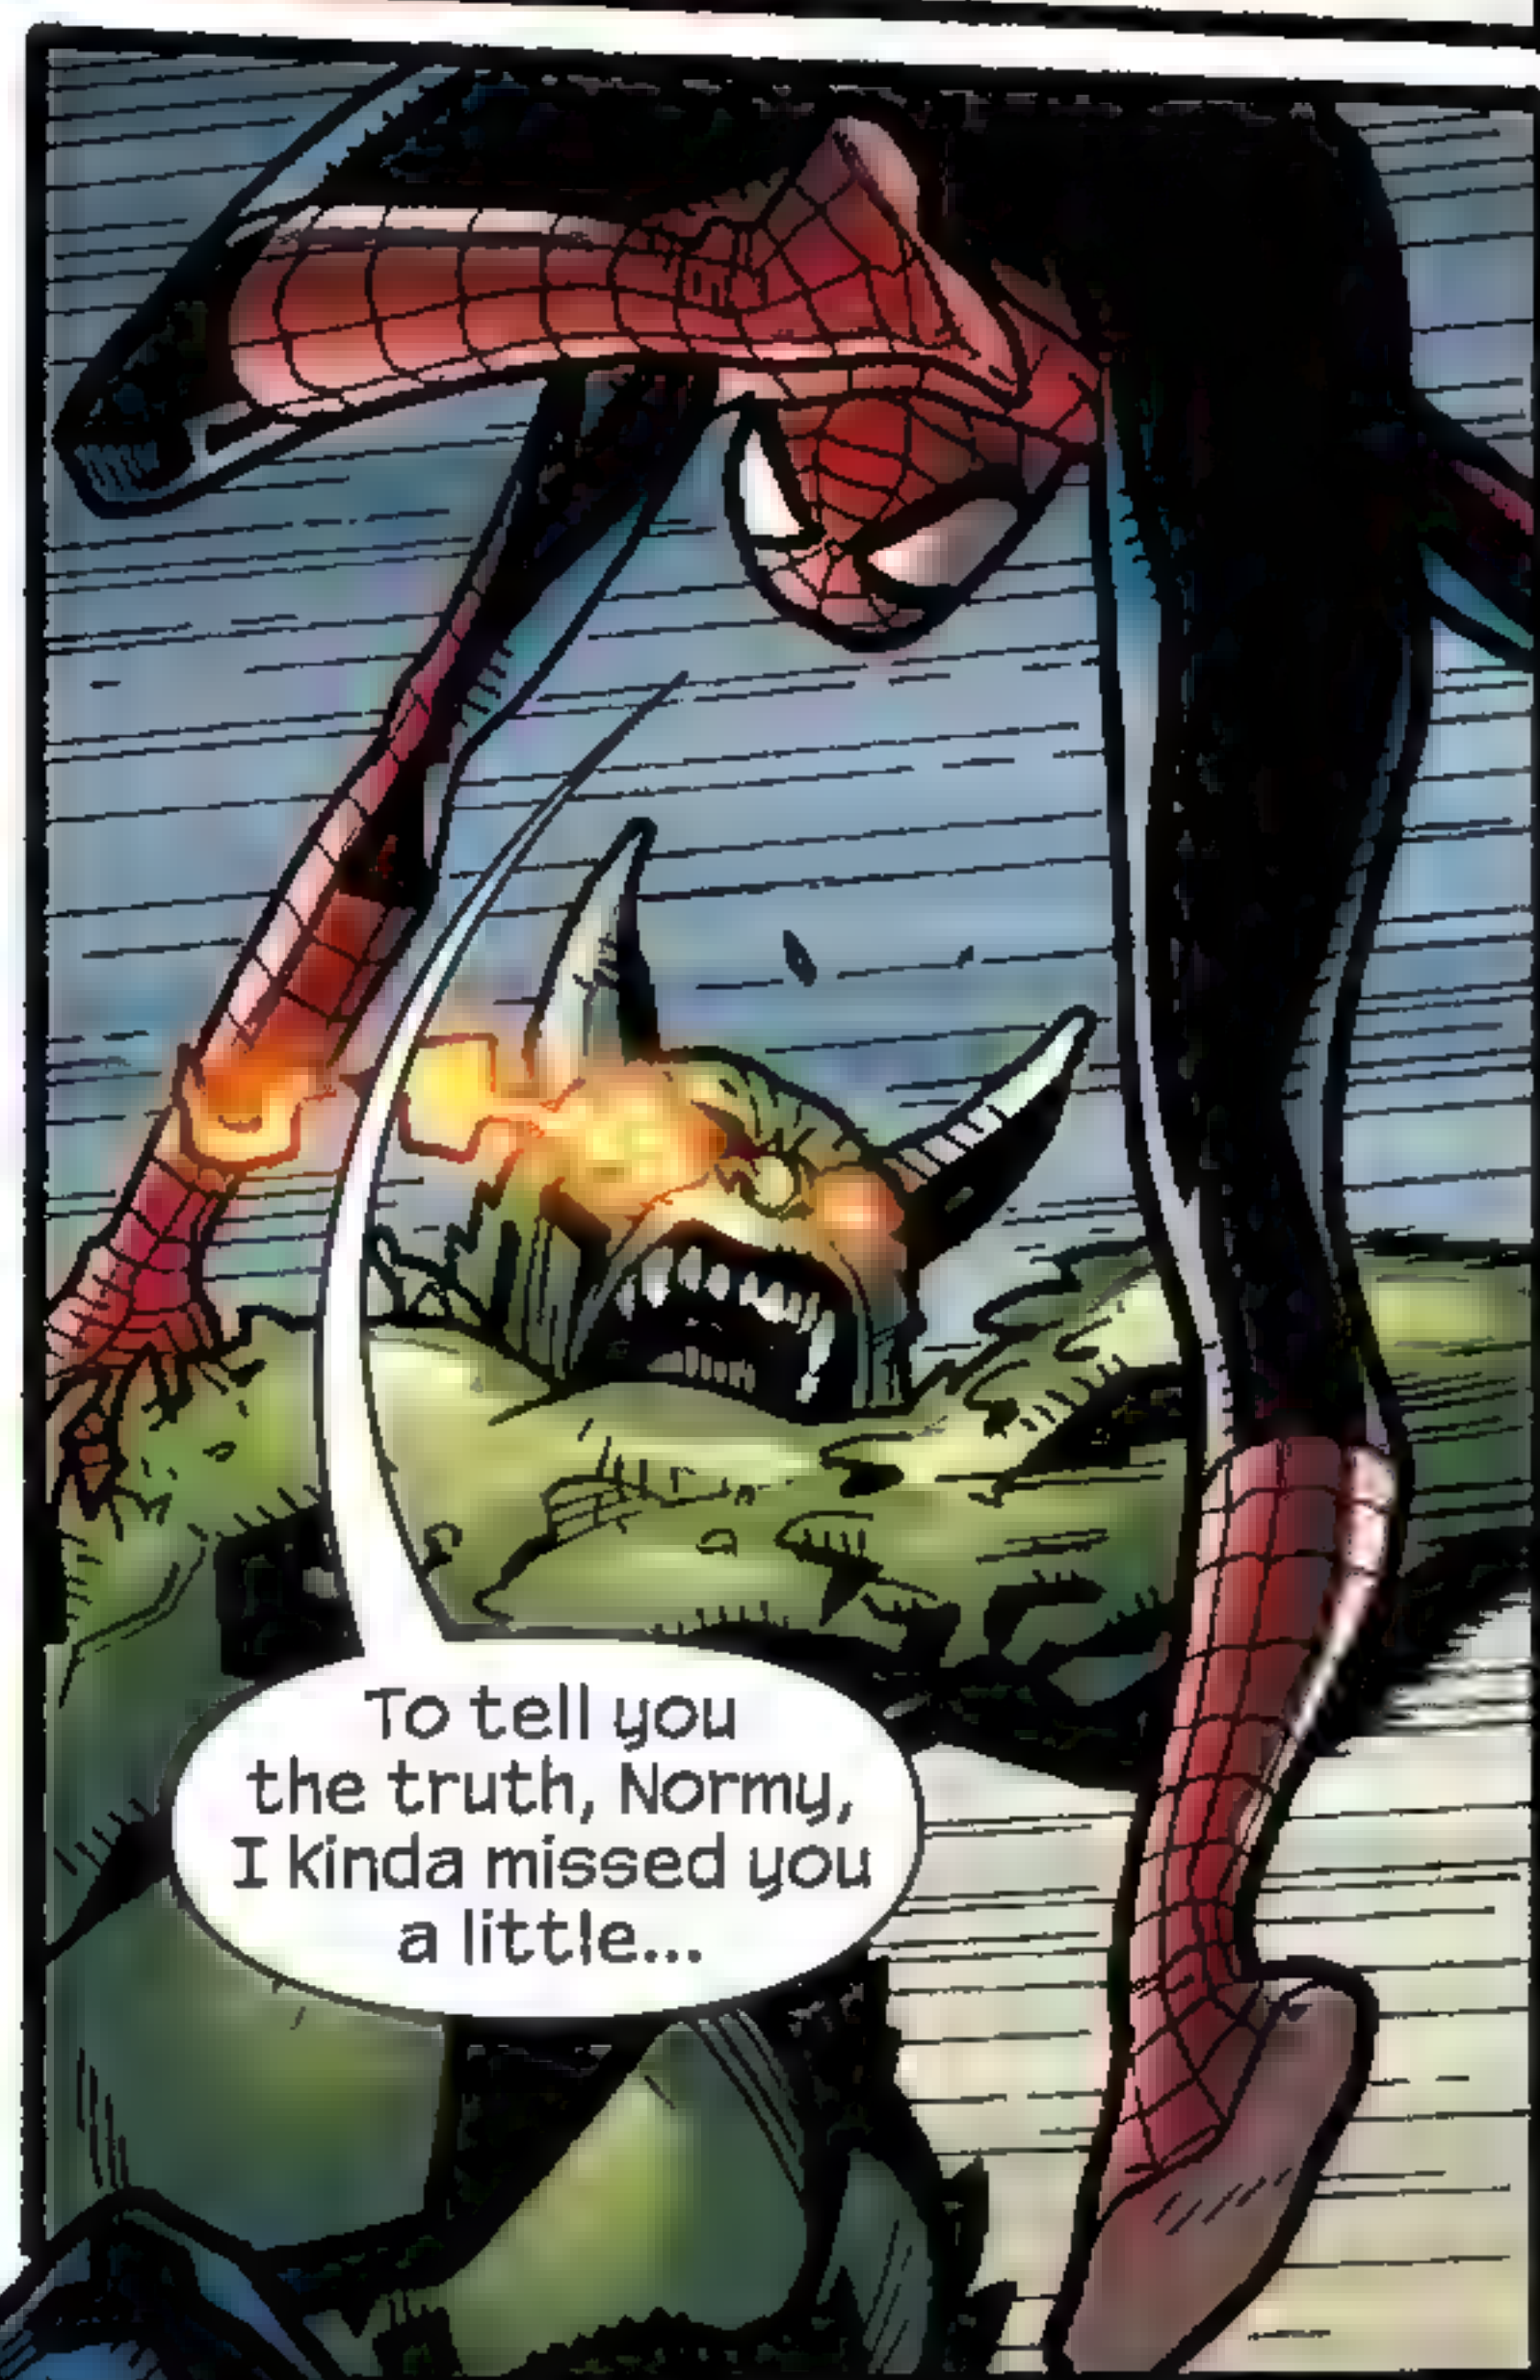

PSSS PSSS

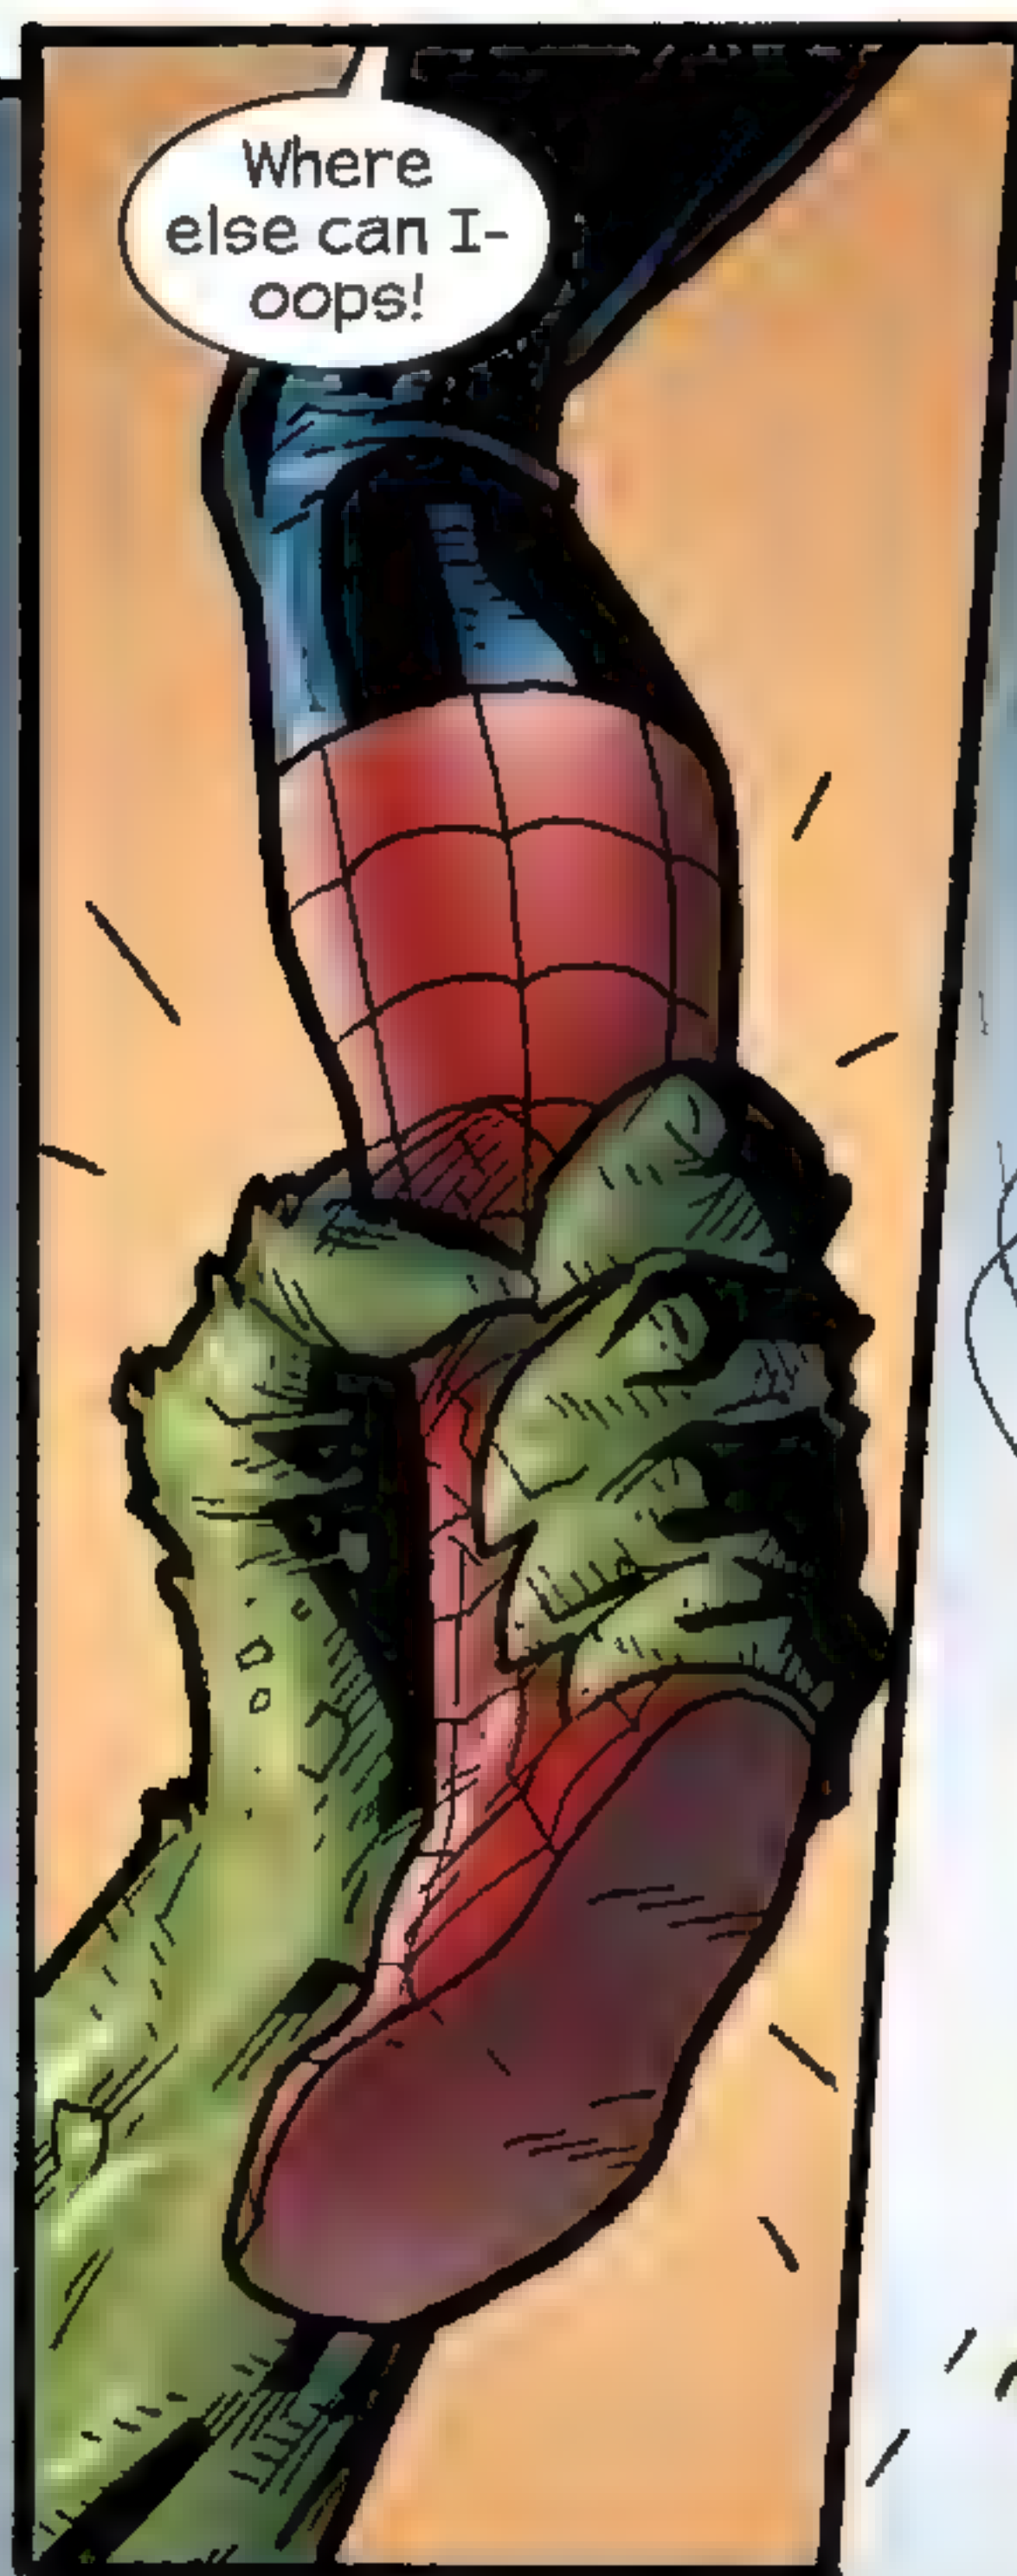

Parker!! This is not how you and I will--

What? I can't hear you with my fist in your face!!

POW POW

To tell you the truth, Normy, I kinda missed you a little...

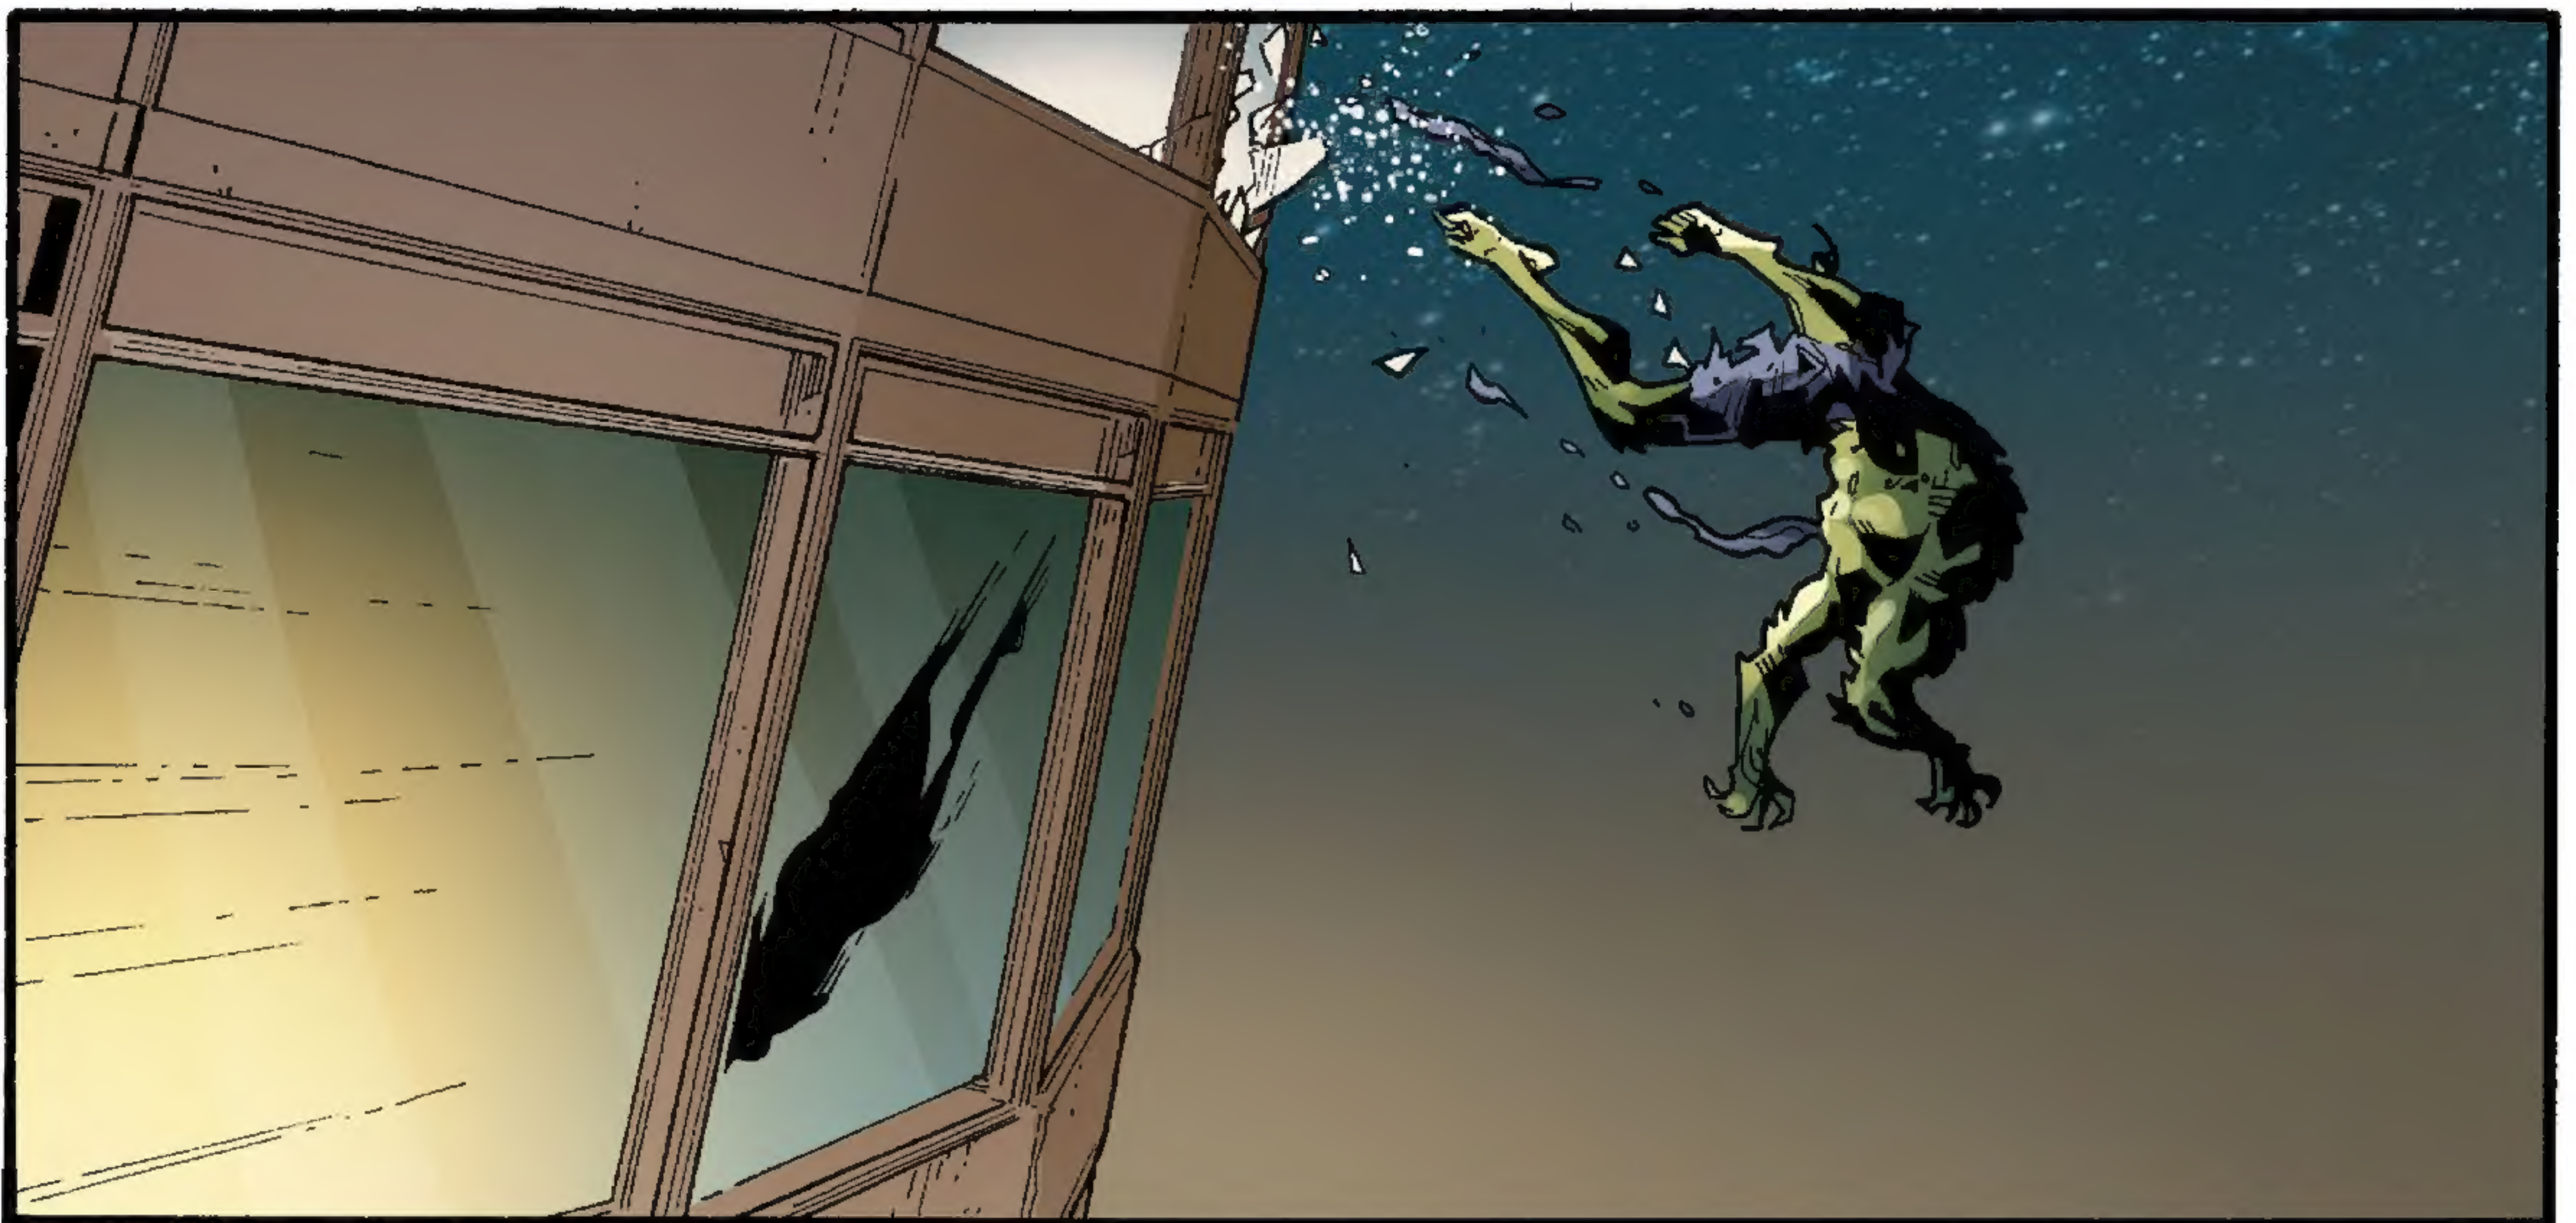

Where else can I--oops!

HURRAH GHI!

 To be continued...
